

WEATHER—Rain tonight or Wednesday; moderate winds.

"TAKE MY ADVICE"

—No doubt you have all heard this remark before.

—Some of you may know some one who is a habitual adviser — some people are that way.

—But, seriously now, some advice is really good.

—For instance, we advise you to come here and pay us \$14.45 for an Oak Hall Special Suit that you'll admit, when you see it, is worth \$5 more.

—Is this advice good or bad?

Oak Hall Clothing Co.
OAK HALL BLDG.

FOUR ARE SEEKING DAMAGES

Personal Injury Suits Are Filed Against City, Livery Stable Owner, Railroad and Street Railway.

Emma Mattes, a saleslady, who claims she slipped and fell on an icy sidewalk on Second avenue west between Superior and First streets on Feb. 22 last, filed a \$2,175 claim for damages against the city in district court this morning.

She alleges she was severely injured internally and has suffered a nervous breakdown since the accident. She holds the city liable for the condition of the sidewalk at the time.

Mose Goldberg, proprietor of a local sales stable, is made defendant in a personal injury action filed this morning in district court, in which Joe Whipp, an employee at the stable, is seeking \$5,150 for injuries alleged to have been received through his employer's negligence on Dec. 12 last. Whipp claims to have had his knee

fractured and broken while working around an elevator lift in the barn.

Walter C. McMillan filed suit today against the Northern Pacific Railroad company, asking \$5,350 damages. Up to Nov. 28, 1912, he was in the employ of the railroad as a passenger train conductor. On that day, while the train was preparing to pull out of the station, he was struck by a street car and thrown from the train.

J. W. Murphy started suit against the Duluth Street Railway company today, claiming that while driving the evening of Nov. 4 last, while driving with his son, Milton Murphy, on a light rig cutting household goods, a street car bumped into him. The accident occurred at Eighth avenue west and Michigan street, the complaint states. Murphy is suing for \$200 damages.

FISH HOGS ON THE RIVER

Catching Pike With Nets and Out of Season.

The fish hogs are already busy along the banks of the St. Louis river. The pike have started to run up stream to spawn and the over-anxious fishermen cannot wait until May 1, the date on which the open season for pike opens in Minnesota, to satisfy their craving for them. They are not fishermen, but fish grabbers, hauling the pike out with nets of various kinds.

The reports reached the ears of the game wardens in this district and last evening, Deputies Tom Storey and Archie Boyd visited the river above Fond du Lac. After a visit lasting about 2 o'clock this morning they nabbed William Kacjala and Alfred Carlson on charges of violating the law.

They were after pike before season.

Doctors Said He Would Die

A Friend's Advice Saves Life

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am as well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly,
CLYDE F. CAMERER,
Rosalia, Wash.
Subscribed and sworn to before me this 23rd day of July, 1903.
VERNE TOWNE, Notary Public.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You
Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention The Duluth Daily Herald. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

WILL EDIT ORDINANCES

Many Dead Letters Now Contained in the City's Code.

Officers Will Have Copy of All Ordinances Affecting Police.

Obsolete city ordinances will be weeded out and repealed, according to Mayor W. L. Erling, according to the mayor pointed out today that during the years many ordinances have accumulated which have outlived their usefulness. Most of them were drawn to cover special cases or emergencies which arose from time to time and are now only an encumbrance, serving no purpose.

The task is a large one but when it has been finished Duluth will have only such ordinances as are necessary. The dead letters will not litter the books and cause confusion. The ordinances will be simplified matters considerably and a decided aid in giving the city an efficient administration.

A new set of ordinances, combined with the charter will be printed when the revision has been completed. They will be carefully indexed and published in neat, convenient form. The burden of the task will fall upon the legal department but the object will be constantly kept in view by the commission.

Police Prosecutor James A. Wharton has started on a compilation of the ordinances which come under the jurisdiction of the police department. The officers cannot be expected to remember all of the ordinances on the books, but when supplied with an indexed pamphlet containing them, they can become familiar with most of them and should a question arise while they are on duty they can readily ascertain the answer by reference to the pamphlet.

CITY BRIEFS

M. I. Stewart Company, Successors to Tidwell-Stewart Co., Printers, Designers, Lithographers.

W. H. Gurnee Has moved his law office from the building at 606 Providence grand.

Highest Medical Authorities demand "pasteurized" milk—why not? May we serve you? Bridge-Russell company.

Entertainment at Nomening. A number of residents of Midway united in giving a very enjoyable entertainment last evening at the Nomening.

Northland Printery. Good printing. Call Zenith 194. Adv.

Receiving From Operation. John Burnham of the Commercial Adjustment company, who was operated on in St. Luke's hospital a week ago for appendicitis, is leaving today and hopes to be out before many days have passed.

The Island Lake Inn. Opens Saturday, May 3. Good roads and fine fishing.

We Have Moved. To corner Second avenue west and First street. Decker Art store.

Victor From Holland. P. Spierburg of Rotterdam, Holland, is registered at the Spaulding today. Mr. Spierburg is here on business of a private nature and says that while he is being kept very busy he is taking time to see some of the sights of the United States. This is his first trip to this part of the country. He reached Duluth last evening and may remain here several days.

Lodge Anniversary. Duluth lodge, No. 23, I. O. O. F., will celebrate the ninety-fourth anniversary of the order's organization Friday evening at the clubhouse on Lake avenue. A program of music and addresses will be rendered.

Wanted to Go Too Far. Emil Albeck, 23 years old, an Austrian, boarded a street car last evening and rode to the end of the line. The conductor asked him where he was going and he answered that he was on his way to Austria. He was turned over to the police and will be examined in probate court as to his sanity.

Porter Is Fined. James Williams, colored, pleaded guilty to having a disorderly when arraigned in police court yesterday and got \$5 and costs or five days in the county jail. The police reported that he had made threats against the barber who employed him as a porter when they had a dispute over the wages due.

Commercial Club Minstrels. The Commercial club minstrel show will be given on Friday evening, May 9, according to the present plans of the committee. The show was to have been given tomorrow evening, but was postponed on account of some of the performers being out of the city. They will all be on hand a week from Friday, and they promise a performance that will live long in the history of Commercial club events.

Gets Slight Sentence. Sam Macchione, the dishwasher from the Spaulding hotel who was arrested yesterday afternoon on a charge of carrying concealed weapons, was convicted in police court. He got \$75 and costs or thirty days in the county.

Alumni Banquet. Prof. E. B. McGilvary will be the principal speaker at the annual banquet of the Superior-Wisconsin Alumni association, to be held Friday evening. He will talk on "University Growth and Prospects." It is planned to lay a foundation for a university club, which will take in alumni from all colleges represented in Superior at this time.

Superior Man Drowned. Oscar Brown, 1903 Lackawanna avenue, Superior, was drowned Sunday in Lake Erie while trying to land from the steamer Shenango at a Toledo dock. Brown, who was third mate of the steamer, had been a resident of Superior for the past eight years, living with a brother, Conrad Brown, at Billings Park.

The body will arrive in Superior today and funeral services will be held at 9 o'clock this morning under the auspices of the Superior lodge of Owls, Rev. G. J. Olson of the Norwegian-Danish Lutheran church officiating. Particulars of the accident are lacking. Another brother of Brown, who was 29 years old, was drowned some years ago in a mountain stream in the West.

STRENGTH ENERGY
Fine For the Aged.
"My age is 84. Duffy's Pure Malt Whiskey has been a great help to me in my old age. It has given me strength and energy and has helped me to live longer and better." James F. Collier, Athens, N. Y.

Duffy's Pure Malt Whiskey

STEEL PLANT PANORAMIC AND OTHER PHOTOGRAPHS ADDED TO THE PICTORIAL EXPOSITION

IN THE LOBBY OF THE NEW ST. LOUIS HOTEL IN THE HEART OF DULUTH.

SEE THE CITY YOU LIVE IN AND THE COUNTRY ROUND ABOUT

A second steel plant, owned and operated by the Hill interests, may be in store for Duluth.

A Minneapolis man, visiting in the city today, says that people in the Twin Cities firmly believe that the termination of the United States Steel corporation leases on the Hill lands, the consolidation of banks by James J. Hill and other recent developments all point to the building of another steel plant at the Head of the Lakes, and that it is common talk in the Twin Cities that such a plant will be built. The visitor says that Mr. Hill is undoubtedly planning on entering the steel manufacturing field on a big scale. The fact that the Hill mines will be operated independently is only a start, he says. Mr. Hill drove a hard bargain with the Steel corporation when he leased his lands. He will not continue to sell his ore to manufacturers. It is claimed, but will extend his operations into the manufacturing field, so that none of the profits of the business may escape him.

So far as can be seen, the Hill interests have made no moves toward acquiring a steel plant site. Undoubtedly they would move in the open, but no deal of the kind is known to be in the air. However, the story has the virtue of plausibility and the possibility of its materializing is not inconceivable.

PERSONAL

Doris Knutson of Ely is registered at the Spaulding.

William Scannell of Winton is in the city today.

E. A. Talbot of New York is in the city today.

James W. Osborne of Ely at the Holland.

Lawrence of Grand Forks is in the city.

C. A. Gardner of Port Arthur is at the Holland.

John Barch of South Range is at the St. Louis.

Le. G. McLaughlin of Virginia is at the St. Louis.

Mike Lisich of Eveleth is registered at the St. Louis.

A. Johnson of Eveleth is at the St. Louis.

John Devar of Drummond is in the city.

Edward of Winton is a guest of the St. Louis.

M. Yarede of Ely is registered at the McKay.

Hertha A. Wording of Cass Lake is at the McKay.

Mrs. Adeline Bardsone of Hibbing was "decore" and Henry Norman, town clerk of Midway, was a member of the committee.

The B. C. class of very good lift on certain of the sanitation staff and patients.

"Correct Dress for Women"

Wonderful displays of very late styles in Women's high-class Summer Out-dress are now assembled in this establishment—new ideas, entirely different than those shown heretofore—

Styles that the well-dressed woman seeks—styles that have individuality and character written all over them—not the hackneyed ideas shown by dry goods and department stores, and copied until little remains of the original idea.

Parisian couturieres of note have been drawn upon for their best—and from which charming adaptations have been made. These are shown in this brilliant galaxy of Fashion's newest modes—an exhibit which is rife with really clever ideas in materials and combinations of materials and colors, and which in its extraordinary variety is not equaled by any other establishment in the Northwest.

Special displays are being shown informally this week. Come and see them, if only to keep in touch with Fashion's newest whims. Whether looking or buying this invitation is just as broad and sincere.

Is Your Money

Making money for you? The more of it you have employed for you, the less you need to work yourself. If you keep on saving and putting savings to work, the funded capital of your earning years will gradually take up the burden and you will not need to work at all in the meantime you are insured against hard luck or hard times. Have you ever thought about having some money?

At Work For You?

If not, it is time you did if you have any regard for your future comfort or for the well-being of those dependent on you. NOW is the time to begin to save. If you want to start on the road to financial independence, there is nothing that will help you more than a savings account in this bank. Interest is paid at the rate of 3 per cent per annum and compounded quarterly.

AMERICAN EXCHANGE NATIONAL BANK,
Savings department open every Saturday night from 6 to 8 o'clock.

BARBER & McPHERSON.

church of which the girl was a member, she said she was crazy and excited, and having been avoided by her father and that she didn't know what she was doing. She said, too, she hadn't expected the gun to go off so easily.

Drops Liquor Injunction.
Mahomen, Minn., April 29.—August Johnson has withdrawn his injunction suit against the village council of Mahomen to keep it from issuing liquor licenses. He took the stand that Mahomen is in the Indian country and that the licenses were illegal. The matter was argued before Judge Andrew Grindeland some time ago.

QUICK CURES

Have you been taking medicine for months and years because you have dealt with physicians who failed to effect a cure on account of treating you for symptoms instead of making an exhaustive diagnosis and combat the main malady?

We make careful examination and thereby open the way for successful treatment. We guarantee a cure in every case we accept. We take no incurables.

NERVOUS COMPLICATIONS require the highest degree of medical skill for successful treatment. Spinal irritations, restless nights, spells of weakness, that feeling of numbness, lassitude, despondency, and occasional loss of memory, dullness of brain and lack of courage and energy are true signs that point to Nervous Prostration and physical breakdown.

If you have any of the above symptoms you should test our improved Electro-Therapy system and our treatment with the ozone-generating machine. By means of the X-ray it puts new life into the lungs, and fills the system with new vigor. It is the wonder of our century.

BLOOD POISON has always been thought to be incurable. We cure it with the latest invention, without any danger to life or suspension from work. No matter how badly your case may be progressed we can cure you.

Greatest of all specialists in the Northwest for diseases of men. We heal all old and newly contracted diseases in the quickest possible way. Our completely equipped office with the latest scientific apparatus will cure quicker and better than others. We are in practice here for 25 years and spent \$10,000 for our office equipment.

CIVIL SERVICE COMMISSION WILL BE AN IMPORTANT PART OF CITY GOVERNMENT

W. B. GETCHELL.

The new civil service commission appointed by the city commission last evening will play a much more important part in the local administration than has the civil service commission of the past.

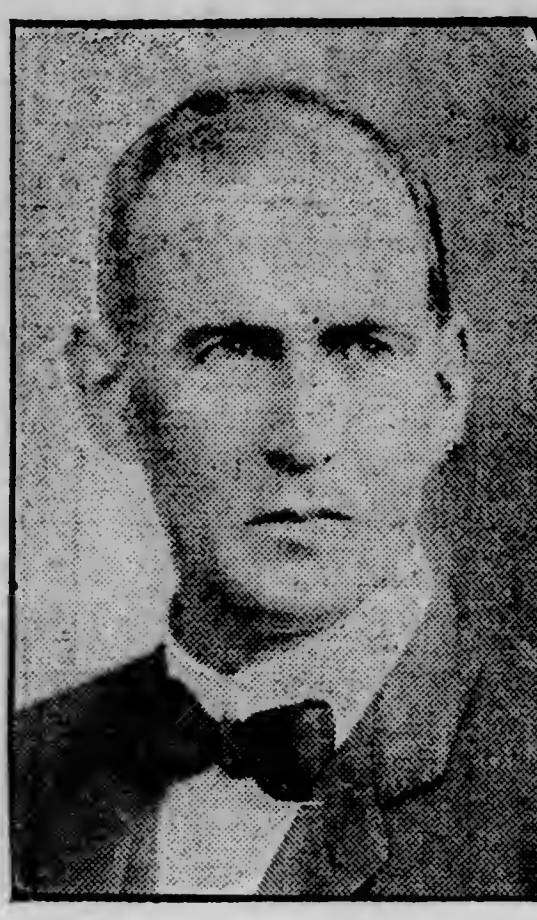

The personnel of the commission is assurance that it will not be a figurehead as some other boards practically

J. L. CROMWELL.

have been. Those named last night were W. B. Getchell for the two-year term, James L. Cromwell for the four-year term and H. W. Cheadle for the six-year term. Henceforth all appointments will be for six-year periods, one being made every two years.

Under the new charter the new employees of the city must pass civil service examinations. All of the members of the commission have had previous

H. W. CHEADLE.

experience in city affairs. Mr. Getchell and Mr. Cromwell as aldermen and Mr. Cheadle as city clerk. By a coincidence each of them is in the real estate business. Under their direction future civil service examinations will be reasonable tests of the ability and knowledge of the applicants. The new commissioners are familiar with the duties of the various departments and will draw the papers to fit the various circumstances.

WIDOW SUPPORTS HER BLIND MOTHER AND CRIPPLED SON

Burden Is Lightened By a Pension of \$10 Monthly.

Money Comes From Fund Established By Omaha Cripple.

Widow Olena Dahlgren's remarkable and heroic struggle to provide a home and shelter for her mother, a blind and aged invalid of 90, and her son, a life-long and helpless cripple of 20, is not yet over.

Her burden, however, has been made much lighter. The Invalids' Pension Association of Omaha, Neb., has interested itself in the case of aiding the woman, who has spent half a life time in keeping her dependents out of the county poor house. A pension of \$10 a month has been granted.

Widow Dahlgren is past 50 and is gray. For years she has been obliged to take in washing and go out and work by the day. With her blind and aged mother and her crippled son, she has lived in the western end of the city. At the present time, the Dahlgren home is at 1618 Piedmont avenue.

The life history of Elmer Dahlgren, the invalid son, is pathetic but interesting. He was brought into the world twenty years ago, a helpless paralytic. He was, from the start, dependent on his mother for everything. A strange feature of his case is that his body developed along normal lines while his lower limbs grew to be of an unusual size.

Elmer, as he grew older, managed to get around by using his hands. The age of 18 found him almost a full grown man. His arms are strongly developed owing to their constant use.

For the past few years Mrs. Margaret Forgy, assistant county probation officer, has known the Dahlgren family and at various times has assisted them. About a year ago, on her advice and with the approval of the county physician, both of the young man's limbs were amputated.

The operation was performed by Dr. Robert Graham, county physician at St. Luke's hospital. After several long weeks spent in a hospital ward, Elmer was removed to his home. He is now able to get around much better than he could with his useless limbs, which he found to be in his way at times.

A few months ago, the Sunshine Society of St. Paul, an organization for cripples only, became interested in his case and sent him some money and a wheel chair.

The young man has never attended school a day in his life yet he writes a clear legible hand, can read and has an exceptionally intelligent understanding of things.

In and around his home, he does not know what a theater looks like inside

ELMER DAHLGREN,
Crippled Son of West End Widow.

and never knew the boyhood delights of going to the circus.

The life history of Elmer Dahlgren, the invalid son, is pathetic but interesting. He was brought into the world twenty years ago, a helpless paralytic. He was, from the start, dependent on his mother for everything.

A strange feature of his case is that his body developed along normal lines while his lower limbs grew to be of an unusual size.

Elmer, as he grew older, managed to get around by using his hands. The age of 18 found him almost a full grown man. His arms are strongly developed owing to their constant use.

TROUBLE AHEAD FOR W-I. LEAGUE

Aurora May Appeal to National Commission and May Bring Suit.

Aurora, Ill., April 29.—The directors of the Aurora Baseball association today appealed from the decision of Secretary Farrell of the National Association of Minor League Baseball Players, declaring all players of the 1912 Aurora club free agents, to the national baseball commission.

At a meeting this morning the directors voted to enjoin the Wisconsin-Illinois league from carrying out its schedule in case the national commission does not repeal Secretary Farrell's decision. Suit similar to that started against the Three-I league by Waterloo in 1911 will be started.

In the appeal the Aurora club charges President Weeks of the Wisconsin-Illinois league with breaking the league's agreement with Aurora. The Aurora club was thrown out of the organization and the franchise voted to Milwaukee. It was voted that Aurora be paid \$1,000 for the franchise, without the players. Of the purchase price the league was to pay \$500, and Charles Mall, head of the Milwaukee club, the other \$500. The league has sent a check for \$500 to the Aurora club, but the share has not been paid. It was also agreed that the league protect the Aurora ball players.

President William C. Flannigan of the Aurora club closed deals for the sale of several players when he was notified by Secretary Farrell that all of the Aurora players were free agents. The Aurora club contended that it is a part of the Wisconsin-Illinois league until the \$1,000 has been paid and the club repaid by the league for the loss sustained when its players were declared free agents.

The directors voted not to seek to enjoin the league from playing until the highest court of baseball has been

given an opportunity to investigate the case.

Weeks Holding Check.
Milwaukee, Wis., April 29.—I am holding check for \$500 paid me by Charles Mall, head of the Milwaukee team of the Wisconsin-Illinois league, and will continue to hold it until Aurora lives up to certain agreements entered into by the officials of that club with the league some time ago.

said Frank R. Weeks, president of the Wisconsin-Illinois league, here today, when told of the report that Aurora intended to prevent the league from opening its season tomorrow by the injunction method.

Mr. Weeks said that the Aurora officials had failed to attend either of the two meetings which were called for the purpose of considering the sale of the Aurora franchise. Then he said the league officials took the matter into their own hands.

MANY MINOR BOUTS.

Various Decisions in Different Parts of the Country.

Baltimore, Md., April 29.—Abe Attell of New York was given the decision over George Chaney of Baltimore at the end of their 15-round bout here last night. The men fought at 124 pounds. Only half a dozen body blows were struck, both men exchanging a succession of blows to the face.

Akron, Ohio, April 29.—Matt Brock of Cleveland knocked out Eddie O'Keefe of Philadelphia in the fourth round of what was to have been a 12-round bout here last night. The end was somewhat of a surprise, as O'Keefe had twice met Kilbane, the feather-weight champion, and displayed great skill against him.

Butte, Mont., April 29.—Jimmy Duffy of Lockport, N. Y., was given the decision over Ray Comp of Milwaukee after a 12-round fight here last night. The men fought at 125 pounds. Duffy carried the fight to Temple in every round.

Bridgeport, Conn., April 29.—In a 10-round bout here last night, Freddie Welsh, lightweight champion of England, easily outpointed Al Ketchel of this city. At no time did Ketchel have an advantage over his opponent.

Cincinnati, Ohio, April 29.—Phil Brock of Cleveland and Young Saylor of Indianapolis fought ten fast rounds here last night, with no decision being given.

PROCTOR TEAM GOING AFTER CHAMPIONSHIP.

The Proctor baseball team, which has been a contender for baseball honors among the amateur teams at the Head of the Lakes in the past, has been organized for the season of 1913 and the men are daily practicing and rounding into shape.

The team this year is expected to be composed of all home boys, and with the excellent new material that has been developed the Proctor team should be better than ever.

The athletic association has elected Sam P. Spurbuck manager, and games can be arranged by writing or telephoning him at Proctor.

KILBANE AND DUNDEE IN GOOD CONDITION.

Los Angeles, Cal., April 29.—The featherweight boxing championship of the world will be involved for the first time in fourteen months when Champion Johnny Kilbane and Johnny Dundee of New York meet tonight in a scheduled twenty-round bout at Yerkes.

The champion remained a 2 to 1 favorite today and it is predicted that he will climb through the ropes tonight at that figure.

Both men were said to be under the featherweight limit of 122 pounds early today and the condition of each was pronounced perfect.

Sir Cecil a Fan.

New York, April 29.—If the American league baseball pennant goes to the national capital nobody will be gladder than Sir Cecil Arthur Spring-Rice, the new British ambassador. Sir Cecil yesterday so announced himself.

He qualified many years ago, he said, for this is the fifteenth time he has been in the United States. He is also an enthusiast over college rowing.

CANAL TOLL QUESTION OVER TO DECEMBER.

Washington, April 29.—By a vote of 13 to 1 the senate canal committee decided today to put over to the regular December session of congress all questions of Panama canal tolls, including the Senator Ross amendment to repeal the free passage provision of the Panama law.

Crazed Over Religion.
Mandan, N. D., April 29.—(Special to The Herald.)—Because she attempted to predict the end of the world for May 5, Mrs. Lena Sandstrom was taken to the state asylum for the insane. She was committed by the Morton county board following her declaration that God had revealed to her that May 5 was to end the career of this globe.

BANKERS AT FARGO.

Third Judicial District Meeting Is Being Held Today.

Fargo, N. D., April 29.—(Special to The Herald.)—Fargo is entertaining about eighty bankers of Cass, Traill and Steele counties at the meeting of the Third judicial district bankers. The members of the organization spent this forenoon in looking after private business interests and calling on local bankers.

This afternoon there was a formal session in the Commercial club rooms on that subject.

Devils Lake Election Ruling.

Bismarck, N. D., April 29.—(Special to The Herald.)—The election held in Devils Lake recently on the question of increasing the bond limit to establish an electric lighting plant was valid, the supreme court deciding in favor of the city in the injunctive proceedings brought by S. Kerlin. The election, however, is declared abortive so far as authorizing a bond issue is concerned, a new election being required on that subject.

Everybody's Taking It

Or should be—Hood's Sarsaparilla, the medicine that does so much good in the Spring—the Ideal Spring Medicine.

The medicine that makes the blood pure and clean, as shown by its thousands of cures of blood diseases.

That creates an Appetite and relieves Dyspepsia, as shown by its "magic touch" in all stomach troubles.

That expels the taint which causes Catarrh.

That neutralizes the acidity which promotes Rheumatism.

That strengthens the Nerves, as proved by people formerly nervous, now calm and self-possessed.

That makes people feel well, look well and eat well. Be sure to get

BIG SUMS AS PENALTIES

Logging Firms Sue the Iron Range Road for Overcharges.

One Complaint Consists of 175 Pages of Typewritten Matter.

Charges of an unfair and discriminatory rate as to the transportation of ties from points north of Duluth are made in six actions which were filed against the Duluth & Iron Range Railroad company in district court today in which Martin Bros., Curry & White and the Northern Lumber company, the shippers of this city, and Murphy Bros. of Virginia, are asking for several thousand dollars in overcharges.

Watson & Abernathy, St. Paul attorneys are handling the litigation for the logging firms. The complaints in the cases are very lengthy and voluminous. In one of the cases the typewritten matter consists of 175 pages. Two of the suits are brought by Martin Bros. by Curry & White, and one each by the other plaintiffs.

The litigation grows out of the contention by the shippers in this vicinity that the rate for the transportation of ties is in most instances from 1 to 1 1/2 cents in excess of that which is charged for the transportation of other forest products and lumber.

This is claimed to be unfair and discriminatory.

The legislature during its 1911 session passed a law which gave shippers an opportunity to demand that the railroad company when excessive charges were claimed, and provided that penalties of \$25 would attach in each instance the company was found to be overcharging.

On shipments since 1911, Martin Bros. are asking \$10,275 alone in penalties in one of their cases. In the same case, the amount of the overcharge claimed on various shipments is \$10,010. In addition, the company is asking for the amount of \$2,000 are asked. A similar action is brought for overcharges and penalties by the Curry & White company for shipments of ties since 1911 in which \$14,181 in overcharges, \$1,120 in penalties and \$500 attorney fees are sought.

In the other case brought by Martin Bros., overcharges on shipments prior to 1911 amounting to \$563.92 are sought and \$1,438.38 in items taken from the rather lengthy complaint states, for instance, that while the rate on hundred weight on round products was 8 cents, which was fair, that charged for ties was 6 cents.

This 6-cent rate was paid and judgment for the difference of one cent in the rate was entered. Murphy Bros. of Virginia are suing on 440 items each listed separately, an \$1,438.38 in overcharges on shipments since 1907.

DULUTH WOMAN IS RESTING EASILY.

Eveleth, Minn., April 29.—(Special to The Herald.)—A woman who was hospitalized this afternoon as to the condition of Mrs. L. W. Pease of Duluth, who was passing the White River, near the Canadian Northern, in an automobile with Martin Bros. a driller, and that she was on her way to Virginia to visit Mrs. Keller.

Would Bar Banking Men.

Washington, April 29.—A resolution to bar members of house interested in banks from serving on the banking and currency committee during the preparation of currency reform legislation was introduced today by Representative Lindbergh of Minnesota.

THE DOCTOR IN TIME OF PERIL.

From the Journal of the American Medical Association: During the recent period of disaster and havoc ordinary events were relegated to the back pages of the newspapers. Every issue of the dailies was full of heartrending pathetic stories of disasters, storms and floods. The people responded to the call for help with the same eagerness and promptness which characterize the nation. From the scenes of the disaster came the call for food, clothing and shelter. But before this there came a call for physicians to minister to the wounded, sick and the dying. From almost every afflicted locality soon came the same

VERDICT FOR DEFENDANT

District Court Jury at Virginia Finds for Martin Lavell.

Virginia, Minn., April 29.—(Special to The Herald.)—The jury that heard the case of the St. Louis Mercantile company vs. Martin Lavell, in district court yesterday, took the case about 8 last night and this morning found for the defendant. Mayor Victor Power of Hibbing appeared for the defense.

GRAND OPERA STAR INTO VAUDEVILLE

Albert Reiss is going into vaudeville. That does not mean the greatest Minneapolis vaudeville stage is to be the Metropolitan opera house. Mr. Reiss has sung for twenty-four weeks with the Metropolitan company and he has twenty-eight weeks left to fill out his year. Instead of going to Europe to sing in opera, he has accepted a contract with Martin Beck to sing French and German cabaret songs on the vaudeville circuit here.

ALBERT REISS.

statement: "A special train, carrying volunteer physicians, nurses, dressings and medical supplies, is on the way to the scene of disaster."

Do it is after every great calamity. The first men on the scene are physicians, performing their sacred work of saving life and relieving the suffering. This happens so constantly as to be an accepted occurrence. No one expresses any surprise. On the contrary, surprise would be aroused only if the nearest available physicians ever failed to respond in numbers equal to the need. Leaving their own work, volunteering without hesitation for the hardest service, they toil often for days and nights without intermission, without asking for or expecting compensation. Instances are not hard to find. Following

We put no extra price on the garment because of the style which makes you like it. You buy and pay for the cloth and tailoring. The style is a gift from the Wooltex designing staff and from us.

The Wooltex Suits at \$22.50 to \$38.50 prove that.

The Wooltex Coats at \$15.00, \$20.00 and \$25.00 are further proof—if more is needed.

Let your own eyes see how becoming they are.

Style Without the Usual Tax

Is there any good reason why you should pay for good style?

We do not think so. Our prices on the suits, the coats, the gowns, the waists that are ready for you are proofs positive that we do not.

Good style is given to you as a matter of course in Wooltex Suits and Skirts, and given at its best, too. Nothing in American tailoring, ready-made or custom-made, can surpass it.

We put no extra price on the garment because of the style which makes you like it. You buy and pay for the cloth and tailoring. The style is a gift from the Wooltex designing staff and from us.

PLANTING SEASON NOW AT HAND

MAKE HOME ATTRACTIVE

Some Good Advice in Plant and Flower Cultivation.

SPRING days are coming and the thoughts of every householder are turning to the garden. There is something instinctive in human nature which leads the thoughts to spading and troweling and the smell of new-cut grass and fresh, warm earth when the first spring day arrives and the sun shines warm on new-born vegetation.

Every one of us feels the longing to own a garden plot, then, to trim and snip and dig and plant, to watch the first tender shoots of new green and applaud the opening buds.

The dwellers in flats feel the stir as do those who are so fortunate as to have yards of their own.

Expression in Many Forms.

The natural appreciation of the beauty of nature finds its expression in many forms, from the flower pot on the window sill, and the window box in restricted areas, to the orderly beds, the old-fashioned mazes, box bordered, and the formal and informal arrangements of big lawns and estates.

The garden is one means of participating in the artistic and beautiful which is open to the humblest. Gardening is a democracy of occupation that enchains the richest and poorest of us. Every cottage can be and almost is, in Duluth, a bower of beauty. The roses will bloom alike for all and it is loving care that wins their best efforts.

Has Missed Much.

He who has never set a bulb or a cutting and tended and watched over it from its first tiny shoots of green has missed an interest that makes one of the lasting memories of life.

There is a quiet, pleasurable excitement about the sowing of seed, the tending of the garden plot, the watering and enriching of the ground and the reward of labor in the hardy, beautiful stalks that follow—a reward that reaches its climax when tender buds unfold and glorious blossoms open their petals and shed their perfume on the air.

A Healthy Occupation.

What better or more healthy occupation than the beautifying of one's home? It begins with evenings of planning, sketching of rough plans for lawn and shrubbery arrangements, earnest consultations and surveys of the little plot of barren ground that is to be transformed by nature's magic.

Here there shall be a grass plot, there a border of blossoms, about this pillar a drapery of honeysuckle where humming birds will flit on drowsy summer afternoons. Climbing roses will soften the harsh outlines of this wing. A bed of tulips will light the monotony of that corner.

The Transformation.

What is now but a man-made house, new and garish, surrounded by trodden earth and littered with the odds and ends of building, will next summer be velvet lawn and terrace and a riot of color and perfume.

A little ingenuity gives him a perpetual garden patch that grows and prospers under the warm summer rains. Every year sees advances made in city gardening. Science is aiding and the garden cult is so spreading that we are all learning something of careful selection and training.

Who more fortunate than the gardener!

What He Enjoys.

He enjoys thrills in the planning and ordering of his plots unknown to his prosaic brother of the counting house and shop. His triumphs are the quiet, satisfying triumphs of achievement of something worth while. His reward is the possession of something money cannot duplicate, a thing of beauty made with his own hands.

And he who creates a beautiful garden creates something not alone of pleasure to him, but of inspiration to every tired wayfarer who pauses to sniff its fragrance and marvel at its color.

BUY your Trees, Shrubs and Hardy Perennial Plants from J. J. LeBorioous, the only florist who carries a complete line of plants that have wintered in Duluth and are used to the climate. Let me figure on your order for this spring's planting.

SOME TIMELY HINTS

For the Spring Planting and Lawn.

TO ADMIRE flowers and beautiful plants is natural, to have at some time or another during the year a well kept and varied garden is the dream and ambition of nearly everyone.

The first few warm days that appear, and which may or may not herald the approach of spring, cause a fluttering in the breasts of plant lovers and those who possess a garden, whether it is large or small, flower or vegetable, or even a window box perched on the sunny side of some apartment house, make haste to select the seeds to be planted for the coming season and as hastily in most cases are they planted; with a fine disregard as to whether or not the precedents established in years before would warn that should they ever live to peep above the ground, "frost" would nip them before maturity.

THE LAWN.

With proper care and with a minimum of expense and labor, Duluth, as the climate is one most favorable to the growth of those velvety lawns that have made Duluth famous. The planting and seeding season is April and May, and all interested in the planting and beautifying of the home grounds wish to know what is the best to plant. In all cases everyone with a small or large yard wants a green piece of lawn, for a beautiful piece of grass makes the home attractive. To have such it must have attention.

ROSE CULTIVATION.

The time to plant rose bushes is from May to June.

Roses will grow and give good results in any fertile ground. The best soil for roses is a clay sod and half rotted manure, about three parts sod and one of manure. Select a sunny place and one that is protected from the strong winds, if possible.

Planting Shrubs.

In selecting plants for the home, great care should be taken in selecting good healthy specimens. Do not try to see how cheap you can get them, but see the best plants even if you cannot get so many.

Planting of shade and ornamental trees, flowering shrubs and evergreens are best moved just as soon as the weather is settled and the ground warms up about the middle of April to the last of May.

GARDEN SEEDS.

Few people seem to realize what a glorious climate ours is. Go to the Public Market at the Armory during the months of July, August and September, and see there farmers and truck growers with fresh, crisp celery, lettuce, onions, cabbage, carrots and a dozen other varieties of vegetables are foreign to the Eastern markets.

When shall I plant, and how to plant are the questions asked many times each day, regarding different vegetables.

You can plant radishes and lettuce from May 1st to the last of July, a couple of weeks apart if wanted fresh at different times.

Onion sets, soon as the ground is prepared to put in, whether snow is on the ground, from May to June.

Sweet corn, from May 24 to last of June.

Carrots should be in by May 20. Beans, latter part of May.

Squash, last week in May. Tomatoes, cauliflower and cabbage should be sown in boxes now, in frames or in the house, to get them started, where they can be transplanted the latter part of May.

Most of flower seeds, out-of-door kind, should be planted latter part of May.

Onion seed, latter part of May. Beets, middle of May, depends on spring, ordinarily 24th of May. Cucumbers, about June 2nd. Garden peas, middle of May to the 1st of July.

Sweet peas and nasturtiums should be planted as early as possible. Parsnips early as possible. Rutabagas, latter part of May to middle of July.

What's A Party Without A Few Bottles Of

Fitzger's Beers

THERE is "something missing" at the party when a cool, refreshing glass of beer is not served during the evening. No other liquid refreshment can take its place, for none has such genuinely satisfying results.

When a host serves Fitzger's Beer he knows he is serving the very highest grade, and his guests know it too. There's satisfaction in serving the best. Keep a case in your cellar and you will always be ready for emergencies.

FITZGER BREWING CO., OVER 30 YEARS IN DULUTH

RECTOR IS DELAYED BY GOOD FISHING.

Middleton, Conn., April 23. — Rev. George B. Gilbert, rector of Emmanuel Episcopal church at Killingworth, went fishing Sunday morning before church. The speckled beauties were so respon-

sive he forgot about the passing moments and it was half an hour after the time for the services to commence when he hurried into the church carrying a fish pole and with an angler's basket thrown over his shoulder. The congregation was astonished when the rector made a frank acknowledgment of his deed, but his vestrymen, after a peep into his angler's basket, held the rector was excusable.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription

—one that has effected many wonderful cures.

The effect of D.D.D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D.D.D. that we have taken advantage of the manufacturer's guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D.D.D. Soap is made of the same healing ingredients. Ask us about it.

For sale at Abbott's Drug Store.

GREEN SHOOTS ARE SHOWING

Splendid "Growing Weather" Reported Throughout the Northwest.

Grass Sprouting and Trees Are Budding in Duluth.

Locally and from every part of the Northwest comes news of the showing of sprouts caused by the climatic conditions which have been prevailing for several days.

In Duluth the moisture, which has fallen in just about bureau quantities and at proper intervals, has caused lawns to suddenly become green and trees to bud. The occasional chill that has pervaded the air has not mattered, and the threatened frost of the other evening was not sufficient to discourage the grass and the trees. Lawns in all parts of the city are showing green and the grass on the hillside in vacant places is showing a commendable ambition to get up.

In the dairy country surrounding and adjacent to Duluth, cattle are already cropping the grass, a fact which is shown in the difference in butter and milk.

The whole Northwest is responding to the splendid weather conditions and early seeding has been rewarded by early sprouting. Bulletins received here show that South Dakota is in the lead so far as early showing of sprouts is concerned and its soil conditions are such as to almost ensure a crop of exceptional proportions this year unless something untoward happens. It is said that never in its history has South Dakota shown such excellent crop conditions this early in the year, and it is admitted that that state is showing the best of all three Northwestern states.

Minnesota is about 75 per cent seeded and conditions are fine for a bumper crop, it is claimed. North Dakota is a trifle behind, but where seeding has been done the grain is already showing above the ground. That is the case everywhere where there has been early seeding.

There has been abundant moisture one report says, and all parts of the Northwest are enjoying an outlook for great crops such as have not been known in years so early in the season.

Farmers are already calling for help. The free employment of men could give employment to scores of men could they get them, but so many of the men are "broken" and have not the money to pay railroad fares that many of them cannot make the distance, and so seek work nearer at hand.

CHALLENGE FOR COURTHOUSE NINE

Cook County Officials
Want Game With Local
Ball Tossers.

The St. Louis county courthouse baseball team has received its first challenge.

The Cook county courthouse nine at Grand Marais has sent the deft and it is probable that a battle will be arranged with the North Shore crew. The game ought to prove quite a card, as there appears to be considerable interest in the event at Grand Marais.

The courthouse team is beginning to line up this week and will be going on for some time during the noon hours. A meeting will probably be held within the next few days to perfect an organization. Charles Calligan, register of deeds, and a former "star" on the team which has been selected to guide the destinies of the team.

Steve Pierce, an old time pitcher for the courthouse nine in former years, will be called on for coaching services in the event he is not inclined to get back into active harness. Doug, Harry O'Dea, another old baseball star, may get into a few of the games.

The line from which the team will be selected includes the following: L. A. Ink, Stanley Gilpin, Thomas Feakes, A. A. Anderson, George J. Clark, Olson, Victor Ringsred, David H. Fredin, Warren G. Crosby, John Rowland, Edward Grignon, Richard Hodgson, Tom Powers, Philip Holgate, Ralph Pond, Robert Johnson, Ben Rilling, Char Holmberg, Chris Canston, and Cliff Clarke, all physicians.

A series of games will undoubtedly be played with the local enemy of the courthouse crew, the local city hall aggregation. Efforts will also be made to get on with the Superior courthouse and city hall outfit and the local postoffice bunch.

PRIZES FOR THE BEST POTATOES

Eric Nelmark of Embarrass
Has the Best
Display.

Eric Nelmark of Embarrass was awarded the first prize of \$15 for the best peak of potatoes brought to the agricultural special, which toured Northeastern Minnesota for ten days ending last Saturday.

Eighty-seven specimens of potatoes were collected on the trip and a peak of Carmen No. 3 submitted by Mr. Nelmark carried off the first money.

The second prize of \$10 went to Hans Holten of Carmen on a peak of early Ohio. Third prize of \$5 was awarded to John Nialund of Two Harbors on Carmen No. 3 and Mrs. William Henke of Wolf took the fourth prize of \$2.50 with early Ohio.

Some specimens of potatoes were obtained at almost every stop, and the whole collection made a wonderful display of high grade tubers. The awards were made by E. H. Willard, the agricultural expert of the Northern Pacific railroad.

CUYUNA RANGE ORE IS SOLD

Stockpile at Mille Lacs Mine
Contracted for—Iron
Mountain Meeting.

It is said that the stockpile of the Cuyuna Mille Lacs Iron company has been sold to the Bethlehem Steel company, and that shipments East will be started at once. This stockpile, it is said, contained about 20,000 tons. While the price is not given out, it is asserted that it is a very favorable one.

Superfluous Hair Truths

Stop Experimenting

There are but few depilatories sold. You think there are hundreds because you have used the same identical preparation under several different names. This is easily explained. Women stop using.

So-Called Hair Removers
When they learn that they are harmful, therefore they can not be sold under the same name for any length of time. Then the identical, worthless, harmful concoctions are given new names and advertised again as totally different preparations.

Defraud the Same Foolish Women
who innocently buy them over and over again under different names and this will continue as long as women are so unwise as to experiment with unknown, so-called hair removers.

DeMiracle

Has Stood the Test of Time

DeMiracle has been sold for over eleven years, and its name has never been changed. It is acknowledged by world over by the most authoritative as the one safe, perfected hair remover, therefore it is the only depilatory you can use without experimenting.

Leaves No Tell-Tale Smell
If you use DeMiracle it will be impossible for any curious person to know that you have used a hair remover because DeMiracle evaporates immediately after accomplishing its work, therefore leaves no mark, odor, or offensive tell-tale smell clinging to your skin for hours.

Avoid Permanent Disfigurement
by refusing substitutes. If your dealer will not supply you send \$1.00 direct. Free information how to determine which depilatory is harmful and worthless sent, in plain, sealed envelope.

Now truths in next ad.

DeMiracle Chemical Co., New York

Freemuth's

The ore runs high in manganese. The same company has sold to the Lake Superior Iron & Chemical company at Ashland, Wis., a good sized block of tonnage.

It is also announced that the Cuyuna-Duluth Iron company has sold the first 10,000 tons of iron ore to be taken out of its Ironton mine.

At a directors meeting of the Iron Mountain Mining company held yesterday the following officers were elected: J. J. Stone, president, in place of William Brown of Hibbing, resigned; B. F. Forrestal, vice president; T. J. Sc. Germain, secretary, and Martin E. K. treasurer.

The mine has been provided with new equipment and the present shaft is being increased to a three-apartment one, that work being now under way. It is expected that the ore body will be reached by July. Favorable contracts for manganese ore have been booked, it was announced.

"Panderers and Their White Slaves"

By Clifford G. Roe.
"A book as frank in contents as in title. It is a revealing book. It illuminates a sinister phase of modern world life with a calm, clear, and it does it with thoroughness and honesty."—Chicago Tribune, April 29, 1913. This book is for sale in Duluth by Mrs. Adeline M. White, Melrose 6042. Price, \$1.00.

RECOGNIZED IN TIME.

Body of Man, Who Left \$50,000,
Narrowly Misses Potter's Field.

New York, April 23.—Putley Jardine of Brooklyn, wealthy builder of church organs, lived a hermit, died under an alias, and was about to be buried in the potter's field when a relative, by the merest accident, identified his body.

These facts became known yesterday with the filing for probate of his will, leaving \$50,000 to charity and the remainder to his estate, estimated at the same figure, to relatives.

Jardine had lived for years, according to his heirs, in Bowery lodgings under the name of William Smith. His relatives lost all trace of him. On March 14 he died under the name of Smith, his only friend, who knew him as Smith, had found and notified Frederick Jardine, a friend of Montclair, N. J. The friend, Frederick Jardine, was identified as that of Smith's body and buried in the family plot in Trinity cemetery.

Relieve That Sore Throat Now With MUSTEROLE!

MUSTEROLE brings quick and blessed relief to the sore throat and leaves a delicious feeling of ease and comfort.

It is a clean, white ointment, made with oil of mustard. You simply rub it on. No plaster needed.

Better than a mustard plaster and positively does not blister.

There is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds of the Chest (it prevents Pneumonia).

Doctors and nurses frankly recommend MUSTEROLE. It is used in large hospitals.

At your druggist's in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, Ohio, and we will send you a jar, postage prepaid.

Write to: MUSTEROLE, W. V. A. "Musterole is just fine, and is an immediate relief for inflamed throat and pain in the back. It's the best thing I have ever tried."

WILL NOT BLISTER

WILL REPEAT EXPOSITION

Rotary Club Gets Early
Start on Home Pro-
ducts Show.

Other Organizations Will
Be Enlisted in Work
Immediately.

If the Rotary club can bring it about, Duluth will have another "home products" exposition and dinner during the coming fall. The last one, held last October, was such a complete success that it seems imperative to the Rotary club members that it be made an annual affair.

The Rotary club held its regular weekly dinner at the St. Louis hotel last night and among other things to be discussed was the matter of the exposition. It was unanimously the opinion that there is no question but that another exposition should be held this year, and perhaps that it would be better to hold it a little earlier than the last year's exposition which was during the latter part of October.

It was resolved that the club is to take up the matter with all other clubs in the city who are interested in such affairs and get them to take an active part in the movement. This step will be taken at once so that one general committee from all clubs may be named and sub-committees appointed in order to get the movement started early. The exposition was held last year at the Auditorium, and may be again this year but that is yet to be decided. It is hoped that more space may be provided, for last year a good many would-be exhibitors were crowded out for lack of space, and it is desired this year to give everybody a chance. It was not expected last year that there would be such a demand.

The Rotary club hopes, also, that arrangements can be made for an agricultural exhibit in connection with the exposition, and will suggest this to the general committee.

The affair will close with a "home products" dinner the same as that of last year, which proved one of the most successful public dinners ever held in Duluth.

LATCH STRING WILL BE OUT

Duluth Will Hold Week-End
Parties for Her Neigh-
bors.

Will Offer Low Railroad
Rates and Entertainment
to Visitors.

Tentative arrangements were made last evening by committees representing the Duluth Commercial club, the boat club, the Rotary club, the Ad club and the Retail Merchants' association for a series of week-end entertainments to be given in Duluth during the summer for residents of the towns in the vicinity of Duluth.

The members of the various organizations have agreed to keep the crowds into the city to stay over Sunday. The entertainments will take the form of carnivals, races, hydro-aeroplanes exhibits and band concerts.

According to the plans outlined Duluthians will be allowed to purchase either single tickets or a book of tickets good for a series of week-end entertainments, which will last about six weeks or two months. These tickets will be sent to friends residing on the range or in the vicinity of Duluth. It is expected that from 3,000 to 4,000 people will come into the city each week.

The matter is to be taken up with the railroads and efforts made to secure a special rate for those planning to take these entertainments. It is the hope of the committees to keep the expense as low as possible for every person visiting friends during the week-end and make their stay as enjoyable as possible.

The week-end entertainments will probably start late in June or early in July and will continue until the end of August. Each Saturday afternoon there will be a carnival of water sports at the boat club and possibly a band concert Sunday afternoons in one of the parks, in addition to all the other outdoor sports Duluth offers.

SHIPBUILDING PLANT SOLD TO SCHWAB CO.

Boston, Mass., April 23.—The sale of the Fore River Shipbuilding company of Quincy to the Bethlehem Steel corporation was formally announced in a letter addressed to the stockholders of the former company by the directors at a meeting here yesterday.

Inability to complete existing contracts for twenty-three vessels, a large number of them warships involving an expenditure of about \$10,000,000 without further financing is given as the reason for the sale.

The terms have been worked out by a stockholders' committee comprising Francis R. Hart, Frank W. Remick and Eugene J. Fabus, who, according to the directors, represent more than 80 per cent of both the preferred and common stock of the Fore River company.

A statement from this committee says in part:

"The Bethlehem company pays \$600,000 in first lien and refunding 5 per cent mortgage bonds due May 1, 1942, to the Fore River company."

"The committee is to purchase and arrange for the sale of \$750,000 of first mortgage 5 per cent bonds, a lien on the present property, when and issued by a new Massachusetts corporation, said bonds guaranteeing principal and interest by the Bethlehem Steel company."

In their statement the directors endorse the plan of the committee and recommend the immediate deposit of the stock of the company. They have been informed that it is the intention of President Charles M. Schwab of the company to retain Admiral Bowles, who is the president of the shipbuilding company, and the other officers in charge of the yard.

Goodie charged with killing Grand Forks, N. D., April 23.—(Special to The Herald.)—An information charging that Goodie who was charged with killing was filed in justice court Monday. This information takes the place of one in which he was accused

Iron Mountain Child Sealed.

Iron Mountain, Mich., April 23.—Dempick I. Oechelti, the 2-year-old daughter of Constant Oechelti, while playing with her older sister, was pushed into a tub of boiling water. She died a few hours after.

A Staple Medicine for All Families

From Infancy to Old Age a
Reliable Family Laxative
Is Most Needed—Try
This One.

DR. GEO. T. HULL

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first signs of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided.

And also in headache, nervousness, etc., a small dose of this remedy would relieve the congested condition and distress with comfort. Mothers give it to tiny infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without a bottle of this. It is home of Dr. Geo. T. Hull, Prop. Hull Drug Co., Free, Okla. Dr. Hull has stood with the community for many years, and writes that "for stomach and bowel troubles, no other remedy is so reliable as Caldwell's Syrup Pepsin. It has no equal."

Syrup Pepsin saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, nervousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington, St. Monticello, Ill., and a free sample bottle will be mailed you.

THE ROYAL CLOAK CO.

WOMEN'S GOOD CLOTHES

7 West Superior Street.

The Woman Who Desires to Learn "What's What" in Spring Styles Will Find Our Present Showing a Brilliant and Trustworthy Exposition.

98c—WAISTS—98c

Dozens of pretty, dainty patterns; high and low neck effects, with trimmings of lace and embroidery. All out on tables for easy, quick selection. Regular \$1.50 values.

THREE GUESTS BUT NO HOST

Burglars Make Themselves at Home in Residence of A. L. Mather.

Dress in Clothes of Absent Owner and Draw on Food Supply.

In the arrest yesterday afternoon of Fred Davis, aged 38, St. Paul; George Byron, 25, Madison; and George Marshall, 25, St. Paul, the Duluth police believe that they apprehended three burglars who have practically lived in the home of O. L. Mather, 201 South Twenty-first avenue east, during the past three days.

Mr. Mather and his wife were visiting Battle Creek, Mich., three men and a woman, charged with having broken into the place, looting it of all the valuables that they could find, and eating their meals there from a supply of food which had been left in the house. An olive was utilized in cooking the food.

The police claim that each of the trio decked himself in Mr. Mather's clothes. Shoes, underwear and other apparel were taken by the looters. All that was left to make the intruders real gentlemen of leisure was some money to spend. Not finding any cash lying around loose at the Mather household, it is claimed that the trio looked around elsewhere.

A short time afterwards the police say they leveled a gun at the head of a bartender in a third street saloon in Superior. They requested the boy to quietly retire into the back room to the icebox and remain there until further orders. The bartender followed instructions and in the meantime the trio was relieved of the cash on hand.

Not choosing to spend the money in the town in which it was made, they returned to Duluth and proceeded to spend it on the Bowery. Patrolmen Brouillette and Harris took them in tow on a minor charge. By a laundry mark appearing on the raiment of one of the captives, they were identified by the police as the looters of the Mather household.

A Blessing to Victims of "Sore Foot" Agony

The following is said to be the surest and the most effective remedy known for all foot ailments: "Dissolve two table-spoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for fully fifteen minutes, gently rubbing the sore parts." The effect is really wonderful. All soreness goes instantly; the feet feel delightful. Corns and calluses can be removed right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calocide is said to be sufficient to cure the most stubborn foot. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. The drugist has Calocide compound in stock or he can get it in a few hours from his wholesale house.

FAREWELL TO ALBERT AMES

More Than 150 of His Friends Tender Him a Dinner.

Sincere Tribute to Man Who Has Done Much for Clean Sport.

More than 150 staunch and true friends of Albert Ames gathered around the banquet board at the Commercial club last evening to bid farewell to him and to wish him good luck in his new home in Oregon.

After the banquet of last evening it is certain that Mr. Ames will have not the least lingering doubt of the esteem in which he is held by the multitude of friends he is leaving behind him. No more sincere and hearty a farewell has ever been given to a Duluthian than the one arranged as the good bye dinner to Mr. Ames.

Dr. D. H. Day acted as the toast-master and during the course of the evening introduced A. C. Le Duc, Dan

ALBERT AMES.

Mahoney, Carroll Graff, Watson Moore, Norman MacLeod, Charles Brewer, James E. Ten Eyck, August Frey, Joe Horak, Julius H. Barnes, Bentley P. Neff and spoke himself. Albert Ames made a short but feeling response to the appreciation heaped upon him, and thanked the members of the assembly for the handsome gold watch fob that was presented to him as a slight token of the esteem in which he is held and also a small return for the years of service Mr. Ames has ungrudgingly rendered to the boat club, the Y. M. C. A. and to various athletics in general.

In his response Mr. Ames stated that the work had proved much easier than some people supposed, from the fact that once it was started it had been carried along with the momentum of enthusiasm. He assured those present that he had enjoyed the work and that it was one of the hardest tasks of his life to say goodbye to Duluth and the friends whom he had worked with throughout the years of his residence here. Throughout the years to come Mr. Ames stated, the thought of the friendships he had made will linger with him as one of the bright spots of his life.

Upon the watch fob was engraved: "To Prince Albert from his loving subjects."

NEW TREATY WITH JAPS ULTIMATE CONCESSION OF ADMINISTRATION

(Continued from page 1.)

No Provision Made. For instance, probably no provision for the acquisition and holding of land by either Americans or Japanese, not even the extremely limited "favored nation" clause, covers the usual common law right in such matters and singular to say, there is no provision whatever against discrimination. When Secretary Bryan started for California he was aware that while there was absolutely no treaty prohibition against such action as the Californians now propose and he must rely on their patriotism and patience to assist the national government in solving the present difficulty by diplomatic means.

Consults with Moore. President Wilson and John Bassett Moore, counselor of the state department, who has devoted much attention to the consideration and definition of the rights of aliens within the United States, were in early consultation for more than an hour today considering the prospects of being able to frame a new treaty satisfactory to the Californians and the Japanese with a reasonable time. Probably a definite answer to the question can be given only after the conferences have taken place which include Wisconsin, China, the Japanese ambassador here.

Works Upholds State. Senator Works of California today set out his views on the situation in a statement in which he upheld the right of his state to enact such laws as the one in question and approved the

viewpoint of the California legislators generally.

After President Wilson's conference there was no information forthcoming either as to the Bryan telegrams or future moves but it was understood that at the cabinet meeting later in the day further consideration would be given to the Japanese question.

When the cabinet assembled John Bassett Moore, acting secretary of state, was invited by the president to sit in the place of Mr. Bryan. Mr. Moore stayed virtually throughout the cabinet meeting which was taken as an indication that the Japanese question took almost the entire time of the president and his advisers. Mr. Moore, who is an authority on international law, has given considerable study to the international phases of the alien land problem in California.

There will be a big decrease in the wheat the farmers will not be able to get the grain in time.

Wheat seeding is far behind the average. No more wheat will be sown in some quarters. The fields are covered with pot holes filled with water, and the lack of tillage is proving a serious hindrance.

WHEAT SEEDING VERY BACKWARD

Reports Around Minot Also Are That Winter Wheat Was Killed.

Minot, N. D., April 25.—(Special to The Herald.)—Winter wheat in this district has been killed, but winter rye is coming up in good shape and evidently will thrive according to W. A. Beck, farm expert, who has just concluded a tour of investigation of this section.

Wheat seeding is far behind the average. No more wheat will be sown in some quarters. The fields are covered with pot holes filled with water, and the lack of tillage is proving a serious hindrance.

There will be a big decrease in the wheat the farmers will not be able to get the grain in time.

DAM IS MENACED BY BIG LOG JAM

Dynamiting Removes Danger That Threatened Chipewewa River Barrier.

Couderay, Wis., April 25.—(Special to The Herald.)—The big concrete dam the Arpin Lumber company of Grand Rapids, Wis., has been constructing across the Chipewewa river seven miles from here, during the last three years was today in danger of destruction during the last few days. A large log jam lodged in the gateway, damming up the river and overtopping the nearby country, but by dynamiting the jam was broken and the dam saved.

SUNDAY SALOON WORK BARRED IN MOORHEAD.

Moorehead, Minn., April 25.—Mayor O. C. Beck has issued an order that no employees or proprietors will be allowed the saloons after 8 o'clock Sunday morning. The order absolutely forbids any form of saloon work in saloon or barroom under any conditions after 8 o'clock Sunday morning.

North Dakota U Changes. Grand Forks, N. D., April 25.—(Special to The Herald.)—N. C. Abbott, head of the extension department of the University of North Dakota, has resigned, and Prof. J. J. Pettitjohn of the University of Wisconsin has been elected to succeed him. Prof. Pettitjohn has been secretary of the department of instruction by lectures at the Wisconsin institution.

TONIGHT'S ATTRACTIONS.

LYCEUM—Kinemacolor motion pictures. ORPHEUM—Vaudeville and talking pictures. EMPRESS—The Petticoat Minstrels.

Amusement Notes.

After a summer vacation spent at German watering places, and a pleasant sojourn in Paris and London, William H. Crane has returned from abroad and is now on tour in his comedy success, "The Senator Keeps House." The Crane tour, under the direction of Joseph Brooks, opened on April 20, and is to continue up to next June, by which time Mr. Crane will have made a circuit of the entire country. The reason for this extensive tour is that Mr. Crane is celebrating this season, the anniversary of his fifth year upon the American stage, and rather than limit his tour to the comparatively few cities that he usually plays in one season, his time in these has been curtailed so that he can stretch the route over the greater territory and practically reach every city that he has played in during the half century that he has been so prominent a figure on our stage.

The new Kinemacolor program opened at the Lyceum yesterday, and among the subjects shown are: "The Royal Visit to Ireland" and "Fisherman's Luck." The first picture shows a visit to Ireland early in July of the king and queen of Britain. The principal events during the tour were the reception at Kingston and the royal visits to Maynooth college and Leopardstown races, all of which are well reproduced in Kinemacolor in an excellent manner. The second picture "Fisherman's Luck," is a two-reel dramatic story showing some very fine scenes on the sea depicting in a very interesting manner, "pond net" fishing.

Among the black and white films shown are a Thanhouser film "The Patriot," which is the story of a village grocer seeking office in Washington under the new administration. The course of the story several splendid views of the inauguration parade are shown. An up-to-date comedy, "Keystone," concludes the program. Today will be the last of the program. There will be a change tomorrow.

"The negroes of Charleston speak negro dialect with an Irish accent. 'Requiem' is nothing but an African chant worked out well."

"The buck and wing dance originated among negroes, shuffled their bare feet on the hot planks in the summer

made progress. In vaudeville now there is little drunkenness and vice among vaudeville people. Today they are business men and women, and you can hear them talk of property values and taxes."

"The real negro character comedian soon will be a thing of the past. There are only a few left, and there is nobody in training to take their place."

From a double-barrel interview with McIntyre and Heath.

Nether Frank Heath nor Jim McIntyre will be interviewed. You must interview the firm. Last night the firm said: "We have been in the business thirty-nine years, and we've had full seasons every one of those years."

"In Pittsburg recently we didn't know a single person on the same bill with us. There are thousands of actors in the country now. In the old days we knew every actor and actress in the United States, his or her pedigree and family connections. The profession has

TROUBLE INSISTS ON COMING BUN'S WAY

—By SHERM

NEWS OF THE NORTHWEST

START WORK UPON TEMPLE

Building of New Home for Cloquet Masons Has Commenced.

Carlton County Lawyers Pleased With Three Terms of Court.

Cloquet, Minn., April 29.—(Special to The Herald.)—Teams are hauling away the dirt from the excavation being made for the new Masonic building, ground for which was broken a few days ago. The building will be at the corner of Arch street and Avenue 19, on what was formerly property of the late Dr. H. B. Allen.

Mrs. C. H. Gilbert of Duluth, assisted by local talent, gave a free concert Sunday afternoon at the Nelson opera house. The concert was under the auspices of the Y. M. C. A. and there was a large attendance. Carlton county attorneys appreciate the fact that the county is to have in the future three terms of court annually instead of two, the conclusion of the court calendar for the past few years having become a nuisance. The terms will be in February, June and November. Instead of October and April.

The Sons of Norway will give a dance to-morrow night in their new hall, and the affair promises to be very pleasant. Singer Coming Again. Miss Sarah Ruth Bates, who appeared here last year in company with Mrs. Charles Weyerhaeuser of Little Falls, the former as reader and Mrs. Weyerhaeuser as soloist, is to be in Cloquet again Wednesday evening under the auspices of the Presbyterian church. Mrs. Weyerhaeuser also appears and will be accompanied on the piano by Mrs. Robinson of the orchestra of St. Paul this winter. H. H. Kattinen, local game warden, is busy enforcing the new law that requires non-residents fishing with hook and line in Minnesota to procure a license. Dr. H. M. Rice of Duluth will lecture tonight at the Nelson opera house on his trip through Norway and Sweden. Dr. Rice lectured in this city about a year ago and his return is looked forward to with pleasurable anticipation.

PRAIRIE FIRE CAUSES CONSIDERABLE INJURY.

Amberose, N. D., April 29.—(Special to The Herald.)—Houses, barns, live stock, hay and feed were swept away by a prairie fire, which burned over a large district in the Bolson neighborhood. Fortified lost his house, barn, one horse and four head of cattle. Michael and Jacob Strunk had absolutely everything swept from their claims. Rasmus Peterson lost barn, hay and

GOLD DUST makes soft water available everywhere

Every woman knows the luxury of having soft water at her command, especially for washing clothes, but Nature has denied this luxury to many, especially to those living in cities or in "hard water" countries.

However, every woman can have soft water in her home with little trouble and less expense. The sprinkling of Gold Dust washing powder in the water from your taps or well will make it as soft as the rain water that falls from the clouds.

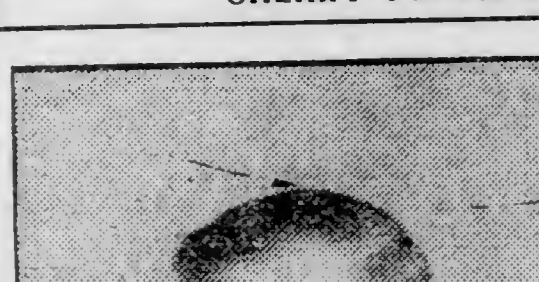

Gold Dust takes out the mineral substances that make the water hard and brings out the greatest cleansing value.

The Gold Dust Twins Make the Whole World Brighter

Gold Dust is sold in 5c size and large packages. The large package means greater economy

"Let the GOLD DUST TWINS do your work"

CROW WING COUNTY SHERIFF PRAISED

SHERIFF FRED REID.

Brainerd, Minn., April 29.—(Special to The Herald.)—Sheriff Fred Reid of Crow Wing county won praise for the way he handled the recent Cuyuna range strike. There was no violence, blood shed, or mob terror. Sheriff Reid personally took charge of the situation and earned the commendation of the miners as well as the mine operators. He appealed to the men to abstain from violence, attended their meetings, counseled with them, urged them to let return to work men who wanted to work and appealed for fair play.

feed, H. Milboe lost a granary and 500 bushels of wheat. Ole Hanson lost a barn and hay, and Lars Hanson several tons of hay he had for sale.

SAY MARMARTH, N. D. IS IN OIL FIELD

Outside Interest Shown in Recent Reported Oil Discoveries.

Marmarth, N. D., April 29.—(Special to The Herald.)—Marmarth is to be the center of the tri-state oil fields and interest in the matter is becoming intensified daily. Following the publicity some weeks ago of the investigations made in this locality by a representative of Pittsburgh interests, people connected with the oil industry in many parts of the United States have either been here or made inquiries concerning the conditions.

The maps made by the United States geological survey in 1911 and 1912, which have not yet been completed for North Dakota indicate that a large basin underlies this section of the country. It is upper point appears to be around Glendive, Mont., with the western edge in the vicinity of Bakker, Mont., and its eastern edge on the Bad Lands country in North Dakota, and the southern point extending into South Dakota. Marmarth is thought to be about the center of the belt and is the lowest point in the basin, and for that reason ideally located for a refinery to which the oil could be piped.

A local company has been organized and has already secured options on 4,000 acres and seeks at least 50,000. It is composed of local people. The Barber and the Allison ranches appear to be about the most centrally located and the Pittsburg people have options on the oil leases on the latter. Advice from Pittsburg that machinery will soon be shipped here and the southern point extending into South Dakota. Marmarth is thought to be about the center of the belt and is the lowest point in the basin, and for that reason ideally located for a refinery to which the oil could be piped.

NORTH DAKOTA CLUB TAKES SECOND RANK.

Grand Forks, N. D., April 29.—(Special to The Herald.)—North Dakota ranks second of the states in the efficiency of its commercial clubs, according to C. F. Trefz, representing the Chamber of Commerce of the United States, who addressed the Commercial club last evening at the end of a tour which has taken him over practically all of the state.

"Texas leads them all and North Dakota is second. The North Dakota clubs are progressive and up to date, much more so than clubs in eastern and central west states," he said.

ANTIGO WOMAN FINED.

Admits Attempting to Blackmail Through Mails and Mulcted \$250.

Milwaukee, Wis., April 29.—Mrs. Maud E. Stewart of Antigo, Wis., pleaded guilty to a charge of misuse of the mails in connection with letters written to Mrs. E. H. Van Ostrand, a prominent Antigo woman before Federal Judge Geiger Monday and was fined \$250 and costs.

Mrs. Van Ostrand caused the arrest of Mrs. Stewart several months ago, alleging attempt to blackmail. According to Mrs. Van Ostrand's claim, the

letter demanded that \$1,500 be deposited at a certain place or the writer would expose secrets regarding Mrs. Van Ostrand.

Mrs. Stewart was arrested in Chicago and at that time denied she had attempted to collect any money from Mrs. Van Ostrand.

WANTS HUBBY'S LOVE.

Milwaukee Woman Demands He Give Her That or Go to Jail.

Milwaukee, Wis., April 29.—"Love or Jail."

This was the slogan of Mrs. Arthur C. Breitwisch, 37, when she appeared before District Judge Neale B. Neelen Monday and at that time denied she had attempted to collect any money from Mrs. Van Ostrand.

TEETH MARKS EVIDENCE.

Milwaukee Boys' Molar Impressions in Sausage Leads to Undoing.

Milwaukee, Wis., April 29.—Teeth marks as evidence led to the arrest of four boys on a charge of having broken into five stores and stealing \$700 worth of goods.

When the detectives were placed on the case they found partly eaten sausage links, cakes and crackers in all parts of the stores. Some of the remains showed plainly the marks of molar teeth of the enter 50 Detectives O'Gorman and Rooney took the "evidence" to the dentist.

NORWAY, MICH., MURDER.

Man Lies in Wait, Kills Victim, Then Turns Weapon on Self.

Norway, Mich., April 29.—Bithardo Doehoe shot Isadore Tanthari on his way home from town Sunday night. Doehoe and a nephew of Tanthari had had trouble over a girl. Doehoe was waiting for Tanthari, it is said, and shot him through the heart. Tanthari died instantly. Then he shot himself twice through his neck and is in a critical condition. Tanthari is married to his wife and two sons and a daughter.

MANY SHEEP BURNED.

Extensive Prairie Fire Sweeps Northern Montana. Doing Much Damage.

Great Falls, Mont., April 29.—Miles of the prairie country in Northern Montana in the vicinity of Malta have been burned over by extensive grass fires that did much damage. More than twenty-five ranchers lost homes and property, and in some instances barely escaped alive.

The J. B. Long company, which had just shipped its sheep to the range for the summer, lost more than 7,000 head, the sheep being caught in and burned in coles and ravines. In one instance two bands got together, and of 4,000 head only 200 will live.

HINCKLEY WINS AGAIN.

Debating Team Proves Too Strong for Rush City.

Hinckley, Minn., April 29.—(Special to The Herald.)—Debating from the negative standpoint on the question of the benefits of government ownership of railroads the Hinckley high school debating team defeated Saturday night won the fifth consecutive victory for Hinckley and gives them the championship of Northern Minnesota and the right to enter the finals and contest for the state championship and the Journal cup.

The Hinckley debaters are Ruth Warren, Charles Bloomfield and Ralph Pryor, while the Rush City contestants were Gertrude Huntley, Effie Sheldon and Ada Clarke. The judges were Dr.

J. S. Young of the university, Prof. E. M. Morgan of the university, law school and A. W. Selover of Minneapolis.

The final and last debate of this year's series will be between the California and Hinckley teams at the University of Minnesota in about two weeks.

Farmers to Meet at Williston.

Williston, N. D., April 29.—(Special to The Herald.)—Williams county farmers will meet here Saturday to organize a better farming movement for this section. The call has been issued by U. L. Juncick, temporary chairman, and F. P. Bergman, temporary secretary. Every farmer of the county has been asked to attend.

Chemical Pail for Self.

Brinsmade, N. D., April 29.—(Special to The Herald.)—The chemical engine belonging to the local fire department paid for itself when the Brinsmade drug store caught on fire. The flames were extinguished before getting very much headway, though considerable damage was done by smoke and water.

DAKOTA BRIEFS

Sheldon, N. D.—Charged with cutting telephone wires. John Rehus, manager of the Nome Telephone company, was arraigned in justice court at Lakota on a charge of cutting telephone wires in the Nome district.

New Rockford, N. D.—Refusing to eat for forty-eight hours, and at another time insisting upon sleeping in his cell, a prisoner in the New Rockford penitentiary has been a prominent resident.

Langdon, N. D.—The Cavalier County Baseball league was organized at a meeting held here Saturday. The season will begin about the middle of May, games being played each Sunday. Six teams are in the league.

Dickinson, N. D.—The Dickinson Gun club will be organized at the Minnesota state shoot at Crookston and the North Dakota state shoot at Grand Forks with a team of five members.

Grand Forks, N. D.—Joseph Forester will be manager of the North Dakota University basketball team for the coming year.

Prosper, N. D.—The Prosper Sales company, a newly incorporated company of this city, with a capital of \$100,000, has been organized by Secretary of State Hall, and includes as its first board of directors J. L. Loxley, L. O. F. Houghton, and William Shirley, of this city.

Bismarck, N. D.—There is a rumor that the Milwaukee road has an eye to entering Bismarck in the near future, and that there have been some movements to that effect.

Fargo, N. D.—Erma Bernice, infant daughter of Mr. and Mrs. William Cronley, died Saturday morning. The funeral was held from the home Monday at 10 o'clock.

Minot, N. D.—The charge of obtaining money under false pretenses preferred against Mr. and Mrs. William Cronley, died Saturday morning. The funeral was held from the home Monday at 10 o'clock.

Grand Forks, N. D.—John Vallanas, a Greek laborer, is in a hospital with a bullet in his right breast as the result of a celebration early Sunday.

Vallanas, with a number of friends, were having a joyous time in observance of the Greek and Americans in the crowd would read a passage from the Bible and then fire a gun into the air. He was wounded trying to fire off his pistol.

Minot, N. D.—Members of the State Fire Prevention association are making a tour of the state to inspect conditions in business and residence districts.

Grand Forks, N. D.—The university senior class has decided to present the comic opera, "H. M. S. Pinafore," and the cast will be chosen in a few days.

MINNESOTA BRIEFS

Crookston.—The Crookston Automobile club has its gasoline tractor at work grading and rolling the roads leading into Fairfax avenue and Fisher avenue.

Edgewater.—The farmers of this vicinity are busy seeding and are getting along with celerity, although the ground is a little damp for good work by the seeders. It is expected that the small grain will all be in the ground by the middle of this week.

Spooner.—Word from Hot Springs is to the effect that Mrs. Albert Berg is recovering splendidly from the effects of the accident in which she had a knee fractured. She is able to go about with the aid of crutches.

Pine River.—The M. & I. Railway company has secured a farm near Pine River for demonstrating purposes, and proposes to establish other farms along its line for a similar purpose.

Brainerd.—Phil McDonald, for a long time passenger brakeman on Nos. 31 and 32, has been transferred to trains 7 and 8, going out of St. Paul.

Deer River.—J. A. Quigg leaves this week for the Lake of the Woods country in Canada to estimate timber for the Keweenaw Lumber company. He will remain until late in the coming fall.

Little Falls.—Joseph Belanger leaves this week for Crosby with his family and household goods. He has purchased three lots there and erected a temporary house. He will build a permanent residence at once.

Minneapolis.—The dedicatory service Sunday afternoon closed the six-day Bible week of the Minneapolis Normal Bible institute. Dr. James M. Gray of the Moody Bible institute, the dedicatory sermon. The building now owned by the institute at 243 Twentieth avenue south was formerly the residence of Dr. J. C. Manville.

Baudette.—W. C. Manville, father of Mrs. C. S. Dahlquist, who left here a couple of years ago to locate in the state of Virginia, is doing splendidly and is in line to be appointed a state timber inspector.

Deer River.—By the burning out of the armature at the electric plant the town has been in darkness for two nights.

Bemidji.—Work on a monster tabernacle to hold the crowds expected to attend the evangelistic meetings here next week will be started Wednesday. The meetings are being promoted by all the Bemidji churches.

St. Paul.—A cable message announcing the death of Mrs. Bruno Beaupre, widow of a pioneer St. Paul wholesale grocer, in Hamburg, Germany, was received Sunday by her nephew, Frank Eldridge, 777 Grand avenue, St. Paul.

Beaupre, who was 80 years old, died Friday at the home of her daughter, Mrs. J. M. Davis. The body will be brought to St. Paul.

Pipestone.—The Pulda Light & Power company, which lost its plant by fire, is now making arrangements to have the plant rebuilt. Just before the fire a new lot of machinery was installed by the company and all the contents of the building were a total loss.

Litchfield.—Andrew Johnson of Litchfield township, a well known Holstein breeder, last week sold to William men cow and calf, and three registered heifers for \$650. The cow was a 3-year-old with a butter record close to 60 pounds.

WISCONSIN BRIEFS

Fond du Lac.—Ray Wymen, 9 years old, roller skated into a motorcycle on Saturday and sustained a fracture of the skull which will be fatal. This is the third accident of the kind in three weeks and the second to prove fatal.

Oconto Falls.—It took the combined efforts of three officers here to overpower John Micka, a resident of this city, who dragged his wife through the streets by the hair. When Marshal William Lemorquand tried to arrest Micka he pulled a revolver, but it was knocked from his hand before he could shoot.

Marinette.—Because, it is said, she had a quarrel with a man who in love with Miss Minnie Furlett of Sturgeon Bay took a vial of carbolic acid in an attempt to end her life. Prompt medical assistance saved her.

New Richmond.—The New Richmond high school debating team won its second annual debate with Chippewa Falls in Chippewa Falls.

Grand Rapids.—A search of two days and a half, participated in by all the employees of the Biron Paper mill and hundreds of citizens, ended Saturday night with the finding of the bodies of Ray Krause and Walter Palmer, employees of the Biron mill, who had gone fishing Thursday afternoon in a canoe on the Wisconsin river.

Madison.—Louis S. Berger of Chicago, a prominent resident of this city, died due to apoplexy. Mr. Madison was a representative of the Chicago Machinery company. The remains will be brought to this city.

Madison.—The Hinkley bill to permit cities of the first and second classes to establish municipal banks was recommended by the assembly committee on municipalities. Mr. Hinkley, former city clerk of Milwaukee, believes that its enactment would save thousands of dollars annually.

PENINSULA BRIEFS

Hancock.—The following Hancock and Houghton Odd Fellows lodges attended the anniversary services at the M. E. church here Sunday: Pignun lodge, I. O. O. F., Houghton; Hancock lodge, I. O. O. F., Hancock; Ivy Rebekah lodge, Hancock; Lily Rebekah lodge, Houghton; Foster Encampment, Hancock; Canton Superior, Patriarchs Militant, Houghton.

Houghton.—Percy Staples, formerly with the Houghton County Electric Light company, has resigned from the employ of Stone & Webster at Quincy, Ill. Mr. Staples goes to Sandusky, Ohio, to take a responsible position with another public service corporation.

Kearnsage.—Crickets fans of North and South Kearnsage have joined and chosen these officers: President, J. D. Laiter, vice president, Frank Landers, secretary, John Jones; treasurer, Richard Cornish; captain of team, Henry Chirgwin; assistant, Robert Kiskilly; umpire, Sidney Lidgley; assistant, John Hall; delegates to league meeting, J. D. Laiter, Henry Chirgwin; scorer, Richard H. Lawrence; assistant, Joshua White, Jr.

Hancock.—The six Copper country cricket teams have elected these officers: President, John Trevarrow, Mohawk; first vice president, Arthur Williams, Wolverine; second vice president, John Jolly, Painesdale; secretary-treasurer, William Reid, Hancock; executive committee, captains of league teams.

Calumet.—Edward Higgins, engineer in charge of the bureau of mine construction, now located at the Quincey mine, announces his itinerary for the Copper country as follows: This week, Quincey mine; following two weeks, following week, Painesdale.

Marquette.—William Janzen has received word from his son, William Janzen, Jr., that he will give up his position on the Menominee range May 1 and come here to visit at his home before going south, where he has accepted the superintendency of a lead and zinc mine.

Lake Linden.—U. Courchene has started work on the repairs of the building of the Lake Linden Creamery company. A new cement floor will be the first work undertaken, after which the building will be painted. The officers expect to get the place running within the next week or ten days.

Calumet.—Mike Puhk has been

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. J. C. Fletcher.

BASEBALL EDITED BY BRUCE

ROWING

The Herald Sporting Gossip Is Reliable

HERDING THE SPORTING SHEEP AND GOATS INTO THE DOPE CORRAL, AS SEEN BY BRUCE

HERE we are, here we are—some one has stated that Luther McCarty is as fast as Jim Corbett was in the gay gaudy days of his youth. Nonsense freely mingles itself in our opinion with the denial of this statement. They've never been made as fast as the Corbett of the pre-white hope days. His legs were slim and lithe, on the order of the greyhound, and he traveled with the speed of lightning around the hempened space of the 24-foot ring. The statement regarding the speed of McCarty must be heard in the waste basket of the day's thoughts.

SEVERAL boxers are scheduled to appear before the solons of the Illinois legislature. The author of the boxing bill promises to get in the ring and explain the blows as the bout progresses. We recommend that this lecturer use secure Johnny Thompson as one of the principals, as he will be in no need to hurry his talk and mix wild calisthenics with half uttered sentences.

Jimmy Brady is back from the fount of the fighters, dear Chicago. James had the opportunity to appear with Packer before the Illinois lawmakers and demonstrate the noble art of self defense. An engagement prevented the delirious exhibition.

Th Lakeside Athletic club is planning the weekly entertainment for Thursday evening. This week the stunts are to be especially imposing and all members are especially requested to be on hand and witness the fun.

WILLIE LEITH and a bright green hat are with us again. That is, Willie is the chapeau and new and is being introduced by the Scotch humorist. We would write a brief and witty interview in the Scotch dialect, but J. M. Barrie objects to anyone entering this field. Another thing, some may seriously question whether an interview in Scotch dialect could be witty. That's just what we desired to prove. But it's very difficult to spell some of those words.

But, leastwise, William said that the coming season at the portland was to be the best in the history of the club; that golf has taken a greater hold here than ever before, and those acquainted with the situation are heartily inclined to agree with the statement of the returning pilgrim.

Duluth is a great sport center—in its way. Golf has been steadily gaining in favor. The list of those playing the game has been increasing. Year after year better players have been developed at the club. This season the new 18-hole course will be completed, and with its completion and the carrying through of some of the plans of the officers and various committees of the Northland, it will be surprising if the season that opens next month does not eclipse all of the efforts of the past.

Kid Paul violently declares that there is much truth contained in the

saying regarding the prophet and the place he practices in. Young Mahoney has claimed the middleweight championship of the world. It can't possibly be that J. Alex Sloan, who winters at Racine, has anything to do with this latest form of exorcising the maverick class.

Back on the job in dear Racine. Plugging a pipe and fitting a seam. A plumber there is with a battered face. Who entered the ranks of the middleweight race. As he rips away and increases expense.

Thus incurring a profaned incense. This Dutchman, he with a Harp's proud name— This Young Mahoney, does strive for fame.

One of the easiest ways to achieve a certain sort of fame is to become hideously foolish.

Commodore Richard Schell is back from the Twin Cities. While there—dropping into the way of the weekly—Dick saw the home boys perform. Our team is one of the best in the league, says Richard. Let us hope he is right. Speaking of Dick reminds us of the fact that his new boat is due to be here some time within the next few days.

President Wilson was called from the game at Washington the other day at the close of the exciting seventh inning. There was at least one place where Bill Taft held an advantage over the present incumbent. Clarke Griffith has an article in a current magazine on how to construct a pennant winning team. Some impertinent person might rise and demand why Griffith knows how.

A contractor has bought the Boston Nationals with the idea of building a new team. There were no other bidders.

The present brand of weather is proving an excellent alibi for some of the losing teams. Kid McCoy is lecturing on the hygiene and health. Having done almost everything naughty the Kid should be in the position to tell the lambs what not to do.

Imagine an umpire dressed in a white suit boarding a Chicago or Kansas City crowded street car after giving a close decision against the home team. This latest edict of Czar Ban Johnson is both thoughtless and cruel.

Walter Miller broke 15 out of 25 targets at the Duluth Central Gun club's Sunday shoot, thus proving that his nerves were not in the least upset by Mons. Willoughby. Should Hans Wagner leave the game for all time the last artistic endeavor of Pittsburgh will fade in the offing. The ball playing of the Teuton was about the only artistic effort ever capped by success in the smoky city.

HARLEM TURNED DOWN.

American Henley Must Be Postponed From May 30.

New York, April 29.—The executive committee of the National Association of Oarsmen, it was announced last night, had decided in favor of the American Rowing association in the clash in dates with the Harlem Regatta association for their spring rowing meets.

The Harlem association of this city had given May 20 as its date and the American Rowing association had announced that the American Henley races would be rowed at Philadelphia, May 31. It being obvious that crews would not row in both regattas, the New York association appealed to the National association asking that the Philadelphia date be not sanctioned. The mail ballot is said to have been against the Harlem association by a single vote.

Buy Third Baseman.

Atlanta, Ga., April 29.—The local southern Association baseball team club's Sunday shoot, thus proving that his nerves were not in the least upset by Mons. Willoughby. With Ty Cobb back in the game it would be highly appropriate for Detroit to have another opening, as there is nothing like doing things in a regular way.

Should Hans Wagner leave the game for all time the last artistic endeavor of Pittsburgh will fade in the offing. The ball playing of the Teuton was about the only artistic effort ever capped by success in the smoky city.

Superior at St. Paul.
Winona at Grand Forks at Virginia.

Virginia, Minn., April 29.—The Dooks took the final game of the series here yesterday by the score of 11 to 0, thus getting ample revenge for the defeat of Sunday. Rube Johnson was the hill man for the opposition and he proved steady and effective throughout.

Until the seventh round the contest promised to be one of the best of the present series. The Dooks had scored but one count until the opening of the fatal inning. In this period the Sox fell on the curves of Schroeder and hit them to the remote corners of the field. The Sox were then retired. Ursula finished the game and managed to stop the wild and unrestrained hitting of the visitors, though one more run was scored before the close of the contest.

Not only did Johnson pitch the best game of the series, but he also whacked the pill over the fence in the big blowout round. His stable mate, Ducky Rhodes, also connected for a round trip passage. Combining with some free hitting on the part of the visitors, Schroeder channeled six runs into the big bleachers. The Sox were then retired. Ursula finished the game and managed to stop the wild and unrestrained hitting of the visitors, though one more run was scored before the close of the contest.

Summary: Home runs—Rhodes, Johnson. Two-base hits—Schrieber, Bennett, Robertson. Bases on balls—Off Johnson, 2; off Schroeder, 2; off Ursula, 1. Hit batsmen—Ursula, Johnson. Struck out—By Ursula, 1; Schroeder, 2; Johnson, 2. Double play—Schroeder to Sharkey to Anthony.

Winona, Minn., April 29.—Schauer pitched a great game for Superior here yesterday, allowing the Giants but one hit and winning his game by the score of 3 to 1.

The final contest of the series was by far the best played here during the season to date and proved a pitching duel between Schauer and Snow, with the former having much the better of the argument, though Snow pitched a better game than the box score indicates, most of the hits of the Red Sox coming when they were of the least use. The only run of the home team came in the seventh round when a walk, a pilfered base and the solitary hit

garnered off the delivery of the Schauer person brought in the run.

Bases on balls—Off Schauer, 3. Left on bases—Winona, 6; Superior, 6. Stolen bases—Winona, 2; Superior, 1. Errors—Murphy and Rhodes. Time of game—2:10.

Branks Are Winners.
Minneapolis, Minn., April 29.—Minneapolis won yesterday's game from the Winona Maroons by the score of 6 to 4. While both of the pitchers were hit fairly hard throughout the contest, Schauer was able to keep the hits fairly well scattered. Manager Flood used both Moe and Derrick against the Branks. Several prospective hits of the visitors were killed by some high grade out gardening on the part of the home lotter.

Winona 0
Summary: Home runs—Rhodes, Johnson. Two-base hits—Persch. Sacrifice hits—Persch. Double plays—Snow to Connel to Crocker; Ewaldt to Pautsch to Crocker. Struck out—By Shaw, 7; by Schauer, 6. Bases on balls—Off Schauer, 3. Left on bases—Winona, 6; Superior, 6. Stolen bases—Winona, 2; Superior, 1. Errors—Murphy and Rhodes. Time of game—2:10.

St. Paul, Minn., April 29.—The Little Saints yesterday afternoon won the closing game of the series with Grand Forks by the score of 8 to 7. Both sides changed pitchers frequently in the hit, the Superior pitcher, though the locals were out of the picket line, the hits of the Jones brigade came when they were of the most use and the visitors wasted their artillery when the bases were for the most part empty.

Four times during the pastime the teams were tied. The contest was nip and tuck until the eighth round, when the fielding of Manager Jones and the clotting of Schauer fostered the victory of the home team. The score:
St. Paul 30
Grand Forks 10
Batteries—Niedner, Lodge and McGarry; Morse, Myers, Jarigan and Edmunds. Umpire—Carney.

Chicago 5, Pittsburgh 5.

Chicago in First Place.
Chicago, April 29.—Chicago moved into first place yesterday by defeating Pittsburgh, 5 to 5, in the final game of the series, while New York was prevented from playing by wet grounds.

The game was more or less a farcical exhibition, with the Sox contributing toward this end. Pittsburgh made three runs in the eighth by bunting half a dozen hits, coupled with an error. Pitcher Hendrix could not find the

BARTON OUT OF BASEBALL

Ill Health Compels Resignation of Northern League President.

Minneapolis, Minn., April 29.—George A. Barton, sporting editor of the Minneapolis Daily News and the recent president of the Northern league, last night tendered his resignation to the directors of the league. Ill health is the cause of the action, and the directors of the organization, feeling that Mr. Barton will be unable to give his time to the duties of the office, accepted the resignation and will elect his successor within a few days.

Since he has been elected president of the new league, Barton has devoted his time and energy unparagonably to the placing of the new league on an efficient and businesslike basis, and it was this labor in connection with his other work that has helped to bring on the nervous breakdown.

There are already several names spoken of in connection with the naming of a new president. Frank E. Force, sporting editor of the Minneapolis Tribune and former president of the Minny league, may be considered. Ed Dickinson, secretary of the Minneapolis American association club and the president of the Minneapolis North-ern league club, is also being mentioned for the office, but it is not believed that Mr. Dickinson would permit his name to be used when it came down to the choosing of a successor to Barton.

It is probable that a meeting of the directors of the league will be called during the present week. H. A. Blume, president of the Duluth Baseball association, is here at the present time, being with the Duluth team. Before Mr. Blume leaves for home he will meet with the directors of the league. There is not the least opportunity that the resignation of Mr. Barton will affect the present organization adversely. Most of the hard work has been accomplished, which is a testimony to the ability and perseverance of the retiring head of the league. The new president will find the organization thoroughly completed, the scheduled trouble out of the way, and the troubles that crop up with the organization of a league either completely out of the way or greatly minimized.

BOB MOHA NOVICE BESIDES J. DILLON

Milwaukee, Wis., April 29.—Jack Dillon of Indianapolis easily had the better of Bob Moha of Milwaukee in their no-decision ten-round boxing contest before the South Side Athletic club here last night. Dillon had all the better of the fight, having a big lead in every round except the first fifth and eighth which were even.

In the second round, Dillon piled up a big lead over the Milwaukee man by shooting right and left jolts to the head and body. The third was a repetition of the second and Moha was being rapidly.

The mill showed up considerably in the fourth because Moha was tired, keeping away from Dillon and being tired punching the local boxer. The fifth was even.

In the sixth and seventh rounds Dillon went at his opponent as if he intended to score a knockout. He drove hard and quick jolts to the head and

body, but Moha covered and backed away continually.

Moha came back strong in the eighth, but tired before the round was over and Dillon held the session to a draw. The ninth and tenth were fast and furious with Dillon on top all of the time.

Dillon showed excellent judgment all during the mill. For a time he would shoot right and left jolts into Moha's face and head, and then would drive stiff punches into the body. At the end of the mill he had the Milwaukeean's eyes and lips cut and bleeding, while he was practically unmarked.

Matty McCue of Racine won his tenth straight battle last night, when he easily defeated Postle Williams of Milwaukee in six rounds. Eddie Moha of Milwaukee was beaten Steve Kormel of Grand Rapids, Mich., after eight rounds of fast milling.

O'BRIEN AFTER A NEW CATCHER

Darby O'Brien is at the present time on the hunt for a new catcher. According to reports that have been received here today, it is very probable that a new player will be signed within the next few days. Strings are out at the present time for a player who can not only catch, but who is also a crack utility man, and it is believed that he is nearly signed at the present time. The player in question has received the unqualified recommendation of a former member of the White Sox and the recommendation is backed up by the good record of the player under consideration.

DULUTH HEIGHTS TEAM ORGANIZED FOR SEASON.

The Duluth Heights baseball team held a meeting at which the following officers were elected: John Bowers, manager; Harry Conklin, captain; Al Bowers, secretary; George Waldrup, treasurer; and Edward Sewery, honorary member.

Bowers and Conklin announced that they were a fast bunch signed up, and are going to make a strong run for the city championship this season. The Duluth Heights team is not going into the Duluth-Superior league, but will play independent ball. They wish to challenge any amateur team in the city, and would like to arrange games with any of the teams composing the league.

BOSTON AMERICANS WANT HAL CHASE.

New York, April 29.—Manager Stahl of the Boston Americans said today he was trying to arrange a trade that would take Hal Chase from the first baseman of the New York Americans to Boston. Robert McLoey, treasurer of the Boston club, left town for Boston today simultaneously with Stahl's admission that he was after Chase. Stahl was in conference with President McAleer of the Boston club Sunday night and it is assumed that McLoey will see McAleer tomorrow regarding a possible deal for Chase. It is reported that President Farrell of the New Yorks, would be given a choice of any one of the Boston catchers; also that he might receive outfielder Henriksen and infielders Jarvinen and Hall. Officers of the New York club refused to discuss the matter.

Baseball Decisions.

Auburn, N. Y., April 29.—The following decisions were rendered by the national board of the National Baseball association:
The California state league, embracing Stockton, Fresno, Vallejo and San Jose, has qualified for membership in Class D.
Claims disallowed: W. W. Watkins against Fort Wayne, Ind.; W. Burma, against Toledo; Billard against Columbus, Ohio.
Among services awarded was Wal-lanes to Saskatoon, Alta.

TWO HARBORS BOY SUDDENLY CALLED

**Bland Truman Retires in
Good Health and Dies
Early Today.**

Two Harbors, Minn., April 29.—(Special to The Herald.)—Bland Truman, 19 years old, son of Mr. and Mrs. W. C. Truman, died very suddenly at 2 this morning at the home of his parents on Second avenue. The cause of his death is supposed to have been due to heart failure. Bland was a special favorite among his acquaintances and many friends, and his sudden death has cast a general gloom over the entire city. Last night he ate an unusually big supper and according to his mother, he stated at the supper that he had not felt better in a long time. He did not go out of the house after supper, which was being unusually, as he was a boy who was very fond of his home, and about 9 he and his mother had a light lunch, after which they lay down to rest. This morning Mrs. Truman was awakened by calls from his mother. Mrs. Truman, a sister who teaches school at Castle Danger, will arrive home today.

Funeral Working At Duluth.
W. C. Truman, father of the deceased, who is now working in Duluth, for the past month, was hurried to hear of his son's death and arrived here this morning. Mrs. Truman, a sister who teaches school at Castle Danger, will arrive home today. Bland Truman with his parents made two Harbors their home for the past three years, during which time Bland attended the public schools and more recently was employed by the Iron Range Railroad company as call boy and checker in the local yards. The funeral arrangements have not as yet been arranged.

MANY SHOVELS NOW WORKING

**Ore Digging Machines Are
Busy on All Sides of
Hibbing.**

Hibbing, Minn., April 29.—(Special to The Herald.)—Hibbing is literally besieged by steamshovels today. To the north, to the east, to the west, steamshovels are working in the hills. Sellers and Buffalo open pit mines. Within a block of the business district steamshovels are removing overburden and mining ore in the big Sellers open pit mine, within a block from the church of the Blessed Sacrament and in the very heart of the best residence district of the town the steamshovels of the Rogers-Brown Iron company are removing overburden. Railroad tracks have been laid across the hill and steamshovels are now in progress there.

Five Shovels in Hill-Rust.
In the Hill-Rust five shovels are working night and day. In the Sellers three shovels are at work and in the Buffalo two shovels are working and two are engaged in stripping. At the big Mahoning open cut mine eight shovels are being worked regularly for the first time in the history of that property. The shovels will not come any further to the south than the limits formerly established during the Rogers-Brown operation. The edge of the Buffalo pit will be somewhat extended. Before snow flies again the edge of the old Mahoning will have disappeared as well as the former site of the stone chapel of the Rogers-Brown Iron company. The Rogers-Brown Iron company is preparing to strip extensively this season on the south side of the present open pit mine.

Great Northern Stripping Runners.
It is unofficially announced that the South mine, a Great Northern property between the Dale-Uno and the Mahoning, will be stripped this season. The mine is said to be 750,000 yards of overburden to be removed. The mine is on an equal tonnage of ore. The work will be done by Butler Bros. and is expected to begin soon.

CHANDLER MINE STOCK INVOLVED

**Litigation Over 62,500
Shares of Stock Coming
Up in Virginia.**

Virginia, Minn., April 29.—(Special to The Herald.)—One of the most important cases on the civil docket, involving more than \$20,000, is set for trial tomorrow. The suit is brought by William T. James of Ely against John Costin for the recovery of 62,500 shares in the Chandler mine, of which John Costin is the owner. Mr. James claims that the Chandler lease was surrendered and the property given up as valueless many years ago and in

Mother's Friend in Every Home

**Comfort and Safety Assured Before
The Arrival of The Stork.**

In thousands of American homes there is a bottle of Mother's Friend that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health in advance of her coming, and had a wonderful influence in developing a lovely disposition in the child.

There is no other remedy so truly a help to nature. It relieves the pain and discomfort caused by the strain on the ligaments, muscles and tendons of the body. Mother's Friend is an external remedy, and not only banishes all distress in advance, but assures a speedy recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle. Write to Bradford Regulator Co., 228 Lamar Bldg., Atlanta, Ga., for their free book. Write today. It is most instructive.

HIBBING COUPLES GIVEN DIVORCES

**District Judge at Virginia
Denies New Trial Against
Hibbing Men.**

Virginia, Minn., April 29.—(Special to The Herald.)—John Jarvinen of Hibbing was granted a divorce from his wife, Alina Jarvinen, Monday. The couple were married on Aug. 28, 1904, in Finland.

The husband alleges adultery and names Gust Helela. The grounds of the divorce are adultery and non support of herself and child. The couple were married in a Hibbing hotel.

Helen M. Patton was granted a divorce from her husband, John Patton, Monday. The grounds of the divorce are adultery and non support of herself and child. The couple were married in a Hibbing hotel.

The court grants plaintiff custody of the 2-year-old daughter of the marriage, Mary A. Patton, and also all right and title to land and premises situated in N. 1/2 of the SW 1/4 and the SE 1/4 of the section 2, township 62, north, range 19 west.

Petition for distribution of \$333.33 paid as damages for wrongful death of Frank Bornstar, has been filed.

Hibbing Men Win Out.
Judge Thomas F. Brady of Hibbing and Michael L. Patton, who were against the Beardslee Chandler Manufacturing company and an order of the court granting the company a trial was filed Monday. The Chandler company brought suit against the Hibbing men in an endeavor to collect the price of certain electrical fixtures and fittings supplied to another party.

But the Hibbing men were successful in their attempt to show any liability for payment on the part of either Judge Brady or Mr. Danahy. The action was dismissed on motion of the Hibbing men.

COLERAINE CHOIR PRESENTS DRAMA

**Village Auditorium Packed
to Doors for "Because
I Love You So."**

Coleraine, Minn., April 29.—(Special to The Herald.)—The choir of St. Patrick's church last night presented the drama "Because I Love You So" to a house which packed the large village hall auditorium. Both the audience and the players were well pleased with the outcome of the entertainment.

The Cast.
The following is the cast of characters: Imogene Courtleigh, wife, wayward and wealthy; Mrs. Olin; Ginger; a poor relation; Miss Lou McCarty; Horace Vermer, an artist and accidentally a married man; Carl; Dink Potts, his chum and incidentally with Ginger; Harry Butler; Ira Courtleigh, Imogene's guardian; R. E. Denison; Buck Tyson, a Gipsy; Thelma; A. G. Boyay; Elmer Van Stitt; Angeline; New York; Major Duffy, county clerk and Confederate veteran; B. K. Tighe; Squire Ripley; Virginia; Landon; J. E. Jennings; Lige, a gentleman of color; L. Roe.

PIONEER DAY RELIC RAZED

**The Headquarters Lumber
Camp Near Hibbing Gives
Way to Farming.**

Hibbing, Minn., April 29.—(Special to The Herald.)—The old Powers & Simpson headquarters camp at Rock Lake, five miles from Hibbing, one of the landmarks of this section, is being razed. The site will be cleared up and farmed by O. J. Tucker, who bought the property some time ago. The camp was formerly headquarters for all the Powers & Simpson logging interests in this vicinity, which included their logging camp and their sawmill. The camp was dismantled for a number of years. The railroad ran in to Hibbing, where it connected with the Great Northern and the last of the rails on it was taken up last year. The operations of the camp were extended to the north and back for a period of twenty years, and they cut most of the pine between this city and Crookston. The camp was even operated as far as Little Prairie. Contrasted with a period twenty years ago when about 100 men were at Hibbing stood one of the finest pine bodies in the state, the nearest pine bodies being at the north, and are rapidly disappearing before the operations of the Swan River Logging company.

LICENSES GRANTED.

**Grand Rapids Council Grants Saloon
Privileges to Three.**

Grand Rapids, Minn., April 29.—(Special to The Herald.)—The village council has granted liquor licenses to John Hefel, D. M. Gunn, M. McAlpin and Carl C. Yngve, for the period of one year. Bids will be advertised for the building of a culvert on Sleeper avenue and on the north side of the city. A 17½-foot extension to the present culvert on Hoffman avenue, between eighth and ninth streets, the bids will be opened at the next regular meeting to be held on May 12. A resolution has also been adopted ordering that a number of sidewalks be constructed by residents of certain streets within the village limits.

WED AT ST. CLOUD.

**Grand Rapids Woman and Ransom,
N. D., Rector Quietly Married.**

Grand Rapids, Minn., April 29.—(Special to The Herald.)—Word has been received of the marriage at St. Cloud on Thursday, of Mrs. Eudene Kries of this town, and Rev. John G. Larson, formerly rector of the Episcopal church of the Holy Communion, now in charge of the parish at Ransom, N. D. The couple took out a marriage license on Tuesday here, and were married in the morning. They were quietly married. Rev. and Mrs. Larson will make their home in Ransom.

TWO FUNERALS AT CHISHOLM

**Rites Held for Miner Killed
in Woodbridge and
Late Cyclist.**

Chisholm, Minn., April 29.—(Special to The Herald.)—The remains of Tommaso Carucci, an Italian who was killed at the Woodbridge mine on Saturday evening by a cave-in, were buried in the Catholic church at Chisholm. The funeral was held from the Catholic church.

Carucci was married, 40 years old, and leaves a wife and three children in Italy. His only relatives in America before the word came of whom live in Chisholm and a third at the Woodbridge mine.

The funeral of Frank Mohr, who died in the Rock house at Chisholm last evening was held today from the Catholic church. Mohr fell from a bicycle about a week ago and fractured his skull.

ELY DISTRICT COURT.

**First Session Will Be Held There
During July.**

Ely, Minn., April 29.—(Special to The Herald.)—The first session of district court ever held here will be in July next, Attorney A. J. Thomas having received a communication from the district court officials announcing the date. Previous to this cases from Ely have been taken to Virginia, requiring heavy expense from all. This arrangement of holding a session here will not only benefit Ely, but will also be a great help in cases from Power, Soudan, Winton and All Vermilion range points.

Commissioner Phillips has a force of men busy cleaning the streets of the city, and is putting them in excellent shape.

CHISHOLM PEOPLE GO TO ROCHESTER.

Chisholm, Minn., April 29.—(Special to The Herald.)—Mrs. Dennis Madden, wife of the chief of the Sherrano police, and their family, left for Rochester Monday to undergo an operation for the removal of gall stones.

Chisholm, Minn., April 29.—(Special to The Herald.)—The police are seeking reckless motorists who dash about unmindful of human life. The first arrested, the 8-year-old son of Mr. and Mrs. A. P. Stillman was sent to the county jail for a week for driving a car without a license.

The driver of the machine sped away after running down the child. The car was taken down by a Virginia car on the Chisholm road but not seriously hurt.

BOVEY MAN HELD FOR EXAMINATION.

Grand Rapids, Minn., April 29.—(Special to The Herald.)—Emil Eco was held in the county jail at Grand Rapids by Sheriff Riley and locked in a cell.

Two Harbors Fans Meet.
(Special to The Herald.)—Local baseball fans met in the Y. M. C. A. last evening to plan for the coming season. The committee to report Friday were: R. J. O'Brien, R. J. Hastings, W. L. C. B. Hastings, and John Larson. Mr. Hastings was appointed as a committee to select players for the team. The committee consists of F. E. Evans, W. B. Woodward, Pat Conliff, C. W. Warner and W. A. Doerr.

Convicted For Spitting.
Chisholm, Minn., April 29.—(Special to The Herald.)—Mike Trunha and Mike Raitvich were convicted by a jury in municipal court of spitting on the streets of the city. The jury recommended that the fine be remitted.

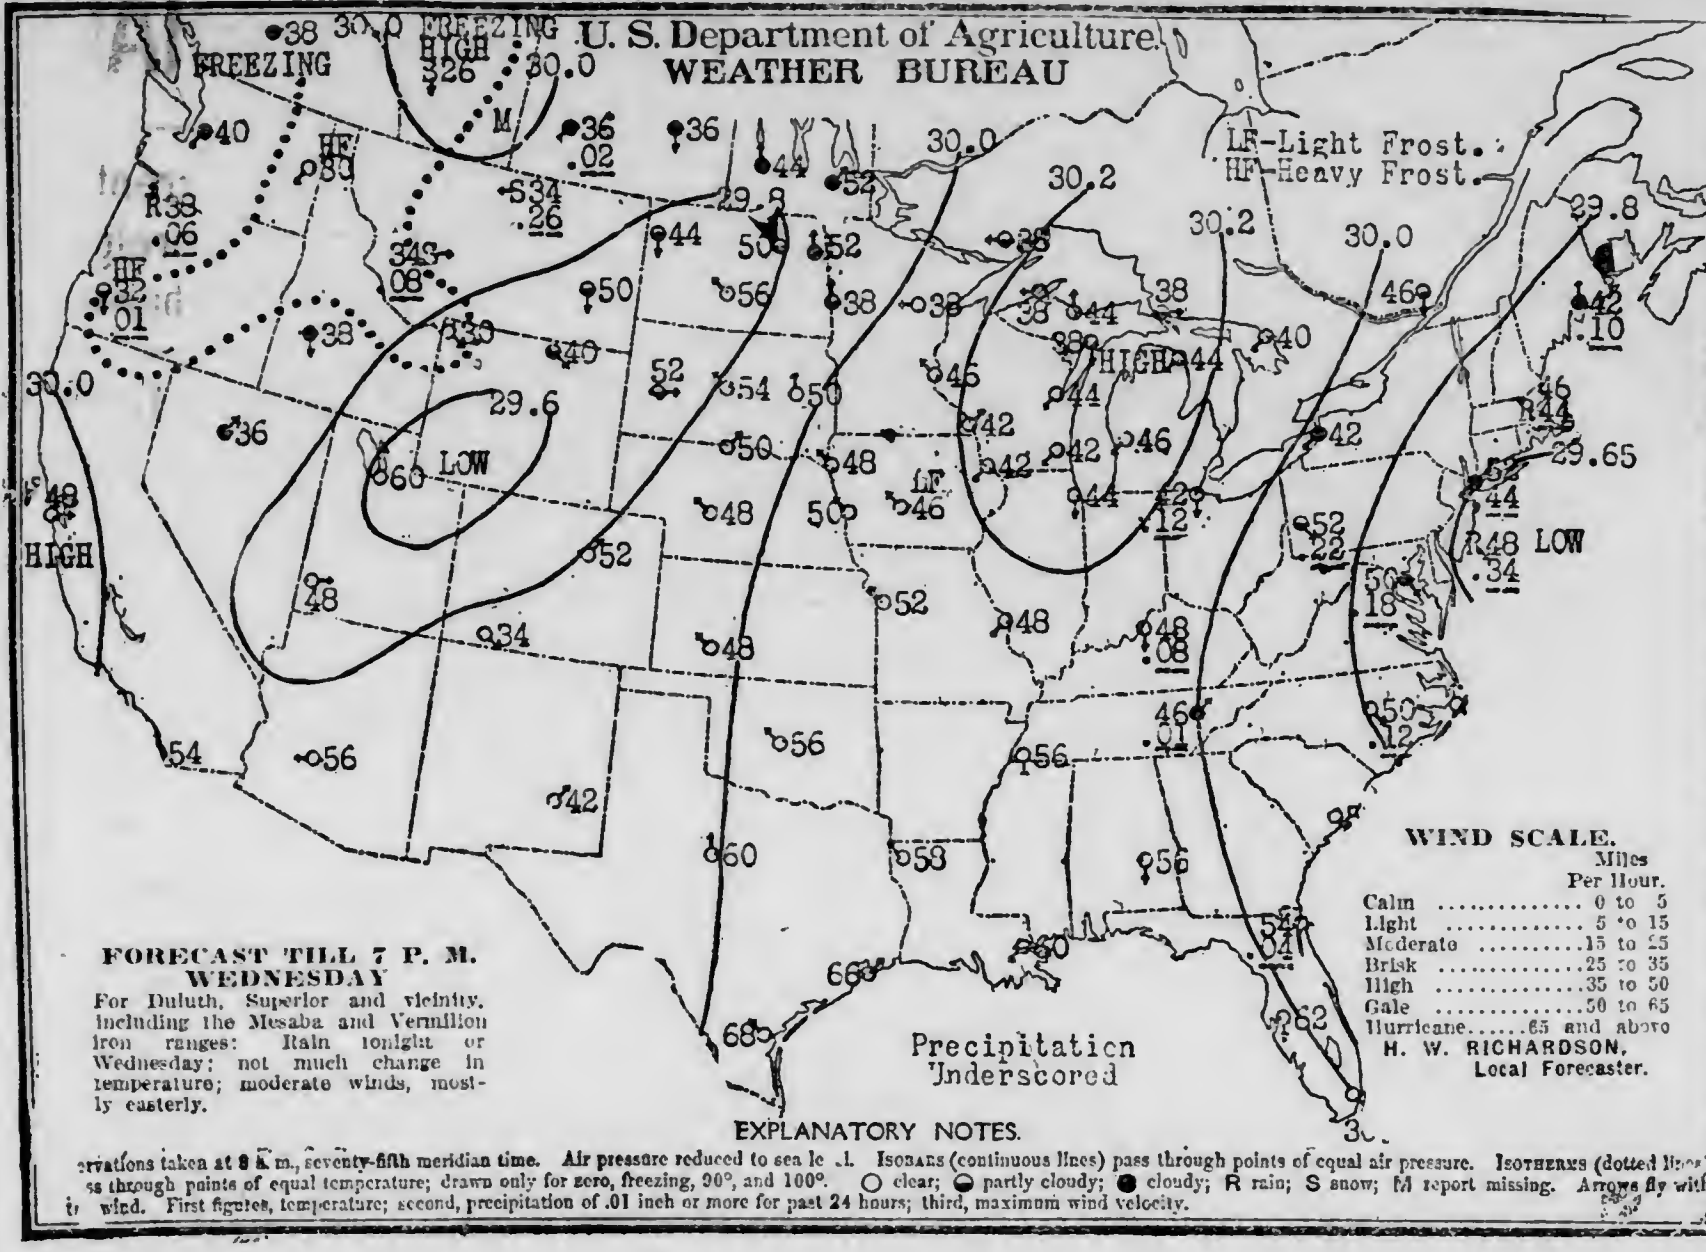

Assistant County Attorney White appeared for the state and Joseph Austin for the defendants. The jury was out about an hour and a half. The verdict is favorably received as the people are interested in seeing the sanitary conditions of the cars improved.

Greenway Makes Appeal.
Greenway, Minn., April 29.—(Special to The Herald.)—At a meeting held here at 7 o'clock on Monday night, the Greenway men and women met to discuss the proposed new city hall. The committee consists of F. E. Evans, W. B. Woodward, Pat Conliff, C. W. Warner and W. A. Doerr.

Visits in Chisholm.
Chisholm, Minn., April 29.—(Special to The Herald.)—Mrs. F. L. London, formerly of this place, stopped here Monday for a renewal of acquaintance with her old friends. She is now in the land business.

Virginia Children Warned.
Virginia, Minn., April 29.—(Special to The Herald.)—The school children of danger from

OFFICIAL MAP OF THE WEATHER

FAIR

Though the sun shines brightly, the air is still and the atmosphere is not very pleasant. The temperature is in the 40s and 50s, and the humidity is not very pleasant.

Fair, cold weather prevailed a year ago today. The sun rose this morning at 4:55 and it will set at 7:15 this evening. The day will be a fair one, with a few clouds and a light breeze.

Mr. Richardson makes the following comment on the weather: "Somewhat warmer weather prevails this morning in the Eastern States, but in the West, where the temperature has been cold, it is not so much so. The weather is not very pleasant, but it is not so bad as it was a few days ago."

General Forecasts.
Chicago, April 29.—Forecasts for twenty-four hours ending at 7 p. m. Wednesday.
Lower Michigan—Fair tonight and tomorrow; rising temperature; light breeze from the west; light frost tonight in east portion.

Upper Michigan—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

Duluth—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

St. Paul—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

Minneapolis—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

St. Louis—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

St. Petersburg—Fair tonight and Wednesday; slowly rising temperature; light breeze from the west; light frost tonight in east portion.

CONVENTIONS ARE SCARCE

**Duluth Will Not Entertain
Many Organizations
This Year.**

**Must Depend on the Regular
Summer Traffic for
Tourists.**

In contrast with last year, Duluth will this year entertain few big conventions. For summer visitors Duluth will have to depend almost entirely on tourist travel and on parties passing through the city to conventions at other points.

The only conventions of national scope to be held in the city this year are those of the S. H. & E. F. Society of America and the general Swedish Baptist conference of America. The S. H. & E. F. society is a Swedish fraternal organization with lodges in several states where the Swedish people are numerous. The annual convention will be held in Duluth June 2, 4, 5 and 6, and will bring about 400 delegates and many visitors to the city.

The annual meeting of the Swedish Baptist conference will also bring about 400 delegates from the United States and Canada. It will be held in Duluth June 10, 11 and 12. The convention is one of the largest of its kind in the state and will bring men of influence from all parts of Minnesota.

It is possible that the Minnesota Editorial society, which abandoned its proposed trip to Duluth last year, may make the trip this year. G. B. Bjornson of Minnesota, president of the society, was in Duluth recently and he said at that time that if pledges could be obtained from 100 men of the society, the society would make a trip to Duluth.

Another big party that will make a convention trip will consist of members of the Rotary club in cities of the West and Northwest. The annual convention of the International Association of Rotarians will be held in Duluth last year, will be held in Buffalo this year. Members of the Duluth Rotary club are in correspondence with members of other clubs looking to the chartering of a steamer to carry the Rotarians from Duluth to Buffalo.

The visit to Duluth last year was so enjoyable that many of the Rotarians of the West are anxious to visit the city again and it is expected arrangements will be made for the chartering of a steamer to carry the Rotarians from Duluth to Buffalo.

June 1 and more summer visitors are expected in Duluth this year. The new coast line service on the Northern Pacific railroad, in conjunction with the privilege of taking a substantial increase in the tourist business.

The trade weeks of the Retail Merchants' association, various celebrations to be held through the summer and the annual carnival at the hotel club are expected to attract many visitors from nearby towns. There will also be a state tennis tournament and a state golf tournament here.

EXTENSION WORK.
Feature of North Dakota Woman's Club Work Meet.

Valley City, N. D., April 29.—(Special to The Herald.)—Extension work will be featured by the North Dakota Federation of Women's clubs under the direction of the executive council made at the semi-annual meeting with Mrs. Minnie Nelson, president, in this city. Mrs. Nelson is a strong supporter of that plan of action and it was largely through her efforts that the council decided to promote that department.

The annual convention will this year be held in Fargo. The 15-17. The proper arrangement features were named.

FIND INDIAN'S BODY.
Ashland, Wis., April 29.—Two East end boys found the body of an Indian lying face down in Bear Trap creek, near Odanah, Sunday and Coroner Solie brought the body here in the hope of identifying the corpse and learning

how the redskin met death. The man was fairly well dressed, about five feet tall, and weighed between 165 and 170 pounds. He has a fair face, a broad forehead, and the elbow and the second and third toes on the right foot are grown together.

MEN SERVED MEALS.
Bemidji Citizens Aid in Church Money Raising Scheme.

Bemidji, Minn., April 29.—(Special to The Herald.)—With ex-Judge M. A. Spooner of this city as head waiter, fourteen men of the Bemidji church, some of them clad in waiters' suits not exactly staid or dignified, served more than 100 hungry persons in the basement of the church here, by the aid of the church's kitchen.

Four tables, with twenty at each table, were well filled during the meal. The menu, which included grape fruit, ham, eggs and beef pickles, fried fresh parsnips, fresh tomatoes on lettuce, fresh rolls, coffee and as the final mouth-waterer, "Superior" pancakes, baked on exhibition by Dr. E. H. Marcum and E. E. Kenfield.

The Real Secret of Rejuvenating the Face
From The Clubwoman.
She holds the true secret of facial rejuvenation who has learned how to remove the dead skin particles as fast as they appear. The aged, faded or discolored surface skin may be gradually absorbed, in an emulsion of the most perfect oil, the highly application of ordinary percolated wax. Within a week or two the underlying skin is raised with soap and water. It is the best thing known for freckles, blackheads, pimples, moth patches, liver spots and the surface wrinkles.

For the deeper wrinkles an excellent recipe is: Powdered sassafras, 1 oz., dissolved in ½ pint water. Bathing the face in the solution produces quick and wonderful results.

WEST DULUTH

HERALD BRANCH OFFICES:
A. Jensen, 330 North 57th Ave. W. J. J. Moran, 316 1/2 North Central Ave.

CLUB ROOMS ARE ABANDONED

Temporary Quarters in the
Library for Children's
Organization.

The Boys' and Girls' club room located at 208 North Central avenue will be abandoned on May 1. The committee of the W. C. T. U. which has been in charge of the organization has made arrangements to care for the various classes connected with the organization at the West Duluth public library, Central avenue and 210th street.

The first class to meet in the new place will be the sewing class on Saturday morning. Following this will be the story hour which will be conducted by one of the members of the W. C. T. U.

Arrangements have been made to use one of the basement rooms of the library. It is proposed to move the apparatus belonging to the organization to this room.

A piano, a few tables and a number of chairs as well as other furniture will be moved to the new quarters.

The Boys' and Girls' club was organized two years ago. It has a total membership of 150. The organization is one of the best of the city. Miss Mae Anders will continue to have charge of the club.

The committee expects to be able to take care of the organizations in this place until such time as sufficient money will be raised to guarantee the building of a new club house.

A site for this building was purchased by the W. C. T. U. seven years ago at the corner of Fifty-seventh avenue and Wadsworth street.

**CULMINATION OF
YOUTHFUL ROMANCE**

Miss Helen Eldred Is the
Bride of Frank
Hart.

Miss Helen Eldred, formerly nurse at the Duluth hospital, who resigned her position about a month ago, was married Sunday to Frank Hart at the home of the groom's brother at Seaside, Or. They will make their home at Astoria, Or.

Miss Eldred was well known in this end of the city. She had been at the hospital for the past four years. The wedding is the culmination of a childhood romance. The couple, having plighted their troth when mere children.

A month ago the bride received the ring from her fiancé to come west and be married, and immediately resigned her position at the hospital to return to her parents prior to her wedding journey. A telegram informing local people of the wedding was received by Miss Merle Wright of the Duluth hospital yesterday.

**RAN AGROUND
ON A SANDBAR**

Party of Seven People
Marooned on St. Louis
River.

Running aground on a sandbar just east of Devil's Elbow and being compelled to wait for rescue for several hours was the experience of a party of seven people in a launch belonging to the Oliver Townsite company yesterday afternoon. Low water and un-

familiarity with the channel caused the accident.

Those in the party were: Mr. and Mrs. B. A. Black and Mrs. Black's young sister, A. R. Anderson, manager for the company; W. T. Marlow, A. N. McLennan and M. Schanahan.

After having been marooned for over an hour a small launch containing two boys, whose names could not be learned, took the party of the boat two at a time. This rescue work took nearly three hours. The Curio of the West Duluth Boat club took the bottom of the bar this morning. The bottom of the boat was badly damaged.

**CLAIMS HE WAS
THROWN OFF TRAIN**

Charles Mattson Wants
\$2,050 Damages From
D. W. & P.

For the experience of being kicked off a train moving on a trestle, of falling ten or twelve feet and of rolling over several times on the terra firma, Charles Mattson, a cook, is asking the sum of \$2,050 from the Duluth, Winnipeg & Pacific Railroad company.

Mattson filed suit against the railroad company in district court this morning. He claims that he purchased a ticket on Feb. 8 last which entitled him to a ride from West Duluth to Hagerman's Landing. In spite of this, he alleges, an over-zealous trainman bounced him off.

WILLIAM FOUBISTER DIES

Had Been Resident of West Duluth
Twenty-Three Years.

William G. Foubister, 26 years old, died at 7 o'clock last evening at his home, Fifty-second avenue west and Ramsey street, following an illness of several weeks. He had been a resident of West Duluth for about twenty-three years.

He is survived by a widow and two small children, two brothers, James E. and Thomas Foubister, and two sisters, Mrs. William Malouff and Mrs. Charles Remfrey. He also leaves his parents, Mr. and Mrs. William Foubister.

The funeral will be held tomorrow afternoon at 1 o'clock from the family residence with interment in Onondaga cemetery.

OWNERS OF INCLINE RAILWAY SAY CAR WAS STOPPED WITHIN EIGHT FEET.

Officers of the Duluth Belt Line
Railway company state that the pas-
sengers on the incline car which left
the track Sunday night, were not in
danger at any time. They state that
the marks on the ties show that the
car did not run more than eight feet
instead of ten car lengths as some of
the passengers claim, and that under
the system used the operator knows
the instant the car leaves the track,
and can stop it within half its length.
By the use of a frog it was quickly
pulled back on to the track.

IN NO DANGER.

**SUNDAY SCHOOL BOYS
HAVE BASEBALL LEAGUE**

A baseball league has been organized by the younger boys of the West-
minster Presbyterian Sunday school and
plans have been made for a series of
seven games to be played this spring.
The teams are the Elves and the
Lions. The former captained by
Arthur Anderson and managed by
Lena Christensen, and the latter cap-
tained by Leon Burk and managed by
Watson Wilson.

John Morrison will have charge of
the arrangements for games. Follow-
ing the series the winner of four of
the games will challenge the winner of
the other four. The games will be
played at the West Duluth public library,
Central avenue and 210th street.

Dr. A. T. Ishkanian Speaks.

The address given yesterday at the
Presbyterian church at New Duluth by
Dr. A. T. Ishkanian was unique and
interesting. Being a native of Turkey, an
Armenian, though now thoroughly Amer-
icanized he has for the past several years
been actively engaged in fighting
the liquor traffic.

Many forceful lessons were drawn
by the speaker from actual conditions
of the results obtained by the Ameri-
can government in trying to Christian-
ize foreign lands by sending them
the same time as the gospel and in-
struction. Dr. Ishkanian is the state worker for
united all the temperance forces in
the state.

Rummage Sale.

The West Duluth Women's Christian
Temperance union has arranged to hold
a rummage sale at the West Duluth
clubrooms, 208 North Central avenue,
Mrs. B. H. Smith is chairman of the
committee in charge of the affair.

Gives Dinner Party.

Mrs. M. J. Philtrant, 5415 Ramsey
street, entertained at dinner last eve-
ning in honor of Mrs. William Murnlan.
The decorations were in red and white.
The other guests were Mesdames B. Kelly, Gil-
bert D'Aoust, Marie McDonald, Homer
Allen, J. J. Holmes, Laura McCarthy,
M. McCabe and J. C. Cox.

West Duluth Briefs.

Mrs. W. Jenkins, 1307 North Fifty-
eighth avenue west, will entertain to-
morrow afternoon for the Ladies' Aid
Society of the Asbury Methodist church
at her home.

Jack Leigh of Akeley, Minn., who
has been visiting at the home of Mrs.
E. H. 617 North Fifty-sixth avenue
west, left yesterday for his home.

George McDonald, 410 North Cen-
tral avenue, will leave this evening for
Elkhart, Ind. He will be gone ten
days.

Dave Doyle and John McKaig left
yesterday for Short Line park, where
they have taken up their residence for
the summer.

M. J. Doyle returned this morning
from the city. He spent the week
end visiting his family.

Walter McCarty of Bayfield has re-
turned home, after spending a week
visiting friends in this end of the city.

Rev. W. L. Staub, pastor of the
Westminster Presbyterian church, is
spending the week visiting in Chicago.
He will return home Saturday.

The Christian Endeavor Society of
the Westminster Presbyterian church
has planned to hold its annual bazaar
on May 9 and 10. The affair will be
held at 504 Grand avenue.

The committee in charge consists of C. I.
Towner, chairman; Loyal Schor, Mrs.
Anna Wagner and Mrs. C. I. Towner.
Watch repairs: Hurst, W. Duluth, Adv.

NO CHARGE FOR MOVING.

An inquirer who in to Commis-
sioner H. H. Webster this morning asking
whether or not the city intends to
charge any fee for moving should the
proposed new ordinance regulating that
feature be adopted by the city council.

The ordinance would provide
for no fee of any kind. The moving
would be done by the city and charged
to the person moving. The ordinance would
require the person moving to take out a
permit giving the old and new ad-
dresses. The object would be to keep
undesirable characters from residence
and business sections, particularly im-
moral women.

**Proposed Ordinance Would Not Call
for Any Fee.**

At Third Ave. West.

WEBSTER TO MAKE CHANGES

Director of Public Health
Will Remove Heads of
Sub-Divisions.

Will Have Practically Same
Staff as in Previous
Incumbency.

Dr. H. E. Webster, director of public
health, will make changes in the
organization of the present employees of the
health department. When the re-or-
ganization is complete he will have
practically the same staff of subordi-
nates as when he retired as health
commissioner a year ago.

Dr. Webster will institute a cam-
paign for the municipal collection of
garbage throughout the city, the cost to
be paid by taxation. "Swat-the-fly"
He will further the direction of the
housecleaning, starting with the an-
nual clean-up week in May. Improved
sanitary conditions will be one of the
staples of his administration.

Restaurants, hotels, dairies, butcher
shops, commission houses and bakeries
will be subjected to strict inspection
and supervision to protect the public
and improve all conditions which af-
fect the health of the community. It
planned to re-establish the health
department bulletin, which was sus-
pended when Dr. Webster was health
commissioner. The bulletin will be
issued weekly and will contain news
of the health department.

Dr. Webster will remove the heads of
all sub-divisions of the health de-
partment. Ruben Johnson will re-
main as secretary of the health de-
partment. He will probably be secretary
of the civil service commission. The
two positions have been held by the
same person.

Grant E. Owen will be named
chief of the health department. He
will be in charge of the health de-
partment. He will be in charge of the
health department. He will be in charge
of the health department.

Wicklund as his assistant. The
supervision of all butchers shops and
meats which are shipped into the city
will be given to the health department.
The health department will be in charge
of the health department.

Miss Edna B. Kerr will continue
her duties as visiting nurse under
the direction of the health department.
Hedman, present milk inspector, will
be shifted to the sanitary and con-
ditions in the city. He will be in charge
of the health department.

Dr. Webster states that he does not
believe that garbage will ever be prop-
erly collected until the work is done
by the city and paid for by the city.
He will be in charge of the health de-
partment. He will be in charge of the
health department.

The city expects to collect more
money from dog licenses this year than
in any period since the dog catcher
was taken off the job. For years past
the collections from this source have
scarcely averaged \$1,000, and it would
not take a keen observer to conclude
that the present several times \$1,000
collected in Duluth, many of them strays
without any apparent owner. It is
planned to have a special man to
look after the work or a couple of months.
No dog pound will be established as now
contaminated, but the collector will
inform those who do not wish to pay
for their dog licenses that he will accom-
modate them by shooting Fido if they

bettering the physical aspect of the
city. A corps of extra inspectors will
be employed temporarily for the pur-
pose, and the health commissioner de-
clares that when the work is finished
he will be satisfied that Duluth will be
cleaner and sparer than at any time in its
history.

The men who will have charge of the
dairies, restaurants, meat shops, etc.,
have all had previous experience, and
the health commissioner is confident
that their respective branches of the
department will be well handled.

**WOMAN HIT
BY BULLET**

Shooting Near the White-
face River Will Be
Investigated.

Mrs. I. W. Poole Said to
Have Been Shot By
Hunters.

I. W. Poole, 13 West Superior street,
was called this morning to the bedside
of his wife, who lies at the Moore hos-
pital in Eveleth suffering from a bul-
let wound received while en route to
Virginia in an automobile in company
with Martin Moe.

Mrs. Poole and Moe left for the
residence city in the latter's machine at
3:30 yesterday afternoon. The former
intended visiting her sister, Mrs. Elmer
B. Keller.

According to the story of the shoot-
ing told police officers by Mr. Moe, it
took place while a stop was made to
repair a tire which had blown out near
the Whiteface river. A shot from the
woods struck the woman. He told the
officers that two men, one of whom had
fired at some animal had confessed to
having done the shooting. He wanted
officers to arrest them.

Information received by friends of
Mrs. Poole this morning indicate that
the bullet which hit her was not in poor
health killed himself Sunday by taking
poison presumably through fear of an
impending operation, a doctor having
told him he must go to the hospital.

Lighted Clear Causes Fire Loss.
Crosby, N. D., April 28.—(Special to
The Herald.)—About \$10,000 damage
was done by a prairie fire which swept
the Roscoe city in the morning. The
fire gained its start from a lighted
cigar. Several farmers lost heavily in
cattle, hay and barns, but no res-
idences were destroyed.

Oakes Presbytery At Enderlin.
Enderlin, N. D., April 28.—(Special to
The Herald.)—The Oakes presbytery, was
held at the next place of meeting
of the Oakes presbytery, which held
its annual meeting at Oakes.

Soldier Near Golden.
Golden, Wis., April 28.—Carl Erick-
son, a small farmer, living near here,
who lived alone and had been in poor
health killed himself Sunday by taking
poison presumably through fear of an
impending operation, a doctor having
told him he must go to the hospital.

**WILL COLLECT
DOG TAXES**

Special Officer Will Be
Detailed to the
Job.

The city expects to collect more
money from dog licenses this year than
in any period since the dog catcher
was taken off the job. For years past
the collections from this source have
scarcely averaged \$1,000, and it would
not take a keen observer to conclude
that the present several times \$1,000
collected in Duluth, many of them strays
without any apparent owner. It is
planned to have a special man to
look after the work or a couple of months.
No dog pound will be established as now
contaminated, but the collector will
inform those who do not wish to pay
for their dog licenses that he will accom-
modate them by shooting Fido if they

do not wish to spend \$1 to legally en-
title him to existence.

**SECOND SUIT FROM
COASTING ACCIDENT**

Father of Injured Girl Asks
\$11,000 Damages From
Wholesale House.

Thomas Veltch, father of Margaret
Veltch, 16-year-old girl who was cri-
pled for life in a coasting accident at
Eleventh avenue west two years ago,
today started suit against the firm in
charges for loss of the girl's services
and \$10,000 compensation for the ex-
pense he has incurred.

At this time of court a cause of ac-
tion for the benefit of the girl was
brought by her father against the same
company, but the jury found in favor
of the defendant. Damages
amounted to \$10,000.

The suit
amounted to the theory that the
girl was killed in the street in violation
of a city ordinance. Ross & McKnight
are

housekeeping for two or three per-
sons; also other single and double
rooms; warm

BRITISH GOVERNMENT DECLARES WAR ON THE MILITANT SUFFRAGISTS

Scotland Yard Officers Raid
Headquarters of the
Women.

Mrs. Drummond and Other
Leaders Again Under
Arrest.

Mob Wrecks Offices of
Suffragettes at New-
castle.

London, April 30.—The British home office today inaugurated its active campaign to put an end to suffragette militancy. The headquarters of the Women's Social and Political Union, where many outrages are said to have been planned, was occupied by the police and all the active leaders taken into custody.

Even "General" Miss Flora Drummond, who was out on bail, was arrested on a fresh charge of conspiring with the members of the Pankhurst family to commit malicious damage.

Over 100 policemen and detectives from Scotland Yard were engaged in the capture of the militant suffragettes. They had secured possession of the place when "General" Drummond, apparently ignorant of what had happened, arrived and was admitted, not realizing that she voluntarily had entered the house. She was taken into custody and later taken to the Bow Street police station, where she met five other active officials of the society.

The search of police was commanded by Supt. Patrick Quinn of Scotland Yard, who has been placed in charge of a department for dealing with the suffragettes.

Mrs. Barbara Kerr, the secretary of the Women's Social and Political Union, Misses Lake, Lennox and Barrett and Mrs. Saunders, the officials of the society, who were in charge of the office at the time of the raid, were arrested and a large quantity of documents was seized.

Several typists and clerks were ordered to leave the premises, which were then closed and policemen left on guard.

The women arrested were charged with conspiracy or with violations of the malicious damage act. They are being held at the police station.

"Dangerous State of Affairs," Archibald Bodkin, counsel for the treasury, prosecuted on behalf of the government. He said the proceedings involved a charge of conspiracy, and (Continued on page 8, third column.)

CAN'T GET BRYAN, SO INVITE WILSON

Peace Congress Officers
Ask Him to Talk at
St. Louis.

St. Louis, Mo., April 30.—Officers of the peace congress which convenes tomorrow are awaiting a reply from President Wilson to a telegraphic request that he address the congress at its closing session Saturday night.

Secretary of War D. C. Hoagland was on the program for two addresses Saturday. He has wired the executive committee that on account of his conference in Sacramento it will be impossible for him to keep his engagement here. On receipt of this telegram, James A. Smith, chairman of the executive committee, telegraphed to President Wilson requesting that he address the congress. The committee offered to place a private car at the disposal of the president.

The high schools and colleges of St. Louis today celebrated the approaching meeting of the fourth American peace congress by holding peace exercises. The annual meeting of the American school peace league will be held tonight.

BARON ARRESTED ON CHARGE OF MURDER

Russian Poland Has Sen-
sation Over Death of
Prince Ladislav.

Warsaw, Russian Poland, April 30.—An extraordinary sensation was caused here today by the arrest of Baron John Bismarck, one of the wealthiest landlords of Lithuania, on the charge of murdering Prince Ladislav Drucki Lubek, a relative by marriage, whose body was found placed with two bullet wounds on April 22 in the park adjoining his residence at Terezin, near Warsaw.

Prince Ladislav was a well known Polish nobleman and president of the automobile club of Warsaw. He left his house on April 22 with Baron Bismarck for the railway station. When the prince did not return a search was made, and his body was found in the park with his carriage and horses standing nearby.

The arrest of Baron Bismarck followed his evidence at the request, which the police alleged was contradictory in regard to the last moments the two men spent together.

Baron Bismarck married Princess Radzivil, daughter of Count Andrew Zamiatycki and Princess Caroline De Bourson. Prince Ladislav was a grandson of the last Polish minister of finance.

VEDRINES BEGINS 930-MILE FLIGHT.

Lyons, France, April 30.—Julius Vedrines, the French aviator, started at 4:37 this morning on his monoplane for a flight to Edinburgh, Scotland, a distance of approximately 930 miles, in an airplane to the north.

Down Fifteen Minutes. Villacoublay, France, April 30.—Vedrines alighted here with his aeroplane at 8:10 to refuel his tanks. He took wing again at 8:25 toward the north.

SECRETARY'S WIFE IS TAKING REST CURE

MRS. W. J. BRYAN.

Washington, April 30.—Mrs. William Jennings Bryan, wife of the secretary of state, is taking a two-days' rest cure at a local sanitarium. Since coming to Washington Mrs. Bryan has had the task of furnishing and getting settled in a large home as well as meeting the great social obligations due to her position as the wife of a cabinet officer. The absence of Mr. Bryan in the West gave her the opportunity for a brief respite. Mrs. Bryan expects to return to her home tomorrow.

FORCE RANSOM FROM ALIENS

Mexicans Make Americans
Pay 18,000 Dollars in
Country's Coin.

American Foreman Seized
By Band of the
Irregulars.

Washington, April 30.—Mexican constitutionalists at San Dimas forced Americans there to pay ransom of 18,000 Mexican dollars and confiscated their arms.

Official reports today from Mazatlan say great unrest prevails among American residents there, as the Huertista forces are said to be insufficient to protect property.

Foreign merchants in Ciudad Porfirio Diaz and Pedras Negras are alarmed over the proclamation by Governor Carranza, chief of the state troops, authorizing an interior debt of 5,000,000 pesos, to be guaranteed by the constitutionalists. The proclamation says persons refusing to receive or circulate any of the money will be imprisoned.

American Is Seized. Mexico City, April 30.—An American, William B. Wofford, foreman of the Santa Rosa plantation near Ojiltin, in Oaxaca, has been seized by what was at first thought to be a newly organized band of rebels from Vera Cruz. The American ambassador was informed of the capture of Wofford and made representations to the foreign office. The foreign office explained that the commander of the band, Manuel Alvarado, was not a rebel and that his men were irregulars of the government.

TWO STOCK EXCHANGE BILLS ARE PASSED

Regulation of Advertising
of Stocks and Trades
Is Provided.

Albany, N. Y., April 30.—Two of the senate bills designed to reform methods of the New York Stock exchange were passed by the assembly last night and will now go to the governor for approval. One of the measures would make it a felony to make false statements or advertisements as to the securities or financial condition of a corporation or association. The other would make it a felony to report or publish fictitious transactions in securities with intent to deceive.

BENNINGTON, NEB., BADLY SCORCHED.

Bennington, Neb., April 30.—Almost the entire business portion of Bennington, practically was destroyed by fire early today. A dozen buildings were destroyed or badly damaged, including Paulson's opera house, the Orls and Bennington hotels, the German Lutheran church and White's drug store. The loss is estimated at \$24,000, partly insured. The fire was not under control until 5 o'clock today.

Where's the Quake? Washington, April 30.—An earthquake was recorded on the seismograph at Georgetown university early today, the main displacement being east and west, the disturbances appearing to be outside the five thousand mile zone from Washington. The record of the disturbance began at 6:51 a. m. and continued until 7:05 a. m. The intensity being moderate.

COST OF LIVING IN 1912 IS HIGHEST IN 23 YEARS

Washington, April 30.—During the latter part of 1912 the cost of living in the United States was the highest in twenty-three years. The bureau of labor statistics has just issued a report on retail prices from 1890 to 1912. The lowest cost was reached in each of the geographical divisions and in the United States as a whole in 1896. From that year to 1912 the total increase in the cost of living per year for a workingman's family, by geographical divisions, was:

North Atlantic	\$166	South Atlantic	\$157
North Central	\$187	South Central	\$186
West	\$186	Western	\$152
The approximate cost of a year's food supply for an average working man's family, at average prices of each year, by geographical divisions, for 1890, 1896 (the low year) and 1912 was:			
Division—	1890.	1896.	1912.
North Atlantic	\$319	\$260	\$466
North Central	274	265	417
South Atlantic	290	276	463
South Central	256	255	441
West	389	277	425
Western			425

FROM THIRD WIFE TO FIRST LOVE'S BRIDE

Widow of R. T. Crane Weds
Man She Quarreled With
Years Ago.

Paris, April 30.—Mrs. Emily Hutchinson Crane and Francis T. A. Junkin, both of Chicago, were married today at the mayor's office of the eighth arrondissement, and later at the American church on the Avenue D'Alma, in the presence of a large gathering.

Had Lovers' Quarrel. Chicago, April 30.—Both Mrs. Emily Hutchinson Crane and Francis T. A. Junkin are well known in Chicago. Mrs. Crane was the widow of Richard T. Crane, wealthy philanthropist and brewmaster, who died several months ago. Mr. Junkin is general counsel for the Santa Fe.

The wedding is the culmination of a romance dating back twenty-five years. At that time Mr. Junkin was a young lawyer struggling in Wall Street, New York. Mrs. Crane, who was then Miss Emily Hutchinson, was a belle of Viennese society, her father being connected with the American diplomatic service in the Austrian capital. She and Mr. Junkin were sweethearts. Finally they had a difference and the plans for the wedding were dropped.

Later Miss Hutchinson was married to Richard T. Crane, being his third wife. After his death she and Mr. Junkin renewed their romance and their engagement became known several months ago. The bride is 4 years old.

TIME CLOCK HOLDS CLUE TO MURDERER

May Help Clear Up Mystery
in Georgia
Mill.

Atlanta, Ga., April 30.—Interest in the investigation of the killing of 14-year-old Mary Phagan, whose body was found Sunday in the National Pencil company's factory, centered today about the time clock. It was expected that the time clock would clear up important features of the mystery. It was intimated that additional arrests would be made and that one or more of the men now held would be released.

Attention was attracted today to alleged irregularities in the record of the time clock at the pencil factory for the night preceding the finding of the Phagan girl's body. Detectives say several registration periods were missed on the time clock Saturday night.

ANXIOUS ABOUT THE DUCHESS.

London, April 30.—The state of health of the Duchess of Connaught, wife of the governor-general of Canada, who was operated upon yesterday for abdominal trouble remains stationary, but the bulletin issued last before noon today says that her condition will be a most anxious one during the next few days.

ANNNOYING.

She was the wife of Lewis Baumann, a railroad man, on a fixed post, to whom she was married at 9 o'clock last night. Baumann had expected to be relieved from duty, but an unceremonious police captain ordered him to his post as usual. So his bride decided to keep the watch with him.

Under the rules, policemen on fixed post are forbidden to talk to citizens except in the discharge of their duty. The pair left arm in arm this morning sharp at 8.

CALIFORNIA SENATORS DEFY WILSON'S WISH IN ANTI-ALIEN MATTER AFTER BRYAN TALK

HECKLE THE DEMOCRATS

Republicans in House Try
to Amend the Tariff
Bill.

Michigan Man's Goat Talk
Enlivens Debate on
Schedules.

Washington, April 30.—When consideration of the Underwood bill was resumed at the opening of the house today, Republican Leader Mann and his lieutenants, particularly Representatives Payne of New York, Moore of Pennsylvania, Gardner of Massachusetts and Greene of Iowa, resumed the "heckling" of the Democrats who framed the measure. The Republicans have given every indication of fighting the schedules all along the line, avoiding, however, the useless delays that would be occasioned by demanding record votes.

The Democrats propose to have night sessions continuously until the bill is voted upon and speed up its way to the greater battle between the parties in the senate. Democratic Leader Underwood, guiding the measure through the house, is putting in direct charges, as each schedule of the bill is read, the member of the committee who had charge of that schedule during the committee deliberations.

Get Down Forward. Representative Mann, as leader of the opposition, and former Chairman Payne of the ways and means committee have moved down to the front of the house on the Republican side, fortified with the Democratic bill and report and other documents.

Consideration of the earthenware and glassware schedule was resumed at the outset of today's session.

As the session proceeded amendments to the Underwood bill were introduced.

Representative Mann, as leader of the opposition, and former Chairman Payne of the ways and means committee have moved down to the front of the house on the Republican side, fortified with the Democratic bill and report and other documents.

Consideration of the earthenware and glassware schedule was resumed at the outset of today's session.

JAMES R. MANN,
Of Illinois, Minority Leader in the
House.

WILL IGNORE NEW RATE LAW

Railroad Men Say They
Will Await Decision at
Washington.

Think Bill Just Passed By
Legislature May Be
Invalid.

St. Paul, Minn., April 30.—(Special to The Herald.)—Railroad men generally say the roads will ignore temporarily the 2-cent passenger rate bill, which was signed Saturday by Governor Eberhart, until a decision has been handed down in the Minnesota rate case, now pending in the United States supreme court.

The bill provides that 2 cents a mile shall be the legal rate for passengers on all railroads for a distance in excess of five miles.

If the court upholds Judge Sanborn's decision, the 2-cent rate bill will be invalid. If the reverse is true, the bill will become effective.

CUT CAVALRY PLAN FOR GERMAN ARMY

Budget Committee Will
Sanction Only Three
New Regiments.

Berlin, April 30.—The German army bill was again before the budget committee of the imperial parliament today. An important amendment was voted, the demand of the government for six new cavalry regiments being cut down to three. This change was adopted by 16 to 12, some of the committee members arguing that cavalry had become less necessary owing to the development of aviation and the virtual abolition of cavalry charges. A further motive for the reduction of this arm of the service was advanced by one member who declared that the officers of cavalry regiments were snobbish.

ARE NEWS GIRLS REAL "NEWSBOYS?"

Paterson, N. J., April 30.—Is a girl who sells newspapers a "newsboy"? This question has divided the Paterson Newsboys' association. Since the silk workers' strike threw several thousand girls out of work, many of them have taken to selling papers on the streets. Now the girls wish to join the newsboys' association.

Most of the members are willing to admit them, but are undecided whether the organization, with girls in it, will have to change its name.

THE DAY IN CONGRESS

SENATE.
Not in session; meets Thursday.

HOUSE.
Met at 11 a. m. and resumed reading of tariff bill for amendment under five-minute rule.

Representative Neely introduced resolution to direct attorney general to prepare bill to provide Pacific railway to collect \$2,000,000 growing out of financing original line.

Representative Britten introduced a bill to repeal toll exemption provision of Panama canal act.

SUBSTITUTE BILL PLACED BEFORE BODY

Unanimous Viva Voce Vote
Accepts Measure Barring
Mongolians.

Governor Johnson Says It
Does Not Violate
Treaty.

Messages From President
Fail to Head Off the
Action.

Sacramento, Cal., April 30.—If the purpose of the visit of Secretary of State Bryan was to check further action by the legislature on an alien law directed against the Japanese, his mission has been a failure.

The conference between Secretary Bryan and the legislators closed at 11:30 o'clock last night. Within three minutes, and before most of the spectators knew what had occurred, Senator A. E. Boynton, president pro tem of the upper house, convened the senate and an amended land bill, which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California, was adopted as a substitute for the pending measure, by a unanimous viva voce vote.

Final Action Thursday. It will come up for final passage in the regular course of business Thursday morning, and undoubtedly will be approved, according to the predictions of the administration leaders. When it comes to Governor Johnson it will be signed.

In spite of the apparent overwhelming majority in favor of the measure, Senator Leroy Wright, Republican, is planning to fight the measure when it comes to a vote on the floor. He had a long conference with Secretary Bryan at midnight.

NAMES MEN TO PUT VALUES ON ROADS

Commerce Commission May
Add Army Engineer to
the Board.

Washington, April 30.—The interstate commerce commission today announced the personnel of the board of engineers to assist in formulating plans for the physical valuation of the railroads. The board will have direct charge of the carrying into effect of the plans. The members of the board are:

R. A. Thompson, now engaged in valuation work for the California state railroad commission and formerly engaged in similar service with the Texas commission.

Prof. W. D. Pence, chief engineer of the Wisconsin railroad and tax commission, engaged in valuation work.

J. S. Worley of Kansas City, Mo., a consulting engineer.

Howard M. Jones of Nashville, Tenn., a consulting and bridge engineer.

E. F. Wendt of Pittsburgh, Pa., president of the American Society of Civil Engineers, now directing engineering on the Pittsburgh & Lake Erie railroad.

The commission hopes to effect arrangements by which an officer of the army corps of engineers may be added to the board.

WOMEN FIGHT WITH TROOPS AT AUBURN

Series of Riots Marks Strike
at Harvester Twine
Plant.

Auburn, N. Y., April 30.—Militia called out last night did not prevent rioting at the International Harvester company twine mills this morning. There were several pitched battles between police, soldiers, deputies and strikers.

Six strikers were arrested, three of them women. The latter fought with all the weapons of the police. He was arrested by the chief of police after he had made a socialist speech denouncing the police, the militia and the capitalists.

Sheriff Drake and Deputy Teter were attacked by fifty women as they were escorting girl employees who wanted to go to work, and after a stone-throwing battle they arrested the woman who led the attack.

The break in the ranks of the strikers grew this morning, and by 3 o'clock 150 had entered the mill and were busy at the looms.

RUNS FOUL OF CHARTER

Health Officer Will Have Difficulty Reorganizing His Department.

Civil Service Rules Will Interfere With Proposed Changes.

Dr. H. E. Webster, director of public health, will not have smooth sailing in his contemplated official decapitation bee in the health department.

The civil service regulations of the new charter are the glue which

threatens to stick and gum the clean sweep which was planned for the municipal house-cleaning broom.

The present employees do not take kindly to being summarily fired. They do not approve of having the shakedown attached to them with an index finger pointing the way to the cold world and its opportunities or jobs to get.

The most important positions in which the health director has proposed changes are those of the meat inspector, now held by L. B. Schneider at \$30 a month; bakery inspector, now held by I. W. Bowles at \$75 a month; milk inspector, now held by Gust Hedman at \$100 per month; assistant milk inspector, known as cattle inspector, now held by Nick Tohr at \$75 a month. Other changes in lesser positions are also under consideration. The health director would install Grant B. Owen as milk inspector, Conrad Wicklund as his assistant, Leo Bernhart as meat inspector and Joseph Pratt as bakery inspector. All of them held the same places under his previous administration as health commissioner.

Those affected by the announcement specifically provides that they shall be retained. The wording of the charter of this chapter (that providing civil service) who are in office at the time of the adoption of this charter shall retain their positions unless removed for cause. They hold that this state-

ment fully covers their cases. They allege further that the men named by Dr. Webster are not eligible as they must first pass civil service examinations. The examinations, however, are to be competitive and those standing highest must be named for the several positions.

The men whose official heads have been marked for the axe say that they realize that should their superiors desire to "get" them, they can do so, although it might take a little time. They assert that they are entitled to some consideration and there is a pronounced sentiment to oppose the action of the new health director in so far as it leaves them off the pay roll. They say that even though they may eventually lose out they will insist that their successors be selected from an eligible list obtained through the medium of the civil service.

Dr. Webster did not wish to discuss the matter this morning. He said that the civil service might interfere with the program which he had tentatively outlined, but that none of the present employees of the department had said anything to him relative to the proposition.

It is likely that similar situations may arise in the future as the reorganization work of the city develops. It is stated that all of the present employees of the various departments will not be retained. When they receive their notifications it is not probable that they will submit meekly to the scissor's cut in the large number of the civil service regulations of the new charter.

The new civil service commission has not yet held a meeting to perfect its organization, but will do so shortly. The commission will be an important feature of the new form of government and will be in existence under the present commission, from present indications.

WILL KEEP PACE WITH NEW YORK IN NECKWEAR

The Oak Hall Clothing company, Second avenue west and Superior street, has announced a new sales feature that will appeal to men who follow the fashions in neckwear.

Each Friday afternoon, the Oak Hall will have on sale the latest New York creations in neckwear. An order has been placed with a New York manufacturing firm and each week a new consignment of the latest styles in neckwear on Broadway will be forwarded to the Oak Hall Clothing company.

The Duluth people will have an opportunity of buying snappy Broadway neckwear at home at the same time it is shown in the New York shops. The Oak Hall people believe the departure will prove popular with Duluth men. The scarfs will be cut in the latest dollar shapes and will go on sale at 50 cents each.

The Oak Hall neckwear window will be a Friday afternoon feature through the summer and the Oak Hall will be a Mecca for those who want the latest in neckwear styles.

NO FREEDOM FOR ACCUSED INSPECTORS

Habeas Corpus Denied to Men on Trial in New York City.

New York, April 30.—Former Police Inspectors Sweeney, Murtha, Hussey and Thompson, on trial on indictments charging conspiracy to obstruct justice, will have to be locked up every night of their trial. The appellate division of the state court so decided today in dismissing a writ of habeas corpus issued in their behalf last night.

The four inspectors were taken from Tombs prison today to the courtroom, handcuffed together, in taxicabs. They cheerfully paid their own fare and that of their keepers.

After the appellate division had dismissed the habeas corpus writ, the trial was resumed in the supreme court.

Went Army Inquiry. Washington, April 30.—Senator Dupont's resolution to reveal the number and employment of all retired officers of the army has been approved by the senate military affairs committee. Some members are eager to find out any retired officers employed in private life could not be kept on the active list and used to perform light duties which would keep younger officers from troops.

ROUND ABOUT

HOT FIGHT FOR PLACE

Three Candidates for Position Held By Mrs. Agnes L. Atwood.

Each Has Supporters Among Club Women and Social Workers.

Women do not have to wait for the vote to become active in politics. That is indicated by a hot fight now going on over the appointment of an assistant manager of the state free employment bureau, the position now held by Mrs. Agnes L. Atwood. Men, prominent politically and otherwise, are showing a disposition to keep hands off and leave the fight to the women, who are divided among three candidates for the place.

Mrs. Atwood is a candidate to succeed herself and it is understood she is being opposed by Mrs. L. Gullingsrud and Mrs. M. M. Bagnell. Mrs. Gullingsrud is an old resident of Duluth and Mrs. Bagnell has conducted a private employment bureau for women for some years.

Each of the three candidates is said to have strong support among the club women and social workers of the city, and a strong support among the labor women. W. J. Hank, Hugh Jennings, superintendent of state free employment bureau, today, Duluth, but ostensibly not in connection with the appointment. He will undoubtedly hear of the contest from all sides, however. Commissioner Hank is also expected to visit the city soon, after which an appointment will probably be made.

FREE SHAVES BY AMATEUR BARBERS

Great Day for Facial Changes Among Bowery Habitués.

Yesterday was "examination day" for applicants for barbers' licenses in Duluth. Forty-five applicants took the "exam" and most of them passed. The affair was conducted by the state board of barbers' examiners, consisting of Emil Sabat, H. H. Becker, secretary, and William Hamblin, treasurer.

Barbers' examination day is a boon to the bowery habitués for it means a free haircut and shave. Cards announcing the examination were distributed among the various employment bureaus of the city and as a result scores of men with winter growth of whiskers and hair appeared and with the sudden change of head and face covering many of them will have colds to which they were not previously subjected.

The Gibson Barber Supply company's room at West First street where the examination was held, were a curious sight yesterday. Bums of the most pronounced type, lumberjacks who were typical and unfortunates who looked pathetic awaited their turn. There were a few men in general sound of scraping and clipping and a good deal of chatter accompanied the examination. The men who passed the examination were given a small card which they were to use as a receipt for their new license. They were to be used by barbers' day and let their whiskers and hair grow until that day arrives.

TELLS ABOUT TOBACCO TRADE.

Washington, April 30.—Competition is not unknown to foreign governments buying American tobacco, according to W. G. Dunington, buyer for the Italian government, who testified today before the joint congressional tobacco commission. Until about three years ago, Mr. Dunington also was a buyer for the Austrian government. Tobacco is cheaper now on warehouse floors than it was three years ago, Mr. Dunington said, but he was unable to give any explanation for the opinion that the character of the crops did not account for it.

Mr. Dunington declared the Italian government was willing to meet competition, and expressed the belief that it did not care to compete for the Italian government, the Kentucky growers would not be able to conduct a profitable business.

The committee adjourned indefinitely.

WILSON WILL STAY IN UNITED STATES.

Washington, April 30.—Attorney General McReynolds, Secretary Lane and Frank B. Kellogg, president of the American Bar association, invited President Wilson to attend the meeting of the association in Montreal next September, but he declined.

Pope Goes Downstairs. Rome, April 30.—Pope Plus, for the first time since his recent illness, descended today from his apartment to the floor below, where he generally holds audiences. Those who accompanied him said that his recovery is now complete.

PAROLED MAN VINDICATED

Frank Rogers Did Not Intentionally Break Faith With Court.

Took Job That Prevented Him From Reporting to Officer.

The tangle in which Frank Rogers, aged 44, paroled prisoner from the district court, got himself yesterday when it was thought that he violated his parole and departed for parts unknown, was straightened out last evening.

Rogers was picked up by the police last evening at the Bethel. When he explained at the police station later that he had been working all day and had no opportunity as yet to report to Col. P. E. Resche, probation officer, he was released.

Rogers' intentions were probably all right. When Mrs. A. B. Siewert appeared before the court to ask for his parole, she stated that she had a position for him. As a matter of fact, positions had been spoken for in two places. In one case, the work was outside and in the other inside.

Rogers, when released, contrary to the expectation of Mrs. Siewert, showed up for work at the office of the man who had the "inside" work as he preferred this to the job which took him outside. Mrs. Siewert's understanding of the affair was that Rogers was to report to Col. Resche, probation officer, at 9 o'clock yesterday morning, after which he was to apply at the office of the man who wanted an "outside" job.

Rogers took the other job, and did not show up at the office of the probation officer. He had previously gone to the Bethel, it was afterwards learned, and had \$1.25 out of \$2 which had been given him by Mrs. Siewert, who had befriended him and who had been instrumental in securing his parole.

When Mrs. Siewert yesterday morning telephoned the probation officer, she was informed that Rogers had not yet shown up. She then got into touch with the man who had the "outside" work and was informed that he had not been there. After a further consultation with the probation officer, it was decided to have the police attempt to find him.

He was arrested at the Bethel where he had returned from his work. Rogers is back on his new job today. If he keeps out of trouble, he will not be in court again until Sept. 3, when Judge Cant will take up the matter of sentence, which has been continued to that time.

LOW BID MAY BE REJECTED

General Contracting Company Failed to Submit Offer in Proper Form.

P. McDonnell Will Probably Be Awarded East First Street Contract.

The contract for the paving of East First street between First and Sixth avenues with concrete blocks on a concrete base, the material desired by the property owners, will likely be awarded to P. McDonnell.

Mr. McDonnell is not the lowest bidder but he is the lowest bidder whose bid is in legal form. The price he submitted was \$24,422. That of the General Contracting company was \$23,462, a difference of \$960, or about \$6 per lot.

The general opinion appears to be that the bid of the General Contracting company is not legal and that legal complications might arise should the contract be awarded to that firm. The commissioners feel that the difference is comparatively small they should not take any unnecessary risks.

A resident in the vicinity of Twenty-third avenue east and the D. & I. R. railroad tracks has complained of smoke from the mixing plants in that vicinity, between twenty-second and twenty-third avenues. One of them is owned by the city and the other by Mr. McDonnell. It is not likely that more than one at a time will be used during the season. Mr. McDonnell will lay his own plant to provide a mixture for the pavements which he will use this summer in the East end and the city will use the other. The city mix plant is located on the city property. He used the city mix plant last fall in paving Fourth street between Fourteenth and Twenty-third avenues. The mix will be used by teams to the streets being improved. An injunction has been threatened but it is not believed that it would be sustained should the matter be brought to the courts.

PINE BARRENS NOT WORTHLESS

Ishpeming Man Proving Cut Over Land Valuable for Farming.

Ishpeming, Mich., April 30.—(Special to The Herald.)—R. P. Bronson, a prominent lumberman of Ishpeming, is demonstrating that the so-called pine barrens of Upper Michigan are not worthless as supposed generally, but at least for some crops are as productive as the most fertile farms. The experiment was started two years ago and already has had gratifying results. It having been shown that certain roots and grasses can be grown to excellent advantage. The demonstration will now be conducted on a larger scale. R. S. Snider of Goshen, Ind., a practical farmer and graduate from the Michigan Agricultural college, has become associated with Mr. Bronson in the enterprise and will have charge of the work.

Raises Pine Vegetables. Mr. Bronson owns 5,000 acres in the Escanaba river district, eight miles south of Ishpeming. There was much surprise when he purchased the tract. The soil was too sandy and could never be made to yield except at great expense, it was declared. However, last year, when twenty acres were put to the plow, potatoes, cabbages and other vegetables of excellent quality were

ELLIOTT AT BEMIDJI.

Northern Pacific Head Looks Over Farms in That Locality.

Bemidji, Minn., April 30.—(Special to The Herald.)—In company with several Bemidji business men, Howard Elliott, president of the Northern Pacific railway, was driven yesterday to the dairy farm of W. G. Schroeder, four miles west of this city, where he inspected the stock, silo, and buildings of that and other farms in this vicinity.

Mr. Elliott showed an interest in the experiment farms being conducted by his company in Northern Minnesota. One of which is on the Thompson farm near Blackduck. On these farms five acre tracts are being cultivated according to instructions sent by the railroad's experts, planted with seed furnished by the railroad, and the owners are given a cash bonus at the end of the season.

"It's a great work, and a necessary work," he said. "I was just looking up some figures the other day for a talk I was to make to some Minneapolis bankers, and I found that in Denmark the average value of the farm products was \$225 for every acre in Denmark. In the northwestern part of the United States, it is but a trifling amount. You've got to experiment and teach farming to the farmers. It's a great necessity."

Mr. Elliott also mentioned that arrangements are being made with the

extension division of the state university of this state for putting an agricultural special on the Northern Pacific railroad.

WILSON CROWDS HIS DAY'S ENGAGEMENTS

Porto Ricans, Congressmen, Diplomats and School Children Meet Him.

Washington, April 30.—President Wilson's intended departure for New Jersey tomorrow on a speaking trip congested his engagements today.

Louis Rivera, resident commissioner from Porto Rico, told the president a delegation from the Porto Rico assembly was on its way to protest against free sugar.

Representative Hobson of Alabama talked with the president about the Japanese situation, but declined to discuss it with inquiries.

Walter H. Page, ambassador to Great Britain, came to have a final talk with the president before leaving for London within ten days.

The president prepared to receive about 5,000 visiting boys and girls from various schools in the East room immediately after luncheon, and later to consult about prospective appointments with Senators Burton, Penrose, Oliver, La Follette, Stephenson, Bryan and Foidexter.

MAY DAY WILL DAWN WITH THE LABOR SKY UNCLOUDED

No Serious Disputes Between Duluth Workmen and Employers.

Tomorrow is May 1 and the labor sky in Duluth is free from clouds. Employers and employees are on an amicable basis and nearly all contracts have been signed or agreed upon, so work will go on tomorrow as on any other day of the year.

An example of the new conditions in regard to labor in Duluth is the fact that the carpenters have not yet signed their contracts with employers, but there will be no strike. Instead negotiations will be continued and the men will meantime work on the old scale. The carpenters are asking a minimum scale of 30 cents an

hour, the present scale being 45 cents. The painters have signed a new scale, fixing a minimum of 47 1/2 cents an hour. Since the open shop was inaugurated in Duluth some years ago, the painters have been receiving from 32 to 45 cents an hour with no fixed scale. This year the first conference in six years was held between master painters and journeymen painters and the new scale taking effect tomorrow is the result. The new scale also provides for a Saturday half holiday from July 1 to April 15. In the busy spring period between April 15 and July 1, the painters will work a full day on Saturday.

Plumbers, masons, bricklayers, plasterers and other union men have signed at the scale in effect this year, and there were few differences between the men and the employers.

Duluth union men say that labor conditions in the city are now entirely satisfactory to them. They say wages are up to scale and nearly all the building trades particularly are union to almost their full strength, none of the prominent building trades being less than 50 per cent union.

TENS OF THOUSANDS WANT SUNDAY MAIL

Mammoth Petition Is Sent By Express to Postoffice Department.

Washington, April 30.—The most voluminous petition ever received by the postoffice department was submitted today protesting against Sunday closing of postoffices to "the transient population of the United States." The petition was so bulky that it could not be forwarded through the mails, and was sent by express. It was neatly bound and weighed 213 pounds. Signatures of tens of thousands of people in all walks of life, including those of the governors of Michigan, Minnesota and Iowa, were affixed.

It was urged by the petitioners that

special provisions be made by the postoffice department for the delivery of mail on Sunday, and that an order be issued "to all postmasters to continue the delivery of all mail on Sunday, both to hotels and to theaters, and that all employees of the postoffice department be granted compensatory time off for any duty performed on Sunday."

It will require a change in the law to do what the petitioners ask.

ST. PAUL WOMAN DIES OF BURNS.

St. Paul, Minn., April 30.—Mrs. Minnie Mercer, severely burned when her home at Newport, a suburb, was destroyed by fire yesterday, died at a neighbor's home early today. Her daughter, Mrs. Harvey Leyde, who was critically burned in an effort to save her mother's life, is expected to recover.

MORE JOBS THAN MEN

State Free Employment Bureaus Unable to Fill Orders.

High Wages Are Offered But Men Are Not Available.

The state free employment bureaus at Duluth, Minneapolis and St. Paul are unable to supply the demand for men and women, according to Hugh Jennings, superintendent of free employment bureaus, who is in Duluth today.

"Last year we sent out 60,000 men and women, and we will exceed that number by a wide margin this year," said Mr. Jennings today. "However, we cannot nearly supply the demand. We have orders on our books for many more men and women than can be obtained. Labor conditions are certainly good when that condition obtains. High wages are offered and every inducement is given to men and women willing to work, but the men and women do not seem to be available."

"The state free employment bureau has grown into a great institution, and it will grow greater. As soon as funds are available it will spread into other sections of the state to serve the people, employers and employees. The time is passing when we will allow workmen to be penalized for looking for work, as we do now under the private employment system. The three bureaus now operating demonstrate what can be done and the system will undoubtedly be extended to the smaller cities where men are scarce and the demand for labor exists."

Breckinridge Swann. Washington, April 30.—Henry Breckinridge of Kentucky took the oath of office and entered upon his duties as assistant secretary of war, succeeding Gen. Robert Shaw Oliver.

TONIGHT'S ATTRACTIONS.

LYCEUM—Kinemacolor motion pictures.
 OLYMPIA—Vaudeville and talking pictures.
 EMPRESS—"The Petticoat Minstrels."

Amusement Notes.

Today and tomorrow the Lyceum will present an entire new program of Kinemacolor and black and white pictures. The program today includes "The Story of the Orange" and in these advanced times, when it has been demonstrated that teaching in the school with the aid of motion pictures is a necessary method, this picture of the orange industry is particularly timely. Beginning with a panorama of an orange grove, the picture passes through the various stages of the development of this luscious fruit. This is undoubtedly one of the finest sets of educational pictures produced by the Lyceum. From the Kinemacolor natural color photograph. A two-reel Western story, full of vital interest, "The Man from Montana," is included in the program, besides some excellent black and white comedies and dramas. A new picture will be heard in a new solo.

It is now some years since William H. Crane undertook to give to the stage the first splendid picture of a United States Senator. The Senator utilized for dramatic purposes. And he is to assume the modern toga of a member of that greater legislative body in the world again, and once more to masquerade as a senator. This second assumption of the character will be in the central figure of Marjorie Morton's new comedy, "The Man from Montana," which Mr. Crane will introduce here shortly. The comedy was brought out at the Garrick theater in New York, last season, and made one of the solid hits in a year that was noted for the extent of its dramatic triumphs.

Orpheum audiences are now hearing about the "silk tomato." McIntyre & Heath who are headlining this week's bill, changed their act last evening and presented "The Man from Montana." Heath has the role of the flamboyant, prosperous negro, who is successful both in love and at the gaming table, and McIntyre presents the humorous picture of the unfortunate negro whose love affairs have not been crowned with success. The audience last evening even better than their new sketch "Waiting at the Church." It will be the bill again to night, and tomorrow afternoon the old favorite "The Man from Montana" will be trotted out. This will be presented Thursday and Friday. Saturday the choice will be left to the patrons of the theater and the sketch for which the most requests are received at the box office will be offered.

Tonight's two performances will close the engagement at the Empress of the "Petticoat Minstrels." This novelty attraction has been entertaining the Empress theater patrons with many good hearty laughs. The fair young women who participate in the show are capable performers evoking side-splitting laughs with their jokes and applause with their clever dancing and pleasing renditions of new songs both comic and classic. The specialties are all clever and deserving of considerable comment by the able way in which they are presented. Georgia Flo Benz and Nettie De Coursey are two very clever black face comedians. Their numbers "No big" with the audience. The two men of the company, Arthur Cain and Fred Helder are very entertaining with their musical act and eccentric dancing.

The seat sale for the engagement of "The Time, The Place and the Girl," which opens tomorrow matinee, is

RESINOL WILL STOP THAT ITCH

Brings Instant Relief and Quickly Clears Away Skin Eruptions.

Resinol Ointment, with Resinol Soap, stops itching instantly, quickly and easily heals the most distressing cases of eczema, rash, ringworm, tetter or other tormenting skin or scalp eruptions, and clears away pimples, blackheads, redness, roughness, and dandruff, when other treatments have proven only a waste of time and money.

But we do not ask you to accept our unsupported word for it. You can send today for a generous trial of Resinol Soap and Resinol Ointment, and test them to your own complete satisfaction, at no cost whatever, while thousands have been cured say, "What Resinol did for us it will do for you." Physicians have prescribed Resinol for eighteen years and every druggist in the country sells Resinol Soap (25c) and Resinol Ointment (in oval jars, 50c and \$1.00). For free samples of each, with full directions for use, write to Dept. 15-S, Resinol, Baltimore, Md.

ELECTRO-MEDICAL TREATMENT for chronic diseases is one of the most wonderful therapeutic successes of the day. It has been perfected from years of practical experience and the most far-reaching study and intimate connection with such ailments. No man or woman suffering from any of the troubles that the ELECTRO-MEDICAL treatment cures, desires to remain in that condition. Come and let us explain modern fully what can be done in your case by our new methods. Office hours 9 to 8, Sunday, 10 to 1.

ELECTRO-MEDICAL DOCTORS, Inc.

20 West Superior St., Upstairs.

now going on. This attraction is well remembered in Duluth having played here many times, but not at the low prices of 10 and 20 cents. The story of the piece has to do with the adventures of a young but square republican named "Happy" Johnny Hicks. The part of "Happy" in the hands of that clever comedian Thomas Wilson is said to be the hit of the show.

THIRD PARTY MEN TALK OF PROSPECTS

Hugh T. Halbert and Ex-Congressman Nye Discuss Progressives' Outlook.

Winona, Minn., April 30.—The Progressive party of Minnesota last night heard expressions of optimism for the future, and was quickened to activity by addresses of Hugh T. Halbert, St. Paul, chairman of the state organization, and Frank M. Nye, former congressman of Minneapolis. Progressives from many sections of the state were present and the rally was under the direction of the first Roosevelt club in the state, formed last summer. The speakers confined their remarks to outlining the plans in the state for the future, told of the glowing prospects for the party in the nation, lauded the principles and the leaders. Mr. Nye spoke on "The Lincoln Democracy" and made it clear that he was committed to the Progressive movement, was not seeking office and was free to give his personal views. The goal of national reform, he said, could be gained only through social justice which he placed above mere property. He called the Republican party a party of special privilege, but made no reference to the Democrats. He did not discuss issue or the present development.

Should Support President. Assuming that the tariff bill pending in congress is a "consumers' tariff" bill, Mr. Halbert declared that President Wilson's plans on the tariff should be supported by all parties. "All Progressives, Republicans, Prohibitionists and Socialists, as well as Democrats, are consumers," he said. "No line is drawn between them by this bill. Every Progressive whether he belongs to the Progressive party or to the Progressive Republican, should stand by the president and support this bill. This should be done on one theory; that is, for the good of the country."

In only one way can the Progressives and Republicans add to the tariff discussion. They ought to offer a non-partisan tariff commission bill. No line is drawn between them by this bill. Every Progressive whether he belongs to the Progressive party or to the Progressive Republican, should stand by the president and support this bill. This should be done on one theory; that is, for the good of the country."

sees Benefit in New Law. In a discussion of the future of the Progressive party in this state, Mr. Halbert said that the new law opposing party recognition and insuring non-partisan elections for county offices and for the legislature would prove of great benefit to the third party. The speaker advocated the adoption of the commission form of government for Minnesota, as proposed by the Kansas plan. He said one of the crying evils of state elections had been that all the attention was concentrated on the election of governors, that the other departments were regarded as of small importance; that by the selection of commissioners of finance, justice, accounting, etc., the people would be more careful in obtaining tried and efficient public servants.

POSES AS ORPHAN; WANTED FOR THEFT

Crookston Hotel "Bellhop" Alleged to Have Robbed Waitress of \$16.

Crookston, Minn., April 30.—(Special to The Herald.)—Sheriff Kelly is seeking Bernard Brophy, aged 17, who came here a few days ago and posing as an orphan asked and was given a job as "bellhop" in a local hotel and is now accused of stealing \$16 belonging to one of the waitresses. A warrant for his arrest, charging him with taking money belonging to Stena Anderson, help at the hotel, was sworn out by Judge Gossman, A. J. Marquette being the complaining witness. Brophy called around at the hotel last Friday, pretending to be an orphan, with no means of sustenance and out of pity for him the proprietor put him on a bell hop. He gained admittance to the sleeping compartment occupied by Stena Anderson and took her purse, taking the contents \$16, the denomination of the money being unknown except that it was in paper and silver. Under some pretext he went down town and then made his getaway on a freight. He has been in the sleeping compartment at which place he left the trail and his capture is only a matter of a few hours.

BURY BRIDGE FOREMAN.

William Lowham, Old Resident of Crookston, Borne to Grave.

Crookston, Minn., April 30.—(Special to The Herald.)—The funeral of the late William Lowham, a pioneer resident, was held from the St. Mary's cathedral at 9 o'clock this morning and interment was made in the Calvary cemetery. Deceased was employed by the Great Northern railroad for a great number of years as bridge foreman. His death was the result of an operation and occurred after a lingering illness of five months. He is survived by a widow and three children. Rev. Father Wurm officiated at the obsequies.

Crookston is preparing herself in her gain attitude for the U. C. T. convention and will undoubtedly appear at her best when the knights of the grip hold their convocations here. Residents are being repainted and a general cleanup and renovation of the city is under way.

GETS NINETY DAYS FOR STEALING GOODS.

Minneapolis, Minn., April 30.—Roy Houke, formerly a department manager in a Minneapolis store, who recently was arrested in Chicago, where he was visiting relatives, Tuesday was sentenced to ninety days in the county jail. Houke pleaded guilty to stealing goods from the store.

He explained to the court that being in charge of the department, the temptation to steal was more than he could resist.

Winconsin Farmer Loses Hand. Ashland, Wis., April 30.—David Barkovitz, a farmer living near Benoit, was seriously injured by the premature explosion of a stick of dynamite. His left hand was torn off, his left eye torn out, and he was otherwise seriously hurt. His recovery is doubtful.

"We Undersell Them All"

WEST END

HERALD BRANCH:
Herman Olson, Manager, 1823 West Superior Street.

MARKET SITE IS WITHDRAWN

Owner Intends to Build on Lots Now Used for Market.

West End Commercial Club Members Will Urge City to Act.

The West End may be without a public market place during the latter part of the summer. The West End Commercial club's committee which has had charge of the market during the past year has received notice from the owner that he plans on building on the present site within the next year, and that he will not give any lease for the season.

The committee which includes Dr. O. A. Oredson, A. B. Width and L. A. Simonson, is now looking for another site in case a quick change will have to be made. A number of suggestions have been made for its location, among these being corners on Twenty-second, Twenty-third and Twenty-fourth avenues and Superior street.

At the meeting of the club to be held May 9, action will be taken to ask the city commissioners to purchase a site for a public market. It is believed that at present a half or a quarter of a block may be secured for a sum ranging from \$10,000 to \$20,000.

In a recent letter S. L. Munroe, owner of the property on Twenty-first avenue and Superior street, on which the market is now located, stated that he is considering the construction of a business block on the location. He will be in the city the latter part of May and at that time may decide as to the time of commencing the building operations.

From the tone of his communication size and cost of the building will depend on the tenant. West End people are of the opinion that if he builds, the structure will cover the entire property of 100 feet on Superior street and 140 feet on Twenty-first avenue.

That a campaign for a new location will be actively pushed is indicated by members of the committee.

"We must have a market site in this section of town," said Dr. Oredson yesterday. "The success of the market last year makes it an earnest wish this year. I have had a great many inquiries regarding the market for this year and many of them have been from farmers who did not appear here last summer. A purchase of a half a block of property by the city, for this purpose will mean thousands of dollars to this end of the city, not only in its residents being able to purchase their vegetables at lower prices, but in the additional trade it brings to its business men."

WILL SPEND FOUR MONTHS IN EUROPE

Rev. W. Grant Fritz, pastor of the Clement's Methodist chapel, 320 Garfield avenue, left yesterday for a four months' tour of Europe. He expects to return in September.

While in Europe Rev. Mr. Fritz will attend the International Sunday school convention at Zurich, Switzerland, in July. This gathering of Sunday school experts is held once every five years and is considered one of the greatest

REV. W. GRANT FRITZ.

gatherings of interest to religion held in the world.

Rev. Mr. Fritz has been in charge of the local church for nearly a year. He came to this city shortly following the death of Dr. J. A. Roberts. While he is absent the pulpit will be supplied by pastors of the district.

It is the intention of the pastor to visit points of interest in Italy, France, Germany, Austria, the Scandinavian peninsula and the British Isles.

YOUNG PEOPLE PRESENT NEW "MORALITY PLAY."

The young people of St. Peter's Episcopal church, Twenty-eighth avenue west and First street, entertained a large crowd with the production of "Every youth" in the parlors of the church last night. The play was produced under the direction of Mrs. Neil B. Morrison.

The cast of characters was as follows:
Work Rev. W. E. Harman
Every youth William McDonough
Happiness Janet Hesse
Truth Sheldon Johnson
Pleasure Emanuel Conroy
Care Earl McKenna
Temptation Myrtle McKenzie
Trouble Bertha Johnson
Conceit Anna Wasson
Vanity Hulda Olson
Reason James Wade
Love Emma Constantine

CHILDREN TO HEAR TALKS ON GARDENING.

Mrs. R. P. Boyington will give three talks to children of the Adams, Engle and Lincoln schools on gardening under the auspices of the West End Commercial club. The lectures are a part of a series arranged by the club's garden committee. The talks will be given tomorrow and Friday.

A great deal of interest is being taken

in gardening by the children. Already nearly 600 children have sent their names to the committee as wishing to take part in the contest inaugurated by the club. Prizes aggregating \$75 will be distributed by the club in the fall.

Y.P.S. SPRING FESTIVAL

At the—
SWEDISH MISSION CHURCH,
Twenty-first Avenue West and Second Street.
THURSDAY EVENING, MAY 1st, 1913.
Program and Refreshments. Admission 25 cents.

Erickson Funeral.

The funeral of Carl Erickson, 80 years old, who died at his home, 271 Helm street, Sunday, will be held tomorrow afternoon at 2 o'clock from the Swedish mission church, Twenty-first avenue west and Second street. Rev. J. J. Daniels will officiate. Interment will be made in the Union cemetery.

Leaves for Honolulu.

Miss Naomi Stream, who for the past six years has been at home, 271 Helm street, Sunday, will be held tomorrow afternoon at 2 o'clock from the Swedish mission church, Twenty-first avenue west and Second street. Rev. J. J. Daniels will officiate. Interment will be made in the Union cemetery.

Quarterly Meeting.

The quarterly meeting of the Duluth deanery of the Episcopal churches at the Head of the Lakes will be held at St. Peter's Episcopal church, Twenty-eighth avenue west and First street, on May 7 and 8. Churches of Duluth, range cities and Clouet will be represented at the meeting.

Tabitha Society.

The Tabitha Society of the Bethany Swedish Lutheran church will hold its annual "dollar" meeting tomorrow evening at the home of Miss Victoria Anderson, 1514 East Fifth street. The following program will be given:
Piano solo Miss Marie Samuelson
Vocal solo Miss Edith Samuelson
Recitation Miss May Norlund
Piano solo Miss Gertrude Fahrman
Vocal solo Miss Alfreda Benson
Piano solo Miss Edith Samuelson
Reading Miss Hildur Wallin
Piano solo Miss Lydia Johnson.

West End Briefs.

Mr. and Mrs. Charles Brennan of Saul, Minn., who have been visiting at the home of Mr. and Mrs. L. E. Gratto of the United States block, have left for the Twin Cities.

John Holman of Couer d'Alene, Idaho, who has been visiting at the home of L. A. Simonson, has left for the Twin Cities.

Mrs. Martin Johnson and daughter Hazel, who have been visiting at the home of relatives in Hermantown, have returned to their home.

Mrs. V. E. Harman, 113 North Twenty-eighth avenue west, will entertain the Rebekah Guild of St. Peter's Episcopal church at her home tomorrow afternoon.

Mrs. O. S. Lingberg of Chicago, who has been visiting at the home of her daughter, Mrs. C. W. R. Wernicke, 214 North Twenty-eighth avenue west, will leave for her home this evening.

The annual parish meeting of the St. Peter's Episcopal church, Twenty-eighth avenue west and Third street, will be held Wednesday evening, May 7. The meeting will be held in the guild rooms.

AMERICAN WOMEN AT LONDON MEETING.

London, April 30.—Mrs. O. H. P. Belmont and Mrs. Carrie Chapman Catt of New York occupied front seats on the platform at the meeting of the Women's Social and Political union at Kingsway hall last night to protest against the forcible feeding of imprisoned suffragists. Neither of the American women spoke, but showed approval of the speeches by unstinted applause.

The duchess of Marlborough, Mrs. Belmont's daughter, who was expected to be present, did not appear. At the close of the meeting Mrs. Belmont contributed \$50 to the war chest, which, by her request, was announced as from "America."

Israel Zangwill, the author, was the principal speaker. He denounced the "cruel and barbaric" "cat and mouse bill" as an abomination, and the Liberal ministry as a "pack of backboneless mongrels."

Resolutions denouncing forcible feeding with great enthusiasm were adopted by the large audience.

OPPOSE AMERICAN ART PURCHASE.

Prades, France, April 30.—A storm of protest has been aroused by the arrival here of the American sculptor, George Gray Barnard, to superintend the removal to the United States of the magnificent red marble Roman mosaic from the ruins of the abbey of St. Michael de Cuxa, which was recently purchased by a prominent American collector from the owner, Mme. Saint Jean.

Application was made some time ago to have the ruins classed as a historical monument, and the local authorities are taking steps to prevent the removal until the sub-secretary of fine arts decides on the application.

Whaley Goes to Congress.
Charleston, S. C., April 30.—Richard S. Whaley of Charleston was yesterday elected member of congress from the First South Carolina district to succeed the late George S. Legare. He was not opposed. The election was in ratification of Mr. Whaley's recent nomination in the Democratic primary. A light vote was cast.

Whaley Goes to Congress.
Charleston, S. C., April 30.—Richard S. Whaley of Charleston was yesterday elected member of congress from the First South Carolina district to succeed the late George S. Legare. He was not opposed. The election was in ratification of Mr. Whaley's recent nomination in the Democratic primary. A light vote was cast.

OMAHA IS BEING RAPIDLY REBUILT.

B. C. Wade, general secretary of the Duluth Y. M. C. A., has just returned from Chicago and Omaha. At the former place he was attending a meeting of association workers, at which it was determined to raise funds for the erection of a Washington park, Chicago, of a training school for those who wish to make Y. M. C. A. work their life.

Hood's Pills
Cure Constipation
Biliousness
Liver Ills

work. The outlined plan calls for the raising of \$500,000, of which one half is to be obtained outside of Chicago. Of this \$250,000 has already been raised.

Omaha is Mr. Wade's old home, and he visited there for a few days. He says that it is amazing the rapidly with which the city is being rebuilt after the recent cyclone. Hundreds of newly erected residences were seen by him, and many others are under construction.

INJURED MAN SUES GREAT NORTHERN.

Claiming that the sight of one of his eyes has been totally destroyed and that the other eye is seriously injured as a result of a premature explosion of dynamite which occurred last summer while employed as a section hand on an "extra gang," Julius Niemi has started suit against the Great Northern railway for \$15,000 general and \$100 special damages. Niemi claims that he was one of a crew working near Floodwood and at the time of the blast referred to was engaged with others in the work of lowering the grade of the defendant's tracks. He charges negligence on the part of the company.

"Panderers and Their White Slaves"

By Clifford G. Roe.
"A book as frank in contents as in title. It is revealing book. It illuminates a sinister phase of underworld life with a calm and ray, and it does it with thoroughness and honesty."—Chicago Inter Ocean, June 19, 1910.
This book is for sale in Duluth by Mrs. Adeline M. White, 602-2. Price, \$1.00.

Young Couples Indicted.
Elgin, Ill., April 30.—Three indictments, each charging murder in the first degree, have been returned by the special grand jury against Herman Coppes, the 14-year-old boy who confessed the murder of Mrs. Maud Sleep and her two young children. Bail

was refused and Coppes was remanded to jail.

CONSIDER EXHIBIT FOR NORWAY EXPO.

Governor Hanna Conferring With Editor of Leading Norway Paper.

Fargo, N. D., April 30.—(Special to The Herald.)—Governor Hanna, who is in Fargo today to cast his ballot in the commission election will have a conference with C. J. Hambro, editor of the Morgenbladet, the leading paper of the Norwegian people, at the big celebration in Norway next year. The statue of Lincoln is to be given Norway in return for three statues presented the Norwegians of this country and located in Fargo. A committee is raising funds for the purpose by popular subscription.

Appropriate \$15,000 for Exhibit.
North Dakota appropriated \$15,000 for an exhibit in Norway, but there is some question as to its nature. Norway will not welcome an exhibit that will be in the nature of an advertisement for this state, and that was evidently the purpose of the legislature in passing the appropriation measure.

Mr. Hambro will address the different colleges in Fargo and Moorhead and Friday night will be the chief speaker at the Sons of Norway meeting. He speaks at Fort Ransom, Hillsboro, Grand Forks, Petersburg, Lakota, Rugby and elsewhere in the state before starting to South Dakota next week.

Bury St. Cloud Suicide.
St. Cloud, Minn., April 30.—The funeral of Leslie Miller, the switchman who killed himself here recently, was held today, several members of the Minneapolis switchmen's union attending. Mrs. Charles Kohl, the mother, and Miss Sadie Miller, a sister, both of Buffalo, N. Y., arrived Monday for the funeral.

INNER PLAYER PIANO

The striking feature about the Inner Player is the patented Inner Keyboard, which takes out the stiffness and harshness of the mechanical player, and gives you the flexible stroke of a musician. After all, that is what you want in your home, for hundreds of people are going to buy players, and there is going to be a great difference between the music in the home which has an INNER PLAYER PIANO and the home which merely has a Player Piano.

The Inner Player Piano has exclusive features that cannot be obtained in the ordinary Player Piano. We have the exclusive agency for the Inner Player; come in and let us demonstrate this instrument to you.

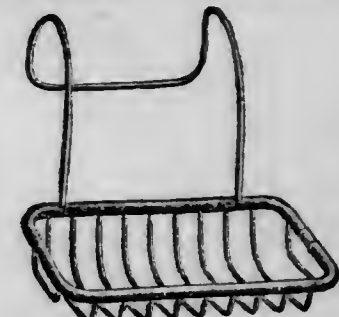

We also have a complete line of Victorolas and Grafanolas. Special prices on Pianos this week, as we move on the 30th.

Be Fair to Your Watch

Treat it with the same consideration at least that you would an ordinary piece of machinery. If it has not been cleaned and oiled for over a year it should be. It may be apparently all right, but the delicate mechanism is nevertheless slowly but surely wearing out from lack of proper attention.

How long would an automobile last without oil or cleaning?

Our Watch Repair Department—just inside the door—will be glad to look your watch over and give an estimate. If satisfactory the work will be promptly done—otherwise your watch will be returned to you free of charge.

Try it.

GOOD CLOTHES

INSPIRE RESPECT

We do not wish to go on record with the statement that only those who are dressed in the best and most expensive garments are respected, but we do insist that a well-dressed man always inspires respect and the confidence of his associates. We do not encourage extravagance in clothes. Our policy and our garments give the lie to clothes extravagance. Let us show you how it is possible for you to wear one of our

THE NEGIRA HAS BEGUN

Moving Day Finds Many Duluth Families Shifting Quarters.

Van Companies Estimate That 900 Addresses Will Be Changed.

Tomorrow, May 1, is "moving day" in Duluth.

It is not a legal holiday or occasion for banks and public offices to close, although it is observed annually by many of Duluth's residents. Some of them have not waited for "moving day" and have already shifted their place of abode, while others may not move until after the first. To some extent it depends on the ability of the van and moving companies to handle the large number of orders.

The manager of one of the van companies stated this morning that fully one and one-half times as many families would be moved this season as last, when in the neighborhood of 600 families changed their places of abode. This company has had twenty-five teams busy on the job for the past two days and has been moving families at the rate of fifty-five a day.

The reasons for moving May 1 are many and varied. People are always looking for better quarters, as a rule, and about May 1, all the available new houses are picked up. Spring is considered the best time to move, and the custom of dating leases on May 1 has sprung up. When moving comes and the lease on the old house runs out, the new one is taken. Then perhaps another family believes that the house so abandoned is better than the one that it occupies and another change is made, and so on. And then there are the people who would very much prefer moving to cleaning house once a year, no matter where they live.

There is a scarcity of houses of the better class, and real estate men report that they are very much in demand. Flats have also been well taken, and there are few desirable ones left on the rental market.

Boston Music Co.
Moved to 18 and 20 Lake avenue north.

CALIFORNIA SENATORS DEFY WILSON'S WISH

(Continued from page 1.)

ing, Governor Johnson and a number of administration leaders declared their opinions as unchanged.

Wilson's Message.
President Wilson's message was in the form of replies to questions asked by Secretary Bryan on the preceding day. In answer to the question as to the effect of a law containing the words "ineligible to citizenship" would have upon the Federal government, President Wilson sent the following to Secretary Bryan:

"I can only say that I cannot assume that the representations heretofore made to the governor and the legislature, and which your presence in Sacramento must necessarily have greatly emphasized, will be disregarded and so render it necessary to consider that question."

That was taken as the nearest approach to a threat of danger that has been made since the conference began.

Telegraphed President.
In reply to a question as to whether the substitute bill drawn by Attorney General Webb, which was acted upon by the senate later, would be acceptable, Secretary Bryan said:

"I have telegraphed President Wilson and he deems it inadvisable to sanction any particular statutes or forms of legislation. He thinks that it should be made emphatically clear, and we are acting just now as the Federal government, sanctioning not this or that, but as friends of California wishing to be of such service as is possible to California in a critical matter."

When Secretary Bryan concluded reading and discussing his messages, the conference came to an end.

Statement By Johnson.
Governor Johnson prepared a statement in which he expressed the views of the majority party.

"The conference between the secretary of state and the legislature was concluded tonight," it says. "We were delighted with Mr. Bryan, and all that he said was given the most careful attention and respectful consideration. Every opportunity was accorded him, and the conference closed only when he stated he had nothing further to say."

The members of the government of California, with unanimity, expressed themselves as desiring to aid the national government and in no wise embarrass it. The spirit pervading the

meetings was one of friendly co-operation and full of patriotic purpose.

"After it all though, I think the majority of the legislators felt, and I certainly do myself, that no sufficient reason has thus far been presented to cause California to halt in any contemplated legislation."

Will Observe Treaty.

"If any law be enacted, it may be safely asserted, treaty obligations will be scrupulously observed. The Japanese will not be signaled out by any act. The classification made by the naturalization laws of the United States, established by the Constitution of California and sanctioned by the laws of other states, probably will be followed."

This, of course, is our legal and moral right to do, and such enactment by California cannot justify and logically be either offensive or discriminatory."

New U. S. Official Talks.

Oakland, Cal., April 29.—Walter MacArthur, recently appointed United States shipping commissioner at San Francisco, and editor of the Coast Seamen's Journal, in an address here last night declared that the immigration of Japanese into California was the most dangerous force in the state to day and he asserted the day was coming when the Japanese situation would be one hard to control. He said the proposed alien law should be enacted.

Washington Waiting.

Washington, April 29.—Probably not until the legislative status of the substitute alien land owning bill adopted by the California legislature is clarified, will it be possible for the administration here to determine upon its next step. There is a wide expectation here that the assembly will reverse the action of the senate and will support breaking down of party lines in the legislature, but it is believed that the delay may improve the chances for the introduction of some amendment in the lines of the Webb bill, which presumably would have received the approval of the national government.

In explanation of the reluctance shown by Secretary Bryan to commit himself to the unilateral approval of any specific measure, it is pointed out by officials here that the administration desires to be quite free of the charge of attempting to control the proceedings of the legislature, confining itself to the role of a legislator within treaty rights and sound national policy.

Also it is said that the state department should be left unembarrassed by any commitment in advance of negotiations with the Japanese government, which now seem certain to follow instead of the rather informal exchanges that have been taking place.

HECKLE THE DEMOCRATS

(Continued from page 1.)

ments began pouring in again from the minority side, but Mr. Underwood with his large majority well in hand, defeated them one after another.

Gents Give Relief.

The weary debate was relieved by a row between Representative Hammon, Republican of Michigan, and Representative Hardy, Democrat of Texas, over a matter of gents and their duty to the house into roars of laughter drowning the debaters' words. The bill, however, was not affected.

An attempt to amend the duties of class, during which Representative Murdock declared Representative Moore of Pennsylvania "out-payned."

Representative Mann, "is to aid and to comfort the monopoly in competition with the independent."

Representative Palmer of Pennsylvania, in charge of the schedule, emphatically denied the contention.

During the debate Tuesday afternoon the Republicans attacked the Democratic policy of changing the basis of rates from the specific and compound duties of the tariff law to ad valorem rates. Representative Payne of New York declared that the ad valorem system was itself ready to undervalue frauds.

Palmer Starts Something.

Representative Palmer of Pennsylvania, in a speech which caused some excitement, defended the act of the system and declared there would be fewer undervaluations under the new bill than there had been under the Payne law.

"Why it is currently reported," he said, "that a great importer, a merchant in the city of Philadelphia, a man who in days gone by has performed great service to the American party, who has collected enormous campaign funds for the beneficiaries of tariff laws in the state of Pennsylvania for the use of the Republican fund and who has his high place in the government under Republican administration, came to Washington March 26, while the twenty-four hours of the time the Republican administration would go out of power, and he settled with the treasury department fraudulent entry cases at the port of Philadelphia extending over ten or twelve years to an amount of more than \$100,000."

He then warned aiders of the society as well as its contributors, among whom are many American women.

"I desire to give fair public warning," he said, "that if any person makes a speech in encouragement of this cause, proceedings will be taken against the speaker. If any printer prints or publishes literature originating from the Women's Social and Political Union, he may find himself in a very awkward position. If those who have money cannot find a better use for it than giving it to this organization for the commission of crime, they will be prosecuted."

Warmed American Women.

"I desire to give fair public warning," he said, "that if any person makes a speech in encouragement of this cause, proceedings will be taken against the speaker. If any printer prints or publishes literature originating from the Women's Social and Political Union, he may find himself in a very awkward position. If those who have money cannot find a better use for it than giving it to this organization for the commission of crime, they will be prosecuted."

Mr. Bodkin intimated that still more serious charges might be brought against some prisoners when the police had completed their investigations into the "nefarious practices" of the organization.

ATTENTION, AUTOMOBILE OWNERS!

FOUND AT LAST! WHAT? CHEMICAL RUBBER

The Long-Looked-For Substitute for Air in the Automobile Tire

RIDES LIKE AIR.

ENDS TIRE CARE.

Chemical Rubber eliminates the bugbear of motoring, TIRE TROUBLES.

Can you afford to be without Chemical Rubber?
Or do you enjoy these tiresome delays?
Remember how you cussed last summer.

Chemical Rubber is not a gum, gelatine mixture paste, powder or cement, and it contains nothing injurious to your tires.

Use Chemical Rubber in Your Tires and Bid Good-bye to Punctures, Blowouts, Rim Cuts, Long Delays, Aggravating Disappointments, Soiled Clothes, Dirty Work, Ruined Casings, Spoiled Inner Tubes

CHEMICAL RUBBER ADDS FROM 100% TO 400% TO YOUR TIRE MILEAGE, SAVES 95% OF YOUR TIRE UPKEEP, AND IS NOT AFFECTED BY HEAT, COLD OR CLIMATIC CONDITIONS.

CHEMICAL RUBBER

Chemical Rubber is a combination of chemicals, in cold liquid form, which becomes a perfect synthetic rubber when vulcanized. It does NOT lose its resiliency under heat, cold, or climatic conditions.

HOW IT IS APPLIED

The tire is first filled with air, until the pressure usual to the size of the tire is obtained, then Chemical Rubber in cold liquid form is injected into the tube through the air valve. The air is then ejected by special process, which permits a displacement of air for chemical rubber. This enables us to absolutely duplicate the resiliency of air by controlling the pressure on the liquid chemical rubber, thereby duplicating the resiliency of the air. (Please note that Chemical Rubber filler is NOT placed inside the casing in several pieces or in one large piece, similar to a sausage, such as many of the fillers on the market are applied.) The Chemical Rubber requires an inner tube, and its resiliency and pressure on the casing can be adjusted accurately. After the cold liquid is injected in the tube and the required pressure has been obtained the tire is placed in our specially constructed vulcanizing oven, under 110° of heat, (approximately summer heat) and allowed to remain for a period of eight hours. Chemical action taking place, the liquid becomes chemical rubber, properly vulcanized. It is extremely difficult for any one, unless they may be a rubber expert, to distinguish the difference between genuine rubber and this substitute.

An inner tube thus filled with Chemical Rubber will last as long as the automobile, as it can be easily changed from a worn-out casing to a new one. One can readily understand, by filling the tube under pressure, that every atom of space in the casing is properly filled, and there is an equal pressure on every portion of the casing, thereby insuring greater results from your tire mileage.

The tubes once filled, eliminate all further use of extra rims, tubes and tires. You may as well throw your tire repair kit away, along with your pump, and laugh at the other short-sighted motorists changing tires as you whizz by. Wherever you go, you are confident that no tire trouble will mar your trip and that you are sure of getting home.

REMEMBER, we guarantee Chemical Rubber to eliminate your tire troubles, such as PUNCTURES, RIM CUTS, BLOW OUTS, and to add from 100% to 400% to the life of your casings.

Mr. E. J. Filiatrault, of the Mutual Auto Co., who is president of this company, and men of similar character and business integrity, who compose the personnel of THE CHEMICAL RUBBER CO., protect you on this guarantee. We have just completed a modern, up-to-date plant, which adds another link in the chain of Duluth's manufacturing industries, and we cordially invite you to call on us and give us an opportunity to introduce you to Chemical Rubber and its home.

ONCE INTRODUCED TO CHEMICAL RUBBER, YOU WILL MAKE A VALUABLE AND INSEPARABLE FRIEND

OUR PLANT WILL OPEN TOMORROW MORNING AND BEGIN FILLING THE MANY ORDERS ALREADY RECEIVED FROM DULUTH AND THE RANGE CITIES. GET YOUR ORDER PLACED EARLY AS PRESENT INDICATIONS PROVE THAT OUR PLANT WILL BE WORKED TO ITS CAPACITY ALL SUMMER LONG.

REMEMBER YOU WILL RECEIVE A HEARTY WELCOME FROM

THE CHEMICAL RUBBER CO. OF MINNESOTA, Inc.

DULUTH, MINNESOTA.

"HEALTHY WORKERS"

Dr. Raymond Phelan Closes Series of Lectures in Duluth.

The Occupational Diseases Have Same Effect as Occupational Accidents.

Dr. Raymond Phelan at the Y. M. C. A. last evening delivered the last of the season's series of lectures in Duluth in connection with university extension work. He took for his subject "The Healthy Worker."

One example of the persistency of ill-health measure mentioned by the speaker was the suggestion that came in 1910 to the French minister of public works that private bathtubs be taxed on the ground that they were luxuries.

It is estimated that 1,500,000 people die every year in the United States and that continually every day 2,000,000 people are sick," said the speaker. "In addition to these, millions more without doubt are putting less into life and getting less out of it, because they are not 100 per cent well and 100 per cent efficient."

Dr. Phelan emphasized the necessity of more careful selection of workers for the different occupations, and the arranged weakness at birth, impure milk, bad water, adulterated food, defective cooking, poor housing, overcrowded schools, dust, smoke and gas as contributors to the weakened constitution and deficient vitality that many workers bring to their occupational tasks.

The study of occupational disease dates at least as far back as 1670, when Prof. Romazzini of Padua published a book on the subject. The constitution of the worker, his habits and his living environment have always had, as they must, a marked influence on the industrial and occupational disease dangers that beset workers.

The lecturer's discussion of lead poisoning, his ague, carbon monoxide poisoning, the bends or caisson disease, brought out the great importance of good physique and particularly good habits in the worker as well as careful provision for his protection in the form of exhaust fans, respirators, washing facilities and reasonable hours.

The speaker praised the sanitary agreement between the employers and workers in the New York women's clothing suit and skirt industry, and spoke particularly both of the splendid work of the Federation of Sick Clubs in Vienna in improving sanitation in Vienna factories, and of the "Overlook Tuberculosis Agreement." In 1907, Dr. Overlook, state inspector of health in Massachusetts, induced a certain employer to pay for a girl worker in a sanatorium. Over 1,000,000 people in New England, he said, are now pro-

ected by this system of employer relief for the tubercular. When the employer worked up to tuberculosis, he waked up to the probable cause of it.

Dr. Phelan predicted that when America realizes the fact that an occupational disease is no different in its consequences from an occupational accident, occupational hygiene will take long strides forward.

TWO WIVES ARE SEEKING FREEDOM

Nellie Taylor yesterday in district court filed suit for divorce against Albert Glenn Taylor to whom she was married in this city Oct. 13, 1910.

The action is brought on the grounds of desertion. Mrs. Taylor claiming her husband deserted her. Each is 21 and there are no children. She asks the court to restore to her her maiden name, Nellie Johnson.

Desertion is also charged in the divorce action which Lizzie Fitzello has started against Frank Fitzello.

They were married at Chisholm Nov. 28, 1908. The desertion is alleged to have occurred while they were living at Buhl on Oct. 29, 1910.

FUNERAL OF DULUTH PIONEER

John A. Ronning Will Be Buried Thursday Afternoon.

The funeral of John A. Ronning, who died Sunday evening at St. Luke's hospital of paralysis, will be held tomorrow afternoon at 2 o'clock from Bethesda Norwegian Lutheran church, corner of Sixth avenue east and Fifth street. A short service will also be held at 509 Lake avenue north because

of the illness of Mrs. Ronning and her inability to attend the funeral. At the same time Mr. Ronning's funeral will be held the body of his 9-month-old granddaughter, child of Mr. and Mrs. O. Reltan, will be interred.

Harvey M. Shields, vice president of the National Old Trails association on this, the second and final day of their meeting here. Addresses were made by Judge V. Root of Kingman, Ariz., who is one of the backers of the scenic route from Santa Fe to Los Angeles, adopted yesterday in place of the former plan to push the highway to the coast by way of El Paso, Tex., and Tucson, Ariz.

Old Trails Men Close.
Kansas City, Mo., April 29.—A business session, a few brief addresses and excursions over the city, occupied the delegates to the convention of the National Old Trails association on this, the second and final day of their meeting here. Addresses were made by Harvey M. Shields, vice president of the New Mexico division of the association, and by Judge V. Root of Kingman, Ariz., who is one of the backers of the scenic route from Santa Fe to Los Angeles, adopted yesterday in place of the former plan to push the highway to the coast by way of El Paso, Tex., and Tucson, Ariz.

NEWS OF THE NORTHWEST

TO MEET NEXT IN CASS LAKE

Sixth District Bankers' Group Decide to Gather There in 1914.

Annual 1913 Meeting Held at Brainerd With Notable Addresses.

Brainerd, Minn., April 20.—(Special to The Herald.)—The sixth district group of the Minnesota State Bankers' association held its tenth annual meeting here yesterday.

The officers elected were: President, J. K. Martin of Little Falls; vice president, George Hanson of St. Cloud; secretary-treasurer, Guy G. Hastings of Wadena; members of executive committee, O. A. Hetzman of Swanville and R. W. Woodcock of Cuyuna. The association recommended George D. La Bar of Brainerd as vice president of the Minnesota State Bankers' association. Cass Lake was selected as the next meeting place, the convention to be held between May 15 and 20.

The convention adopted resolutions thanking the citizens and banking fraternity for their courteous and generous hospitality, the speakers for their instructive addresses, urged the adoption of the universal use in the district of the transit numbers on all checks and drafts. He called for the appointment of three to confer with other group committees be instructed to work towards the end of bringing about a just and equitable rate of interest between the bank and its customer, the work of the secretary and protective department of the state association was commended, deplored the net of the state legislature in not passing the charter commission bills; and paid an eloquent tribute to the late Judge C. W. Holland of Brainerd, a director and vice president of the first National Bank of Brainerd since 1881.

President Worst Talks.

President J. H. Worst of the North Dakota College of Agriculture, spoke on "The Banker and the Farmer."

Worst's address was one of the most interesting and practical of the session. He pointed out at the present time are farm credits cheap and easily obtained money for the stockholder. He suggested better schools, better marketing co-operations, soil conservation and better living.

President Worst said: "Will these issues be fairly met? Will business men generally give attention to the future prosperity of the country by popularizing conservation methods or will they encourage exploitative methods of agriculture for the purpose of making immediate bank accounts by ruthlessly sacrificing the country's present natural resources? The personally-owned and well tilled farm should be made the most popular institution in the state."

Kelsey S. Chase, state superintendent of banks, spoke on "Interest Paid by Banks" and in the course of his address deprecated the high interest paid by some banks and urged steps be taken by the bankers to inaugurate a movement to gradually bring about a reduction of the rate paid on certificates in those sections where more is earned from the highest class of investments and still leave a reasonable amount for the stockholder. He suggested dividing the state into zones, the first zone be designated the 3 per cent zone, the second the 4 per cent, the third the 4 per cent, the fourth zone the 4 1/2 per cent and the fifth the 5 per cent. He recommended that any bank pay more than 5 per cent interest. According to answers received to his letters addressed to every state and national bank in Minnesota 82 per cent of the bankers of the state were in favor of reducing the rate where it was higher than conservative and safe banking would warrant.

G. A. Willis of Minneapolis spoke on "Good Roads" and G. H. Richards, secretary of the Minnesota Bankers' association told of the work of the organization. George D. La Bar, president of the First National bank of Brainerd and M. T. Dunn, president of the Citizens State bank of Brainerd, had charge of all the arrangements and were thanked on all sides for the

splendid entertainment they had provided.

Banquet Features.

At the banquet last evening the speakers were: Col. C. D. Johnson, senator of the district; C. D. Brown of the Minnesota Bankers' Protective association who said not a bank had been burglarized for a year and a half; S. F. Alderman who sang two fine songs; Howard Elliott, president of the Northern Pacific railway, who spoke on "Agriculture, Banking and the Carrier." Mr. Elliott described the co-operation that was necessary and should be practiced between these three great interests. He spoke of the "safely first movement" inaugurated by the Northern Pacific, referred to its rolling stock, its Brainerd shops, the cost of repairs, interest charges, depreciation, spoke of its stockholders, classified them and in short eloquently showed how closely agriculture, banking and the carriers were related. Former Mayor R. R. Wise asked that a vote of thanks be given Mr. Elliott for the fine train service instituted in Brainerd and the donors rose to their feet and cheered the head of the great railway system.

NEW INSTRUCTORS FOR UNIVERSITY Board of Regents Adds Nineteen to State Institution's Faculty.

Minneapolis, Minn., April 30.—Nineteen instructors were added to the teaching staff of the University of Minnesota, at a meeting of the board of regents Tuesday. The names of the new teachers were submitted to the board by President George E. Vincent, who returned from a "scouting" trip in the east. President Vincent's appointments were all confirmed and are as follows:

Dean of the graduate school and professor of history—Guy Stanford, formerly professor of modern languages at the University of Illinois.

Professor of soil chemistry, Frederick J. Allway, of the University of Nebraska.

Assistant professor of physical chemistry in the division of soil, W. D. Bonner, of the experimental station, University of Wisconsin.

Professor of zoology, C. J. Posey, University of Wisconsin.

Assistant professor in textiles, Miss Sarah Weller, Columbia university.

Other appointees were: Richard Wellington of Harvard; Frank E. Boland of Onalaska, Wis.; Miss Louise McDaniel of Washington state college; Miss Gertrude Williams of the University of Denver; C. C. Krey of the University of Illinois; Julian H. Gist of the University of Wisconsin; Grace Archibald of the Northfield school for girls; Adolph F. Meyer of St. Paul; Fred H. Swearingen, Albert Hovestern, Robert H. Dahlberg, Miss Mabel McDowell of Plattsburg, N. Y.

CRAZY MAN'S CASE IS VERY PUZZLING

Believe Unknown Inmate of Rochester Asylum Was Once in Navy.

Rochester, Minn., April 30.—The officials of the state hospital for the insane here have interested the navy department in an endeavor to ascertain the identity of an unknown man who has been a patient in the institution for five years. The man, unconscious and nearly dead, was picked up in June, 1907, along the railroad tracks near Waseca and in the following April was committed to the asylum. He has never been able to talk, and cannot remember any of his family history but can recall his life in the United States navy.

From features and signs that he makes with his left hand, his right side being paralyzed, he has indicated that he was an officer in the navy. He is laboriously writing the initials "J. C. R." he has caused the belief that these are the initials of his name. He has made it plain to the asylum officials that he entered the United States naval academy at Annapolis when a small boy, serving for many years; also, that he had been commissioned to carry certain documents from Washington to San Francisco, and that it was while on his return trip and after leaving Minneapolis that he was either thrown or fell from the train near Waseca.

His continued signs that he has been in the navy has led Dr. A. F. Kilbourn of the state hospital to take up the matter with the navy department. Every description possible, Dr. Kilbourn says, including finger prints, have been sent to the department.

NEWPORT, MINN., WOMAN IS FATALLY BURNED.

Newport, Minn., April 30.—Mrs. Minnie Mercer was fatally burned and her daughter, Mrs. Harvey Leyd, received burns which will result in death in a fire which destroyed the Mercer home here last night. The loss was \$5,000. In an effort to hasten a fire, Mrs. Mercer poured what she believed was kerosene into a stove. The house was soon enveloped in flames by the explosion which followed.

NORTH DAKOTA STUDENTS VACCINATED

Grand Forks, N. D., April 30.—Several hundred of North Dakota's university students were vaccinated Tuesday as a result of a case of smallpox having developed in the young woman

OPPOSITION TO TRUST. Witnesses Say International Harvester Co. Has Not Clear Field.

St. Paul, Minn., April 30.—The International Harvester company has competition in the Northwest, according to fifteen farmers and implement dealers here yesterday afternoon, testifying in the defense to the government anti-trust suit against the harvester company. The independent harvester companies and the Minnesota division binder plant were shot which witnesses as competitors of the International company. Farmers and dealers in sales and with their relationship to competitors.

PENINSULA BRIEFS

Marquette.—Despite the high water of March, which overtopped the range of the Presque Isle shooting club, twelve marksmen visited the club house Saturday and made fairly high scores.

Ishpeming.—The plans for a Fourth of July celebration are going forward. The general committee is composed of E. E. Keesee, chairman; L. Bradford, H. G. O'Keefe, A. A. Leonard, J. H. Hooper and Ed J. Butler. Officers for the celebration are: E. E. Keesee, chairman; Ed J. Butler, secretary; H. R. Hickory, assistant secretary, and W. S. Olson.

Negaunee.—A class of eighty-five young children of St. Paul's Catholic church congregation will receive holy communion in private in the church Thursday morning at 8 o'clock.

Marquette.—Friends in this city of Ed Tourville were shocked Monday to hear of his unexpected death, which occurred Sunday at Munising. After a two weeks' illness with typhoid fever, he passed away at 30 years of age, leaving a wife and three children.

Marquette.—Pursuant to a decree issued by the Chancery court, the Ishpeming theater was sold at public auction Monday by George F. Brown, circuit court commissioner. The Miners National bank, which was represented by Attorney E. J. Bell of Ishpeming, was the only bidder and bought the property for \$11,703.17, the original amount of the indebtedness plus the court costs.

Negaunee.—Mr. and Mrs. Louis Miller after the peak had been from Strauberg, Germany, where they visited for the past two months. They came back by way of Chicago.

Houghton.—The trout fishing season will open next Thursday. There is still considerable snow left on the grounds and until that disappears the streams will not be in shape for fishing until late in May or early in June.

Calumet.—Fire Saturday morning destroyed the two-story frame residence of Michael Bahar at the Gratiot location. A lamp in the house exploded and before the fire had time to get under control, the fire had such a start that it was impossible to save the structure.

Houghton.—Joseph Weismiller, organist at Trinity Episcopal church for twenty-six years, has resigned because of his work with the choir conflicted with his other business engagements. Mr. Weismiller's place will be filled by Paul A. Beyer, who is now connected with a Cleveland church, but will be here in the near future.

Calumet.—The following committees have been appointed to plan for Italian-American day: President, Orlando Barsanti; vice president, Anton Negro; secretary, Louis Teneit; assistant secretary, John Ghilardi; treasurer, John B. Groszlo; assistant treasurer, Baptiste Maria; patron, James Liza.

Marquette.—The body of Gabriel Cuvion, who was killed Sunday, was taken to Houghton for interment.

GATHER MANY FISH. Settlers Near Couderay, Wis., Take Suckers With Pitchforks.

Couderay, Wis., April 30.—(Special to The Herald.)—The suckers have been "running" in Sucker creek and every body within a radius of ten miles of Sucker creek, nine miles from here, has been gathering fish. During the spawning season the fish move in great schools from Lake Okauchie to Knudsen lake, through a small stream and all the men do is to stand on the banks or in the stream and kill fish with clubs and throw them out with a fork, as they move along. At times they are so thick that the water simply boils with fish and they come up the stream making a noise like a steam train. A couple of men will throw out about 1,000 pounds in a few hours.

The settlers near Couderay catch the fish and pack them in barrels for summer use and they are of great value to them.

BOOK ON EDUCATION. Is Written By Member of North Dakota Agricultural Faculty.

Fargo, N. D., April 30.—(Special to The Herald.)—The Education of Tomorrow" is a new volume written by Prof. A. D. Weeks of the department of education at the North Dakota Agricultural college. The book urges a change in the curricula to bring the education closer to the economic demands of today and prescribes a course of study which the author is certain will greatly improve the present day course of education. The University of Wisconsin and other institutions have adopted the work as a text book.

DIVIDE COUNTY, N. D., IS PRETTY "DRY" PLACE

Crosby, N. D., April 30.—(Special to The Herald.)—Divide county. Those addicted to the use of liquor are now having more difficulty in securing their supplies than at any former period. The activity of the state's attorney and the sheriff is in a large measure responsible. The druggists have surrendered their permits and so many blindpiggers and bootleggers have been prosecuted, the violations of the law are fraught with too much danger to be profitable.

KELLIHER MAN MAY HAVE GOLD MINE.

Kelliher, Minn., April 30.—John Goodman believes that he has eleven acres of gold bearing rock near Kelliher. On an eighty that he owns, he recently found some outcroppings which showed signs of gold. He had some analyzed and the assay shows 98 per cent gold by weight.

WISCONSIN BRIEFS

Madison—May 10 has been set aside as pledge day for the members of the Pan Hellenic league. Each freshman coed is sent a list of the sororities and

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

which she is to mark in order of preference. The one given first preference then sends her an invitation for membership.

Maiden Rock.—The little son of Henry Speats shot himself with an air gun, destroying the sight of one eye.

Falmouth.—The National druggists home, near this city, recently purchased will be dedicated on June 1 and 2.

Rice Lake.—The First National bank in an effort to interest the farmers in this vicinity in thoroughbred cattle, bought ninety head and resold them at cost.

Madison.—The state board of agriculture will hold a meeting at the state fair grounds in Milwaukee Friday morning, to consider improvements for the grounds. In the afternoon the board will meet at the Hotel Pflieger for the appointment of a publicity agent for the coming state fair.

St. Louis.—Postoffice inspectors checking up the books of the postoffice reported irregularities and an apparent shortage of \$1,900.

St. Paul.—A bill prohibiting any one from garnishing the wages of a pensioner has been introduced by the House by Probation Officer Theodore Puls and Judge Bakus, who expect it to go through the legislature without opposition.

Gardena druggist who was arrested recently on the charge of maintaining a liquor nuisance, had his hearing before Judge Smithson and was bound over.

Fargo, N. D.—Mrs. N. K. Anderson of Laverne died at a local hospital Sunday from an acute attack of peritonitis. Mrs. Anderson was 24 years old and is survived by her husband. She had been confined at a Fargo hospital but two days and an operation was performed. The body was taken to Laverne this morning, where funeral services were held.

Bismarck, N. D.—It is probable that Capt. Frank Henry of Valley City will be appointed state land commissioner to succeed Alex Macdonald, the present commissioner.

Grand Forks, N. D.—President F. L. McVey of the state university left Sunday for St. Louis where he will attend the fourth American peace congress which will be held there May 1, 2 and 3. He was accompanied by Mrs. McVey, who will represent the North Dakota Federation of Women's Clubs.

St. Paul, Minn.—Francis Laneris, 2-year-old son of A. T. Laneris, formerly a resident of Tyler, Minn., fell upon the point of a lead pencil, which penetrated the upper eyelid and to a depth of a half inch between the eyeball and the nose. The wound was infected, cerebral meningitis developed and the child died Monday.

MINNESOTA BRIEFS

Morristown.—A new industry has developed in Morristown with the ship-

ping of turtles. A fish company has just shipped 357 pounds of turtles to Minneapolis, this being its first shipment of this kind.

Fergus Falls.—Hans Rasmussen was arrested Saturday on the charge of giving away liquor. He was found drinking liquor in an alley with two of his friends and as he was supplying the drink he was taken into custody. He was found guilty and sentenced to sixty days in the county jail.

St. Cloud.—P. M. Magnuson, Ph. D., a member of the St. Cloud Normal faculty, is author of an educational work, just from the press. The title is "Psychology as Applied to Education" and represents eighteen years' work in the school room of Prof. Magnuson.

International Falls.—E. M. Bassler of Chicago, Ill., who has been appointed mechanical superintendent for the paper mills, has assumed his new duties. E. M. Bassler, who accompanied his father, will assist in the work of caring for the big machines.

Fergus Falls.—Mr. Hogan Johnson has bought the Bijou theater business from Mr. Art E. Orli, who has conducted it during the past few years.

Mankota.—William Matzko of Good Thunder died at a local hospital after a long illness. Mr. Matzko was 36 years of age and was born in Germany. Up to the time of his illness he operated a farm near Good Thunder. He leaves several brothers who live in that vicinity.

St. Cloud.—Valentine Walke, a resident of Stearns county for forty years, who died at his home here Saturday, after a brief illness, was buried Monday. The deceased came to this country from Poland and for a number of years lived on a farm on the Pleasant lake road. He was 92 years old and the

last years of his life have been spent in the city.

Little Falls.—Otto Plett, delivery man for the Northern Pacific Express company, has taken the position in the express office made vacant by the resignation of Joseph Mitchell and Frank Mattson has been engaged to drive the wagon.

Randette.—Randette is to have a baseball team financed by the business men. A brass band has also received the approval stamp of the Board of Trade and will be organized at once.

Brainerd.—The rear drive managed by Supt. Edward La Voy and ninety river drivers left Brainerd Friday morning and arrived at Fort Ripley Monday. Sixty million feet are to be floated on to Minneapolis. The water is at a fair stage and since the drive started has raised eight inches.

St. Cloud.—Postmaster Grinols received word from the department that his request for an additional mounted carrier in St. Cloud had been granted. While it was not all that the local postmaster had asked another arrangement is made whereby the service will be greatly improved. The changes go into effect May 1.

Moorhead.—Supt. Edwards and his team of debaters went to Breckenridge on Saturday and engaged the team of that city in a debate upon the question of granting independence to the Philippines. The Moorheads had the affirmative and won the debate.

General agents of the American Mutual life insurance company, who were indicted for manslaughter as the result of an automobile accident last November in which Andrew J. Smith was killed, has been discharged from custody by Judge Jelley, after he had nolle prosequi an indictment charging manslaughter.

THE table beer of America—

a mild home-beverage that you can serve with confidence because your home-quality standards are maintained in the making.

Budweiser

Made in a Gigantic Plant

6,000 people are employed in the main plant of Anheuser-Busch—1,500 more in branches.

There are 110 separate buildings, covering 142 acres—more than 70 city blocks.

The plant is a model of order, efficiency, cleanliness and thrift.

To go through Budweiser's home, as hundreds do daily, is the best way to realize Budweiser's quality.

DAKOTA BRIEFS

Mott, N. D.—J. T. Charnley may establish another weekly paper here. He came to Mott as editor of the Spotlight, when the plant of the New England Post was removed to Mott. He resigned last winter and was succeeded by C. H. Gorman.

McCluskey, N. D.—An addition is to be constructed to the present courthouse. When it was built four years ago it was thought to be sufficiently large for the next decade, but the building is already outgrown, and there is inadequate vault room for the county records. The addition will make provision for more vaults.

Hillsboro, N. D.—A canning factory is wanted in Hillsboro. During the starch bonnet period of North Dakota the business men of this place established a factory. They have been looking for an opportunity since to re-establish something. There are many pioneer farmers in this part of the state who are growing large quantities of vegetables and they feel a canning factory here would be a profitable investment.

Inkster, N. D.—The annual baseball tournament in Inkster will be held June 29, and four teams will compete for big cash prizes. This tournament has been made a success in the past few years and is growing rapidly. Already the teams of Larimore, Conway, and Inkster have been signed for the tournament.

Grand Forks, N. D.—John Vallana, who accompanied a bullet into the city, was recovered. The bullet lodged in his back, its course having been along the outside of the rib cage, so that the condition is not serious.

Fargo, N. D.—Fargo lodge of Elks, in anticipation of a large crowd to the state convention which meets in Jamestown next June, will have a flag quartet which will go along.

Wolford, N. D.—A number of threshing rigs have started operations to thresh the unthreshed grain left over from last fall. Ole Mundahl, J. M. Palmer and Larson brothers are running south of town, while George Mole is operating up north.

Bottineau, N. D.—H. E. Hansen, the

Strength, Nerve Force Show In Men's Eyes

This, reader, applies to you. It means I am here hinting at a marvelous power or force which you can easily avail yourself of and which might mean for you all the difference between future years of health, strength and bubbling spirits, or future years of ill-health and debility. Please use the free coupon below.

In speaking to you of this great mysterious power I care not what your years may be, whether you are young, middle-aged or elderly; I care not what in the past may have caused your loss of strength and loss of nerve energy. I say in all confidence, if by employing this new method I can quickly restore your blood and organism with new nerve force, I should then make you strong again, give you courage and health into the flesh of your eyes; make you feel young, capable, ambitious and keep you feeling young to a ripe, vigorous old age.

The secret of new strength is not found in medicine or drug stimulants.

I have created a simple, drugless method for the self-treatment of lost strength which is meeting with a marvelous demand all over the world. It is a QUICK and PERMANENT natural restorative.

Here is the simple modus operandi:

Apply the method tonight while you sleep.

Awaken tomorrow "feeling fine," all pains in back gone.

60 to 90 days, complete restoration of lost strength should result.

That is all there is to it; no drugs, no medicine, no stimulants to rub on, no rules for diet or exercise, no hardships of any kind. Absolutely nothing that is not perfectly easy for you to use and follow. One promise and one promise only I exact: you must lead a DECENT life during treatment and hereafter, otherwise your strength cannot be properly or permanently restored.

I can only afford to pay for enough space in this paper to hint at what my method is, but as soon as I receive the coupon below from you I will send you my 86-page illustrated book which not only contains a lot of private information for men but tells the full story of my wonderful discovery, what it is, where you may get it and how it is to be used.

Thousands are taking advantage of this method today for the restoration of lost strength. Not only that, but when the method is applied in a certain way it is a specific treatment for rheumatism, kidney, liver, stomach, bladder disorders and general ill health. It puts energy, man and go into your whole body. Your eyes sparkle with new power.

Drop in at my office, if in or near this city, that I may give you a practical demonstration of what the method will do. You can test it yourself and see. Hours 9 to 5; Sundays 10 to 1. Please write or call today.

86-Page Man's Book Sent FREE To You

My 86-page beautifully illustrated book, giving much information of a personal nature (and fully explaining my new treatment), will be sent to you absolutely free of charge in a plain, sealed envelope as soon as I receive the coupon below. There are several chapters in this book which ANY MAN, young or old, single or married, should read and can profit by to the end of his life. Please write today, or if living nearby, call in person and have a free demonstration of the treatment. Hours, 9 to 5; Sundays, 10 to 1.

D. S. SANDEN CO., 1201 Broadway, New York, N. Y.

Dear Sirs—Please forward me your Book, as advertised, free.

Pneumonia Danger Not Passed.

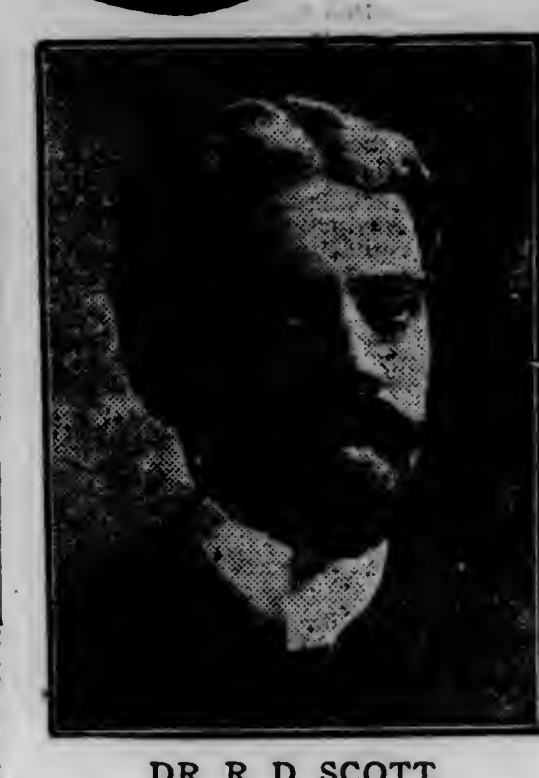

The danger of contracting pneumonia, instead of passing with the passing of winter, is probably more imminent during the cold, damp days of spring than at any other time; and it behooves every one to be on their guard against this dangerous infection. The more we learn about this disease the more likely it appears that a cure, in the popular sense of the word, will not be forthcoming, and that all reliance must be placed on prevention.

The means of prevention have, however, been carefully studied and are coming to be pretty well known; and since it has been definitely known that the germs causing the disease are present in the mouths and throats of many healthy people, it has been recognized that the means of prevention are limited to the upbuilding and preservation of the general and local resisting forces of the body. The general resistance is increased by regular living, nourishing food, fresh air and exercise. It is lowered by fatigue, cold starvation and intoxications, either with alcohol, or drugs, or poisons produced within the body. The latter intoxications are brought about through the process of oxidizing in conjunction with an insufficient intake of oxygen; therefore may be said to result in the death of the cells. A little open air exercise, poor ventilation and over-crowding. The local resistance of the lungs and air passages is increased by the breathing of pure, cool air, especially while sleeping. It demands the open bedroom window. It is decreased or impaired by the breathing of impure air, which is usually the case in both too hot and too dry, by the inhalation of anaesthetics, and the exhalation of alcohol which has been ingested. As a large part of the alcohol taken into the stomach is excreted by the lungs, it is a direct cause of what an important factor it is in the reduction of local resistance, and when it is remembered that the continuous use will also lower general resistance, the important part played by this poison in the causation of pneumonia can be readily comprehended.

Its incidence, however, does not end here, for its action on the system is such that it induces gross carelessness, and the element of unnecessary exposure to cold or wet is thus brought about. The other factors producing lowered resistance. Not to alcohol as a cause of lowered resistance, comes the intoxication from food poisons, which includes those absorbed from the system (as in intoxication), as well as those produced by the imperfect oxidation of absorbed foodstuffs (as in indigestion).

In writing about the prevention of pneumonia in the Journal of the American Medical Association, a prominent author has the following to say, which is in keeping with what I have just stated:

"While pneumonia is most frequent during the colder portion of the year, it is not dependent entirely on low temperature. The disease occurs at all seasons and in all climates. It is more frequent in the colder climates, but is rather rare in the warm. It is not a disease of the cold, but of the high altitudes and the most never known to occur within the Arctic circle. In spite of all their precautions, the armies of the world have never escaped this danger. Hence we must assume that cold acts in conjunction with some other factor in the production of the disease. Pneumonia is favored by lack of sunlight and it occurs among those who are crowded into dwellings who have to breathe the emanations from the lungs of other people. Catarrhal processes of the air passages prepare the soil for the implantation of the germ of pneumonia. It is particularly a disease of city life and crowded living. With our present knowledge, the disease is wholly preventable. For the control of pneumonia in the future through prevention. This is of special importance, for the disease is avoidable. The avoidance of pneumonia is largely a question of personal precautions that prevent the development of the disease by lessening the predisposition to it. Men in middle life, particularly those who work in the city, should take care to avoid crowds, especially when fatigued and when they have been out in the open air for hours without eating. Late at night, when for any reason a meal has been missed, they should be particularly careful not to be generally learned there would be less pneumonia among the city dwellers. The principal danger comes in crowded street cars, which if possible should be avoided at rush hours. From needs to be emphasized that the danger

DR. R. D. SCOTT.

from over-crowding is greatly enhanced by fatigue and going without food. In a word, the prevention of pneumonia is now much clearer than it was. Like all the other infectious diseases, instead of being more or less inevitable dispensation, it has come to be recognized as due to certain definite causes, so that it can be greatly lessened by public and individual hygienic regulations.

Questions and Answers.

Rheumatism.
F. J. writes: What diet is advisable for one subject of attacks of rheumatism, and will a correct diet prevent the recurrence of these attacks?

REPLY: The word rheumatism is so loosely used that it is only guessing when I infer that you mean inflammatory rheumatism. This is really the only true rheumatism, and is an infection supposed to enter the system, in most cases, through a diseased tonsil. In this disease, when heat does not relieve, and eating enough of plain nourishing food to keep the resistance at a high level is the only instruction necessary.

See that the nose, mouth and throat are healthy, and if tonsils are badly diseased have them removed. These are, probably, the best preventive measures which can be taken.

Ear Complications of Measles.
W. H. writes: Is earache coming on during an attack of measles a particularly dangerous symptom and is there great danger of hearing or pus formation in the ear?

REPLY: Slight earache during measles is a very common occurrence, and usually requires the application of heat for a few days. It only rarely goes on to middle ear disease and suppuration, although this is a possibility, which should always be kept in mind when the pain is very severe or lasts over long, or is not relieved promptly by hot applications. When heat does not relieve, but appears to aggravate the pain, you should consult your physician at once, so that if pus is forming he may evacuate it without delay, and thus prevent more serious conditions.

Cause of Cancer.
J. H. asks: (1) What is the cause of cancer? (2) How can it be prevented? (3) How can it be cured? (4) How can it be prevented from recurring?

REPLY: (1) All causes are dividing into main and contributing. The main cause of cancer is not known, although there are two theories in regard to it. The first, that it is due to some microorganism, and the second, that it is due to the ordinary cells of the body becoming planted in places where they do not belong, and then multiplying. There have also been various food theories, which have been pretty well abandoned for lack of reasonable evidence to support them. (2) Yes; it is frequently a curable cause. (3) Among the contributing causes of cancer of the breast are injuries from blows, from corset irritation and from abscesses.

STEEL TRUST REPORT GOOD

Total Earnings Much in Excess of Those of Last Year.

New York, April 30.—The financial statement of the United States Steel corporation for the first quarter of this year shows total earnings of \$34,426,801, and net income of \$25,995,593. These mark decreases of \$758,758 and \$68,417 respectively compared with the quarter immediately preceding, but are much in excess of the corresponding quarters of 1912. Total earnings aggregating only \$17,828,973 were returned and not \$12,108,415.

Surplus for the quarter amounts to \$7,369,600, as against a deficit of \$6,292,134 in the same quarter last year. This statement was under general estimates, which ran the way from \$6,000,000 to \$10,000,000. While no official explanation was vouchsafed, it is understood that the recent floods in the Middle West affected the corporation's earnings to the extent of at least \$2,000,000.

The usual quarterly dividends of 1 1/2 per cent on the preferred stock and 1 1/4 per cent on the common, amounting to \$12,658,700, were declared. The board recommended by re-electing all its retiring officers.

FALL FASHION WEEK PLANNED

Merchants Will Have Their "Openings" at the Same Time.

The Duluth Ad Men's club will have charge of the publicity for the fall fashion week to be conducted by Duluth merchants.

The members of the Retail Merchants' association have decided to have their fall openings in one week or four weeks, as formerly. The plan will be advertised in the newspapers of Duluth and towns near by, and special trains will be run to the city to accommodate the crowds. Visitors will have an opportunity of seeing the new fall goods in all of the stores on any day during the week.

The advertising men, at the meeting of their club last evening, discussed the publicity plans for the fashion week, and they will arrange some novel advertising features.

Yell Defiance at Blood Disorders

A Remedy That Has Shown a Most Remarkable Purifying Effect.

At Last You Can Get Rid of Blood Troubles—S. S. S.

The word medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known tonic medicine S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

And in regenerating the tissues S. S. S. is a rapid and positive and potent effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, falling hair, loss of weight, a pale complexion, a general weakness of muscle and nerve that is generally experienced as spring fever. Get a bottle of S. S. S. at any drug store. In a few days you will feel a new life, bright and energetic, and you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Chemical Co., 137 Swift Bldg., Atlanta, Ga., who maintain a very efficient Medical Department, where all who have any blood disorders of a stubborn nature may write freely for advice and a special book of instruction. S. S. S. is sold everywhere by drug stores, department and general stores.

MEMORIAL DAY PLANS

Efforts Being Made to Arouse School Children's Interest.

Citizens' Staff Will Offer Pennant for Largest Representation.

The Citizens' Staff will make an effort this year to arouse the school children of the city to take more interest in the celebration of Memorial day.

At a meeting of the staff last evening at the Commercial club, it was decided to offer a silk flag to the school having the largest proportional representation in the parade on Memorial day. The flag will become the permanent property of the school winning it three times in succession. The school children's division of the parade in recent years has not been as large as it should be and the Citizens' Staff members believe greater interest can be aroused. Some of the children will aid the staff, five students of the Central high school, headed by Gilbert M. Bates, appearing last evening to outline plans for a high school brigade in the parade.

The officers elected last evening are: E. H. Dunning, president; C. S. Prosser, vice president; Frank Upham, secretary; and J. E. Horak, treasurer. The following executive committee, was named by President Dunning: Judge H. A. Dancer, Frank Craswell, H. Davenport, Carroll F. Graff and H. A. Barnshaw. Norman D. McLeod will have charge of the boys' section of the parade and he will be assisted by Mr. Prosser.

RED PAINT STARTS MURDER THEORY

Deserters From Fort Sheridan Are Caught—Guard With Them.

Chicago, April 30.—Reports of a daring escape by two guardshouse prisoners from Fort Sheridan, who were thought to have murdered their guard and thrown the body into Lake Michigan, were dissipated last night by the finding of the two deserters crouching among bushes on the sand dunes by the lake near Glenview, Ill., a few miles south of the fort.

The entire garrison turned out to search for the supposed murderers. Charles Clark, a private of the Twenty-seventh United States Infantry, were captured deserters and were under guard of Private William Clark of the same regiment. Late yesterday afternoon Clark's rifle was found in a pool of blood. He and the prisoners had disappeared. The prisoners had been painting a picture under Clark's guard, and the lake was searched for his body, while a squad turned out to scour the country for the murderers.

The fact that the liquid in which the sentry's rifle was dropped was not blood, but red paint, was not suspected until after the trio had been captured. It was then found that Clark and Wilson had prevailed on Clark to desert with them. The dropping of the rifle in the lake was accidental and with no intent to start a murder mystery suspicion. Clark and Wilson were taken to the guardhouse to serve three years at Fort Leavenworth for desertion.

McMANIGAL MAY CHANGE HIS FACE.

Los Angeles, Cal., April 30.—Orlie E. McManigal, confessed dynamiter, plans to have his appearance altered by surgery when he again is in a free man. It is reported his release from the county jail may be granted at any time, and McManigal hopes to so change himself that no one will know him as the man whose testimony sent the McNamara brothers and more than a score of labor union officials to prison. Detectives say his release will be kept secret to aid him.

FOR SCOTT'S WIDOW.

British Government Provides Annuity Besides Her Pension.

London, April 30.—The British government, according to an announcement by Frome, Aquith, will provide an annuity of \$500 for the widow of Capt. Robert F. Scott, head of the British Antarctic expedition, who perished while returning from the South Pole, in addition to her admiralty pension of \$1,000.

\$400,000,000 LAND CASE IS DECIDED

Government Wins Its Action Against Southern Pacific.

Portland, Or., April 30.—Lands stipulated to be worth \$50,000,000 and estimated by experts to have a value of \$400,000,000 to \$600,000,000 was taken from the Southern Pacific Railroad company and returned to the Federal government yesterday by order of Judge E. J. Conover in the United States district court.

The famous Oregon-California land grant case, involving more than 2,000 acres, will be carried now to the circuit court of appeals, sitting at San Francisco, where the case will be heard. The case will go to the United States supreme court for final adjudication, no matter what the decision of the appeal court.

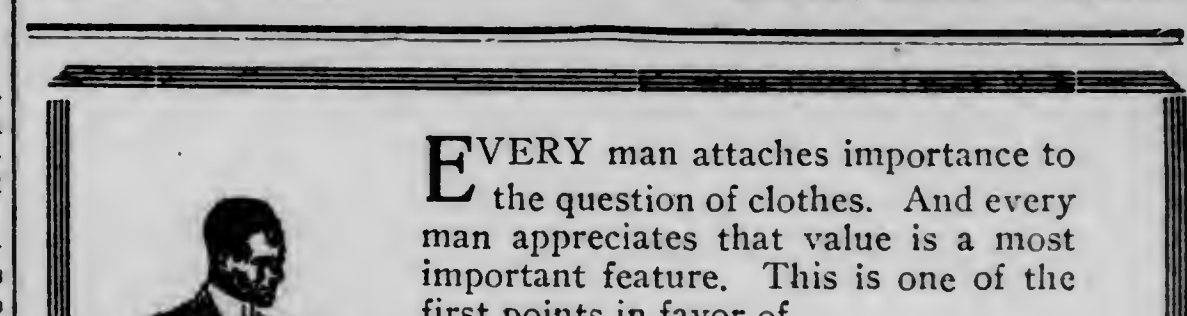

In the final decree the Lafferty and all other intervening cases were ordered dismissed and the government's main contention for forfeiture was declared the final verdict of the lower court.

A Good Collector

A statement reaching a debtor on the first of the month is a good collector—five, or even two days later, the same statement won't pull as well.

That's just one of many advantages of Burroughs-made statements—to make out, they take less than half the time of pen-made statements.

Which means, they go out on the first of the month—not from the first to the tenth. And the old rule of "first come, first served" applies to statements.

Result—less collection expense—less money on the books—less bad debts.

And it's being proved every month by many thousands of business men now using these machines.

Let us make out your statements next month—no cost nor obligation.

Two or four rooms suitable for offices; prices reasonable; over Smith & Smith drug store, 101 West Superior street. Call at Room 1005, Alworth building, Melrose 1139.

EXPECT MICHIGAN POWER COMBINE.

Louisville, Ky., April 30.—Rumors of a plan to consolidate the Commonwealth Power, Railway & Light company of Michigan, and the Union Railway, Gas & Electric company of Michigan, which have been current during the last two days, were not reflected yesterday in the quotations on the stock of these companies in Louisville, where the stock of these companies is largely held. Local financiers, however, were inclined to believe reports of the plans of Eastern capitalists to merge the Commonwealth and Union companies into one concern.

New York, April 30.—Plans have been formulated here for the acquisition by the Commonwealth Power, Railway & Light company, which heretofore has operated public service plants in Michigan only, of the Union Railway, Gas & Electric company, the Springfield Light company of Ohio. If the plan is ratified by the stockholders of the several companies, the Commonwealth company will exchange its stock for stock of the other companies, increase its capital stock and issue \$7,500,000 in bonds to obtain the money needed for extensive improvements, construction work completed and now under way.

The plans call for increase of the capitalization of the Commonwealth company to \$31,500,000, of which \$16,000,000 is preferred stock.

Hannon Gets Bonds.
Chicago, April 30.—Bonds for \$30,000 have been furnished in the United States circuit court of appeals for Michael J. Hannon of Scranton, Pa., a labor leader now serving three years in the Federal penitentiary at Fort Leavenworth for conspiracy. He will be released from prison today pending the hearing of the appeal.

HERDING THE SPORTING SHEEP AND GOATS INTO THE DOPE CORRAL, AS SEEN BY BRUCE

A MESSAGE to The Herald today announces that George A. Barton may after all remain the office of president of the Northern league. It is stated that it is believed Mr. Barton will be able to resume his duties within two or three weeks. A hard working, hustling young fellow, George Barton is just the chap to be at the head of the new league, and it is to be hoped that the Minneapolis newspaper man will be back at the helm within a reasonably short time.

According to the news sent here no action will be taken in the matter of electing a successor for some time. If Barton regains his health he will go back on the job.

NEW spring fashions in pugilism call for boosting. For instance, Jimmy Brady met Harlowe Taunay Murphy and Manager Buckley during his sojourn in Chicago. The Cadillac Teuton is just as good as ever, according to Murphy and Buckley, only he never met so clever and strong a boy as the Harlem flat owner before.

Now, you see, this is a nice little boost for the former lightweight champion of the world and indirectly a boost for Murphy.

In the old and unthinking days it would have been the according to Hoyle of pugilism to spout impulsively forth something after the following manner:

"Say, dat guy was so easy for me dat it was a shame to take the kale. Who said he kn fight? De morgue for him. Say, dat stiff should be fightin' for sinkers and coffee." But these times have past. It's the polite little boost that travels the furthest and bears the best appearance at the end of the journey. Besides, it makes some of those really believe that Wolgast is the same tough youngster that broke the heart of Battling Nelson in those gruelling rounds at Richmond, and that Murphy is a whale. It makes it better all around.

A Chicago man died while praying. However the practice is not so frequent in that city that any grave alarm may be felt.

Dr. Dudley Sargent of Harvard has expressed the opinion that witnessing professional baseball games was bad for the nerves and tended to harmful excesses. Surely Dr.

Sargent wasn't thinking of the Boston Nationals when he made this statement.

The owners of the Harvard restaurant have a plan of feeding cereals for building up the brain. Rube Waddell and Ping Bodie should try the scheme.

Harvey Blumh is hitting at .208 for the Toledo Mud Hens. It will require all of the flashy fielding and wide ground covering of the red head to stick to there, unless he improves in the bluegreen department.

Rising Duluth boxers are exhibiting a great interest in the plans for the free loan agency.

It is said that Jimmy Sheekard is going into the cafe business. He has always been a good waiter.

Cub Lajoie is now a free agent.

Johnny Hayes is back in the Marathon game. Which proves after all that the Irish have a great sense of humor.

Frank Chance gave Pitcher Roy Keating \$100 for defeating Philadelphia. It doesn't look at this stage of the game as if this was establishing a dangerous precedent.

Now that Hans Wagner is out of the game several of the pitchers of the National league have declared they have discovered his batting weakness.

The man who only bets on Walter Johnson is a measly piker.

It may never be discovered whether Willie Ritchie is able to fight.

Jim Corbett called upon Sarah Bernhardt in Kansas City the other day. Which goes to prove that environment and art are irresistibly mingled.

It is said that Willie Ritchie is in favor of anti-fighting legislation.

Joe Cantillon has declared that Dr. Osler was misinformed.

Bombardier Wells has been matched to fight George Carpenter. As a race the Britons are exceedingly lacking in humor.

There are 2,400 coffee aviators in the world. Think of the overwhelming number in some other places.

Many of our sporting citizens have recently acquired the habit of visiting Superior, which bears out the adage which sayeth misery loves company.

"Green Shoots Are Showing," says a headline. This refers to baseball as well as plants and trees.

NO DEAL ON YET.

Boston Baseball President Knows of No Trade of Chase.

Boston, Mass., April 30.—"I have no knowledge of any deal which would bring Hal Chase to the Red Sox," said President McAleer last night when questioned regarding a reported trade involving Chase's transfer from New York to Boston.

McAleer said he had not discussed the matter with any one—not even Secretary Melroy. He intimated, however, that Manager Stahl might be feeling out the New York management in an informal way as the Red Sox make a first baseman.

FRANK GOTCH IS OPERATED ON.

Marshalltown, Iowa, April 30.—Frank Gotch of Humboldt, Iowa, champion wrestler, underwent an operation in a hospital here yesterday for the removal of a growth of the turbinates in his nose. The unnatural growth is said to be the result of an accident sustained in a wrestling match several years ago.

The right side of the nose was operated on and the other side will be treated later in the week.

Postponed Games.

New York, April 30.—President Lynch of the National league last night announced the following dates for the postponed games of the season:

At Boston, June 21 (2), Philadelphia game of April 23.

At Brooklyn, June 21 (open), New York game of April 23.

At New York, June 23 (2), Brooklyn game of April 12; June 25 (2), Boston game of April 12; Sept. 4 (2), Brooklyn game of April 11; Sept. 7 (2), Philadelphia game of April 11.

At Philadelphia, the game of April 22; Oct. 3 (2), Philadelphia game of April 25.

At Philadelphia, June 26 (2), Brooklyn game of April 12; June 28 (2), Brooklyn game of April 11; July 7 (2), Boston game of April 14; Sept. 8 (2), Boston game of April 16.

At Pittsburgh, Aug. 12 (open), Cincinnati game of April 18.

At Cincinnati, May 24 (2), St. Louis game of April 13; Aug. 28 (open), St. Louis game of April 14; Sept. 7 (2), Pittsburgh game of April 10; Sept. 10 (open), Pittsburgh game of April 10; Sept. 26 (open), Chicago game of April 23.

At Chicago, May 28 (open), St. Louis game of April 11; Sept. 11 (2), St. Louis game of April 11.

At St. Louis, May 31 (2), Cincinnati game of April 23.

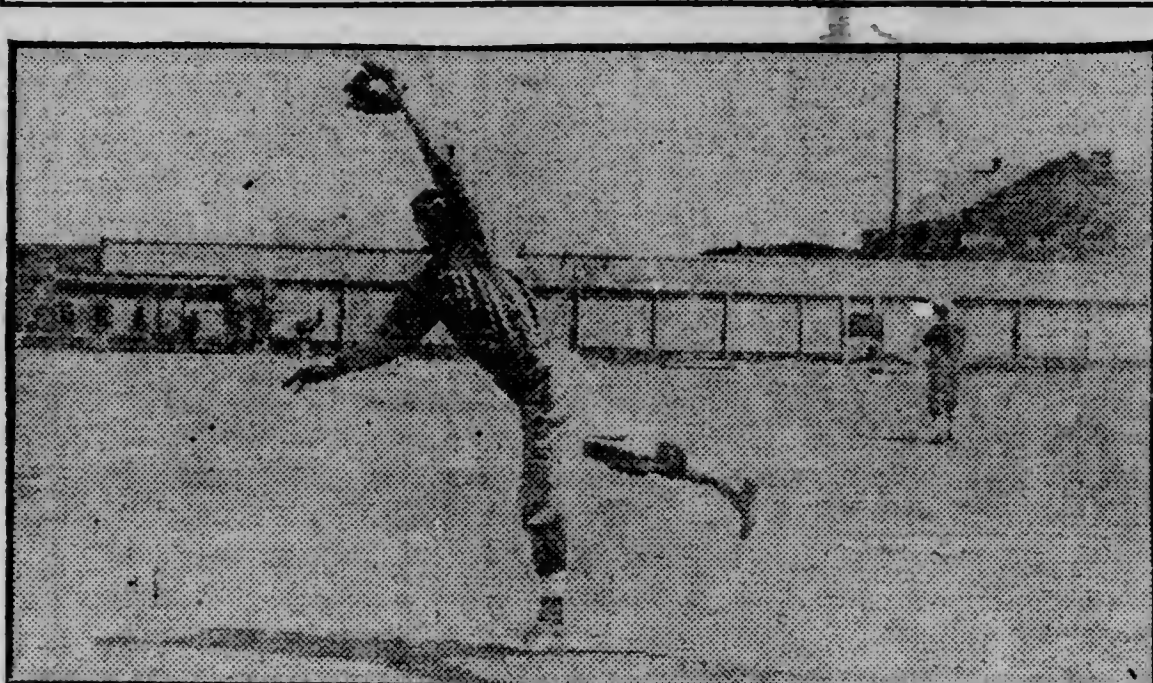

Twelve Fast Rounds.

Youngstown, Ohio, April 30.—Otto Koller of Cleveland and Eddie Murphy of Boston, lightweights, boxed twelve fast rounds here last night, Murphy getting the decision.

Wins on Foul.

New York, April 30.—After an unintentional foul in the third round by Fred Fritts, heavyweight champion of the United States navy, the referee gave George Hodel, the Boer champion, the decision by scheduling ten-round bout in Brooklyn last night.

Winnipeg, 10; Winona, 6.

Games Today.

Duluth at Minneapolis.
Superior at St. Paul.
Grand Forks at Virginia.
Winnipeg at Winona.

Minneapolis, Minn., April 30.—Duluth took the opening game of the series by accumulating six runs in the fourth round of yesterday's pastime and holding this lead to a 9 to 8 finish.

The Bronks made a desperate eighth inning rally and pulled down all but one of the flying lead of the Dooks, but the one run lead proved as good as fifty.

Ragged baseball upon the part of the little Millers proved their undoing. The championship pitcher, better than either Rice or Brackett, but his team mates persisted in booting the ball and missing easy chances, and the opening engagement was literally tossed away to the opposition.

The white stockinged visitors from Lake Superior look like a real baseball team. The Dooks played some real baseball on their first appearance in the big city, thus showing that the members of the visiting aggregation were not in the least affected by the automobiles, taxi cabs and the other disconcerting sights of a metropolis.

Aside from the two errors of Shortstop Schreiber, the visitors played perfect baseball in the field. Old man O'Brien handled eight chances with out the semblance of an error, while Schreiber also had eight opportunities in addition to the two he fumbled on.

The Bronks started the score with the idea of securing sufficient runs in the opening round to win the contest. Rice was wilder than the original gent from Borneo, walking Briere and O'Brien, and sending Doyle to the left. At this exciting juncture of the game O'Brien made motions in the direction of the dugout and Brackett was called to the mound. Unglaub singled and Briere counted. Allen was passed by Brackett and the second run of the round was over. McGriff forced Allen, but Warner was hit and the third run of the inning was duly registered on the score board.

In the fatal fourth the enemy garnered generously from the errors of the Bronks. O'Brien singled past station No. 1 and Elmer Miller drew a walk. Pauline on the second base infield hit, but a minute later Miller and the tall first baseman worked the double steal. Rhoades and Smith walked and Miller was forced in. Melence and Rhoades counted when Allen missed the third strike on Schreiber. Uncle Bob Unglaub messed up McGriff's ground offering and Smith ambled across the pan. Brackett singled at this distressing stage of the contest and Schreiber and McCarthy scampered home.

Unglaub scored Doyle in the fourth by singling after the Horn had been hit. Melence forced on a wild pitch. Unglaub, McGriff, Warner, Briere, a hit batsman and a passed counted four.

Unglaub scored Doyle in the fourth by singling after the Horn had been hit. Melence forced on a wild pitch. Unglaub, McGriff, Warner, Briere, a hit batsman and a passed counted four.

Unglaub scored Doyle in the fourth by singling after the Horn had been hit. Melence forced on a wild pitch. Unglaub, McGriff, Warner, Briere, a hit batsman and a passed counted four.

WORMAN LOSES HIS GAME AT VIRGINIA.

Virginia, Minn., April 30.—The flitting Flickertails outfit and generally outplayed the Ore Diggers yesterday in the first game of the present series by the score of 9 to 2. Worman, who was released to the Virginia club, was the star of the game.

The white stockinged visitors from Lake Superior look like a real baseball team. The Dooks played some real baseball on their first appearance in the big city, thus showing that the members of the visiting aggregation were not in the least affected by the automobiles, taxi cabs and the other disconcerting sights of a metropolis.

Aside from the two errors of Shortstop Schreiber, the visitors played perfect baseball in the field. Old man O'Brien handled eight chances with out the semblance of an error, while Schreiber also had eight opportunities in addition to the two he fumbled on.

The Bronks started the score with the idea of securing sufficient runs in the opening round to win the contest. Rice was wilder than the original gent from Borneo, walking Briere and O'Brien, and sending Doyle to the left. At this exciting juncture of the game O'Brien made motions in the direction of the dugout and Brackett was called to the mound. Unglaub singled and Briere counted. Allen was passed by Brackett and the second run of the round was over. McGriff forced Allen, but Warner was hit and the third run of the inning was duly registered on the score board.

In the fatal fourth the enemy garnered generously from the errors of the Bronks. O'Brien singled past station No. 1 and Elmer Miller drew a walk. KILBANE HAS BET

ON THE PRO RANGES

MUCH DIVIDED ON ANNEXATION

Alice Voters Are Not Harmonious on Being Joined to Hibbing.

Hibbing, Minn., April 30.—(Special to The Herald.)—The question of voting to be annexed to Hibbing appears to have divided public opinion in Alice. It forecasts a hot election there when the matter comes to a vote at a special election, to be called by the village council in accordance with the request of a petition now being prepared under the terms of the recently passed state law permitting villages to vote on the question of annexation without surrendering their organization.

"I am not in favor of annexation," said ex-Mayor Andrew Nelson, "but I have no assurance that if we vote to annex to the village of Hibbing we will get more improvements than we have at present. If we had some definite assurance that we would get electric lights and water works, I might change my mind in this matter, but until that time I shall oppose it on the theory that we will be no better off as a part of the village of Hibbing than under a separate organization, as at present."

Favors Annexation.—Charles Maynard, a well known resident of the village, who owns one of the finest homes there, is an enthusiastic and ardent supporter in favor of annexation, said Mr. Maynard. "That will dispose of litigation in which the Alice is entangled, and which is materially withholding our development."

Mayor Power said he would be governed entirely by the wishes of the people of Hibbing. "It seems to me," he said, "that this affair is entirely one of the village of Alice. Hibbing has no material benefit to accrue from annexing Alice. The advantage would be all the other way. Personally, I am not in the least enthusiastic about it, while I have interests there, but what I want the people of the city want I stand ready to do."

Many signatures had been secured to the annexation petition being circulated at Alice and it is many voters are cast for annexation it will be easily carried.

PAT SULLIVAN TO LOSE MONEY

Virginia Council Decides Not to Refund Unused Saloon License.

Virginia, Minn., April 30.—(Special to The Herald.)—The city council decided last night to rescind its action voting Pat Sullivan the unexpired portion of his saloon license fee, when the council had once voted to refund because Sullivan had lost his license through violation of the state law. Alderman McGhee said there were rumors of the refund being invoked if the refund was made so the council changed its action.

As a result of the fire near gasoline in the rear of the saloon, yesterday afternoon, Fire Chief Thayer asked the council to change the ordinance limiting the amount of gasoline stored on premises to one instead of 150 gallons.

The president of the light and water company granted the council until July 1 to take over the plant, because of the delay in selling the bonds. The clerk was directed to learn from the state railroad commission whether the matter of taking off the "Merry Widow" train is up to Virginia may be represented.

Want Railroad To Pay.—Action was taken requiring the Canadian Northern railroad to reimburse the city for work worth \$13.50, done in making one of the road's crossing passable.

The First National bank was given permission to use a part of the street near its present building for a temporary ironed building, during the erection of the bank's new office building, which will be located at the most modern on the range.

C. A. Marshall of Duluth appeared on behalf of a bill posters' license, which is being taken out in the name of Thomas Clark. Mr. Clark's license, which the business would be conducted in a manner that would not be objectionable, also that the organization was going to produce painted signs, probably electric signs, and maybe would charge \$100 to \$150 a year.

Virginia Class Play.—Cast That Will Present "The Stubbornness of Geraldine" Twice.

Virginia, Minn., April 30.—(Special to The Herald.)—Supt. Lafayette Bliss of the public schools announces that the class play given each evening, Tuesday and Wednesday, will be given twice during the week of June 10, with a different cast each evening. The double cast follows: Geraldine Lang, Hella E. Johnson; Mrs. Thompson, Ethel E. Whitman; Mrs. Wright, Ruth Butler; Pauline Handt, Anna M. Pfaffman; Mrs. Lane, M. J. McKeen; Mrs. Mathewson, Elvina J. Larson; Mrs. Dred, Lovina J. Walker; Mrs. Harry K. Whipple, Ruth J. McKenzie; Miss Piney, Millicent J. Roskilly; Molly Lansing, Mary A. Mattson; Gertrude L. Clarke; another lady passenger.

VIRGINIA MEN FACING ARREST

Pair Alleged to Have Stored Gasoline Under Hay That Took Fire.

Virginia, Minn., April 30.—(Special to The Herald.)—The warning of a Standard Oil company driver that there was gasoline in a tank under some burning hay in the rear of Jacob and Reuben Latz's homes on Hickory street, despite the claim of the two to the contrary, probably prevented an awful happening yesterday afternoon when fire broke out in the hay and the department tackled the blaze. City Attorney Morgan has laid the matter before the state fire marshal of the violation of the ordinance and says arrests will follow.

Fire Chief Thayer and his men found the barn and shed in the rear of 223 Hickory street a mass of flames. Two horses were taken from the barn by the firemen and the horses were played at close range on the burning bales of hay which filled a portion of the shed. Underneath the hay was a 100-gallon galvanized iron tank.

Makes Denial to Chief.—"Is there anything in that tank?" asked the chief of Mr. Latz. "No, nothing," he replied Mr. Latz. "You had fifty gallons of gasoline delivered only a few days ago." "Oh, yes, but we used that all up," replied Mr. Latz, "and the tank is empty. Just then we came the Standard Oil driver and said: 'Look out there, boys, there's gasoline in the tank. It put fifty gallons in a couple of days ago.' The iron tank was surrounded by a mass of burning hay and around and around was littered up with a quantity of planing mill shavings used as bedding for the horses. When the great danger of the gasoline exploding was known to Chief Thayer he immediately ordered the tank to be removed, but the tank was a stream of water on the tank in the hope that the explosion could be prevented, but for some reason it was not. The explosion was so great that it was discovered that the soldier on the gasoline tank had been melted and had it exploded several men would have lost their lives.

DULUTH MEN TO SPEAK.—W. A. Dickinson and Fred Ward invited to Hibbing.

Hibbing, Minn., April 30.—(Special to The Herald.)—At the dinner to be given by the Commercial club next week, W. A. Dickinson of the land department of the Iron Range and County Agricultural Agent Fred Ward of Duluth will deliver the address.

Mr. Dickinson will talk on "What a Commercial Club Can Do to Boost Agriculture," and Mr. Ward will deliver the address on "The Organization of Farmers' Clubs."

TOWER MILL WILL START ON THURSDAY.—Tower, Minn., April 30.—(Special to The Herald.)—The Cook & Ketchum company expect to start the new mill in the morning.

Mr. Bradley of the state game and fish commission, yesterday inspected the local hatchery, and is much pleased with the work being accomplished there. The percentage of pike hatched at this place being high, being 60 per cent.

G. A. Whitman, the Eveleth banker, and president of the local bank, was a business caller here Monday.

Dr. O. C. Benson, superintendent of the government Indian school, was a visitor Tuesday.

Gilbert Ketchum, entertained his mother at the Hotel Vermilion over Sunday.

IMPROVING DEPOT GROUNDS AT HIBBING.—Hibbing, Minn., April 30.—(Special to The Herald.)—The Missabie railroad is making improvements to its depot grounds which will be completed by the end of the month.

GRAND RAPIDS NOTES.—Grand Rapids, Minn., April 30.—(Special to The Herald.)—The Royal Neighbors Flower Power Club met Tuesday May 6, with Mrs. E. J. Ebel, who was the hostess.

EVELETH WOMAN DIES.—Mrs. J. C. McGilvery Is Victim of Bright's Disease.

Eveleth, Minn., April 30.—(Special to The Herald.)—Mrs. J. C. McGilvery died last evening at her home on Jones street of Bright's disease, from which she had been a sufferer for several years. Though her immediate confinement had been of only a few weeks, she was in the last stages of the disease. She was born Nov. 28, 1857. Besides her husband she is survived by four children: her father, the late James Hughes, of Chisholm died last fall.

BURY BUHL SUICIDE.—Buhl, Minn., April 30.—(Special to The Herald.)—The funeral of Henry Selin, the tailor, who committed suicide by taking carbolic acid last Saturday afternoon following a protracted spree, was held here yesterday afternoon.

Selin was about 45 years old and left a wife and family. His body was found by friends Saturday afternoon in the rear of the garage ground. Near it was found a bottle of carbolic acid and a small note which had been addressed to the liquor habit for some time.

HIBBING BOYS STEAL BASEBALL OUTFITS.—Hibbing, Minn., April 30.—(Special to The Herald.)—Eleven small boys yesterday were stored the notion store of M. P. Flanagan, recently retired from business and appropriated several baseball bats, mits and other paraphernalia, together with quantities of marbles and other merchandise. Warrants for their arrest were sworn out by the return officer and all will get hearings at the next term of the juvenile court before Judge Hughes.

VIRGINIA MEN FACING ARREST

Pair Alleged to Have Stored Gasoline Under Hay That Took Fire.

Virginia, Minn., April 30.—(Special to The Herald.)—The warning of a Standard Oil company driver that there was gasoline in a tank under some burning hay in the rear of Jacob and Reuben Latz's homes on Hickory street, despite the claim of the two to the contrary, probably prevented an awful happening yesterday afternoon when fire broke out in the hay and the department tackled the blaze. City Attorney Morgan has laid the matter before the state fire marshal of the violation of the ordinance and says arrests will follow.

Fire Chief Thayer and his men found the barn and shed in the rear of 223 Hickory street a mass of flames. Two horses were taken from the barn by the firemen and the horses were played at close range on the burning bales of hay which filled a portion of the shed. Underneath the hay was a 100-gallon galvanized iron tank.

Makes Denial to Chief.—"Is there anything in that tank?" asked the chief of Mr. Latz. "No, nothing," he replied Mr. Latz. "You had fifty gallons of gasoline delivered only a few days ago." "Oh, yes, but we used that all up," replied Mr. Latz, "and the tank is empty. Just then we came the Standard Oil driver and said: 'Look out there, boys, there's gasoline in the tank. It put fifty gallons in a couple of days ago.' The iron tank was surrounded by a mass of burning hay and around and around was littered up with a quantity of planing mill shavings used as bedding for the horses. When the great danger of the gasoline exploding was known to Chief Thayer he immediately ordered the tank to be removed, but the tank was a stream of water on the tank in the hope that the explosion could be prevented, but for some reason it was not. The explosion was so great that it was discovered that the soldier on the gasoline tank had been melted and had it exploded several men would have lost their lives.

No More Constipation

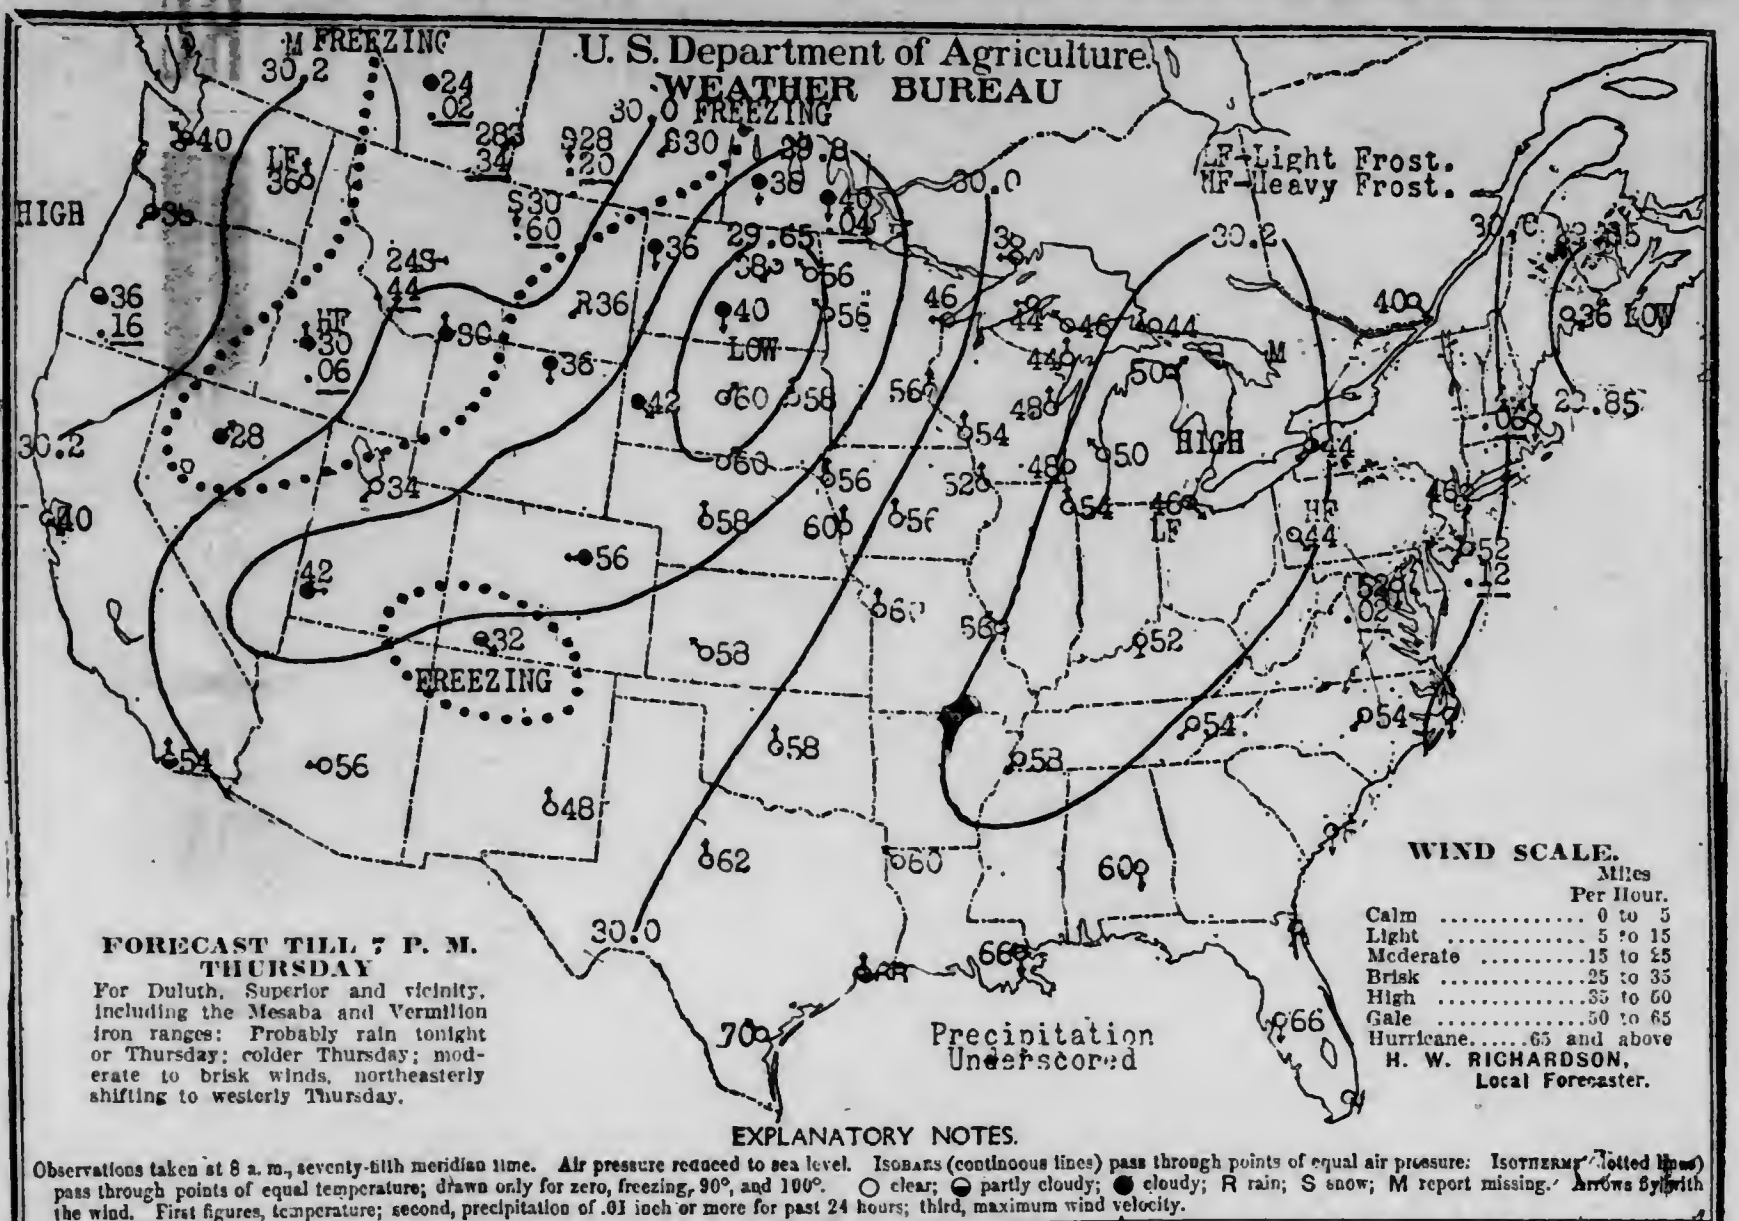

It's Me For Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calumet's old time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

OFFICIAL MAP OF THE WEATHER

RAIN

The weather continued fair tonight and tomorrow with temperature near freezing.

Montana—Unsettled with snow in east and south portion this afternoon and probably tonight; colder in south-east portion tonight; Thursday generally fair with warmer in west portion.

Upper lakes—Moderate southerly probably becoming brisk on Superior and Michigan; generally fair weather tonight and Thursday.

The Temperatures.—Following were the highest temperatures for twenty-four hours and the lowest for twelve, ending at 7 a. m. today:

High.	Low.	High.	Low.
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40
Albany	40	Albany	40

Chicago, April 30.—Forecasts for twenty-four hours ending at 7 p. m. Thursday:

Lower Michigan—Fair tonight and Thursday; warmer in southeast portion tonight.

Upper Michigan—Fair weather tonight and Thursday; somewhat warmer tonight; cooler in west portion Thursday.

Wisconsin—Fair tonight and Thursday, becoming unsettled in northwest portion Thursday night; warmer tonight; cooler in west portion Thursday.

Minnesota—Increasing cloudiness tonight; cooler Thursday and in west portion Friday.

Iowa—Fair tonight with warmer in east and cooler in extreme west portion Thursday; overcast and colder in North Dakota and South Dakota.

day afternoon from 3 until 6:30 for the farmers who may come into town. The proceeds will go to the foreign mission work.

HIBBING CHURCH DEVOTIONS ENDED.—Hibbing, Minn., April 30.—(Special to The Herald.)—Forty hours' devotion at the Church of the Holy Trinity, which began this morning, closed at 8:20 o'clock this morning. The forty hours' devotion began with a service at 8:20 o'clock this morning. There has been a solemn benediction and a sermon every evening.

HIBBING CRIPPLE IS SENT TO HOSPITAL.—Hibbing, Minn., April 30.—(Special to The Herald.)—Nicholas Miller, a cripple, who has been about Hibbing for some time, was sent to the county hospital at Duluth yesterday. Miller has developed pronounced syphilis.

EVELETH CONCERN GETS BRAINER JOB.—Brainer, Minn., April 30.—The school board has let the contract for installing a heating and ventilating plant in the Harrison school to the Brainerd Heating and Ventilating Co. of Eveleth, the contract price being \$4,480.

Grand Rapids High School Notes.—Grand Rapids, Minn., April 30.—(Special to The Herald.)—The high school team will play the Coleraine team at once.

Steel Muzzles Off Dogs.—Virginia, Minn., April 30.—(Special to The Herald.)—Muzzle stencils are getting busy here and several valuable dogs have come home minus their nose guards within the last few days.

Buhl Property Named Dean.—Buhl, Minn., April 30.—(Special to The Herald.)—The Dean will be the name of a new mine in the Buhl district being struck by Butler Bros. for the Great Northern interests.

Kindergarten Spring Party.—Grand Rapids, Minn., April 30.—(Special to The Herald.)—The kindergarten class of the local kindergarten class have issued invitations for a spring party to be given in the kindergarten room of the Central school Friday afternoon.

Two Keewatin Men Fined.—Grand Rapids, Minn., April 30.—(Special to The Herald.)—The case against Mike Michelson of Keewatin for keeping his saloon open on Sunday, and Dan Wiscovitch, charged with resist-

ing an officer, were heard yesterday in justice court. Both were found guilty. Michelson was fined \$25 and costs, and Wiscovitch was fined \$10 and costs. Both men appealed to district court.

Boston Music Co. Moved to 18 and 20 Lake avenue north.

LEAPS FROM AUTO.—Handcuffed Prisoner Gets Away From Officer and Is Retaken.

Eau Claire, Wis., April 30.—Sheriff Henry Nehr and a deputy, while bringing Frank E. Mulvaney, aged 38, of Hammond, Ind., to Eau Claire from Altoona on a charge of forgery, Monday night, had an exciting time when Mulvaney jumped from the machine while handcuffed and escaped into the darkness, but was retaken by the sheriff and taken to court yesterday.

Mulvaney pleaded guilty to a charge of forgery and was bound over to circuit court for trial.

Mulvaney forged a time check for \$22.75 on the 15th of April, 1913, at the new branch of the Altoona branch of the W. H. Howard, the Altoona butcher.

Bold Mill City Auto Theft.—Minneapolis, Minn., April 30.—Calmy, holding a cigar, the glowing end of which shone through the darkness, burglar deliberately walked into the garage of Albert A. Gerde late Monday night.

Mulvaney forged a time check for \$22.75 on the 15th of April, 1913, at the new branch of the Altoona branch of the W. H. Howard, the Altoona butcher.

WIPING OUT BRANDS.—Blismarck, N. D., April 30.—The ranch brands of North Dakota are to be cleared up and by the end of the year there will no longer be a multiplicity of records in the books here. There are now about 13,000 on the records and probably only a few hundred are in actual use, certainly only a comparatively small percentage of the total.

With the advancing ranks of the actual homesteaders the ranchers were forced to use the use of the old brands, but the great majority of the ranchers have moved away and no longer use the brands.

The legislature passed a measure wiping out the old brands of the state Nov. 1, 1913. Until Dec. 1 the present holders will have an opportunity to renew their brands. Then after Jan. 1, 1914 new applicants can record old brands that have been cancelled by the state.

WILL SAW "DEADHEADS."—Brainerd Man Gets Nice Cutting Contrasted Away From Mill City.

Brainerd, Minn., April 30.—(Special to The Herald.)—George Adecock has secured from the Parker-Kellogg lumber company of Minneapolis the contract to cut 1,500,000 feet of "deadheads" decked above the Mississippi River and taken from the mill.

The McKinley mill will be used to saw them. L. M. Deque, vice president of the Brainerd Lumber Co., is in charge of the contract for Mr. Adecock and having the work done in Brainerd instead of Minneapolis and so employment is given a crew of twenty men for a month or more and \$20,000 business is handled in Brainerd instead of in the Mill City.

PROGRESSIVE ORGAN.—Third Party May Start Newspaper in North Dakota.

Fargo, N. D., April 30.—(Special to The Herald.)—A new state insurgent Republican paper may be established in North Dakota if the plans of the members of that faction mature. There has been considerable discussion on the matter recently. Some favor the purchase of an established weekly that had a reputation along those lines.

It is proposed to organize a stock company, making shares as low as \$10 each so every progressive farmer in the state can take part in the movement. Then establish a state weekly to be converted later into a daily.

FARGO IS VOTING.—First Election Under Commission Form Is Being Held.

Fargo, N. D., April 30.—(Special to The Herald.)—This is election day in Fargo and after several years of effort the advocates of a commission form of government have won the day. The election is being held to select members of the commission. There is no opposition to H. F. Emery for the presidency and sev-

eral, threw open the doors, ran out a touring car, lighted the lamps, cranked the engine, jumped in, squeezed the horn, reeled into the street and escaped, despite the screams of Mrs. Gerde, according to the police. The automobile has not been recovered; neither has the thief been captured.

BONFIRE STARTS BAD CROSBY FIRE

Nine Cottages in Lakeview Addition Burned—No Life Loss.

Crosby, Minn., April 30.—(Special to The Herald.)—A bonfire in the rear of the home of Thomas Jarvis in the Lakeview division, on the western edge of Crosby, got beyond control yesterday afternoon and burned the Jarvis and eight other cottages, involving a loss of several thousand dollars. No lives were lost, but there were several close calls. As the fire was beyond the water mains it was impossible to check the progress of the flames.

The losses follow:—George Nelson, cottage occupied by Thomas Jarvis; \$500 building; \$250 household goods; insurance, \$250. Fred and Johnson, loss \$800; no insurance. Oscar Forslund, cottage, loss on building and contents, \$600; insurance, \$200.

Edward Ramvick of Duluth, cottage occupied by two foreign miners; loss on building, \$1,000; insured for \$800; the contents, \$200.

Eric Mattson, cottage used by him as a boarding house; loss, \$2,800; insurance, \$1,500; most of contents were burned.

W. S. Pitt, cottage occupied by Emil Peterson; loss, \$600; insurance, \$400. E. B. Gayley and W. S. Pitt, cottage occupied by Frank Antilla; loss, \$350; insurance, \$600.

Emil Turunen, cottage; loss, \$700; insurance, \$600. J. S. Le Duc, cottage occupied by Joseph Smith; loss, \$1,300; insurance, \$1,000.

At Third Ave. West.

on ten candidates seek the other four places, among them a number that are especially well fitted for the contest. The indications are that despite the multiplicity of candidates the vote will be little over normal. The forenoon vote was lighter than had been anticipated.

The poll close at 5 p. m. The corrupt practices act prevented electioneering and made the contest more quiet than municipal elections have usually been in this city.

Berliner Wins Balloon Race.—Dresden, Germany, April 30.—Hans Berliner, pilot of the balloon Nieder Schenck, which landed at Avenches, Norway, yesterday, has been adjudged winner of the eliminator race started on Sunday for the choice of the representatives of many nations to compete for the Gordon-Bennett international balloon cup, to be held in France in the autumn.

Eric, of the Braunschweig II, and Hugo Kauten, with the Gladbeck, who landed in Northern Denmark, probably will complete the German team.

HYOMEI RELIEVES IN FIVE MINUTES

Help Comes Quickly When Hyomei Is Used for Catarrh.

Quick relief comes from the Hyomei treatment for catarrh and all troubles of the breathing organs, such as stopped-up head, sniffles or morning choking. Put a few drops of liquid Hyomei in the pocket inhaler that comes with every outfit, and before you have used the treatment five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills the catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health.

Hyomei is not a cure-all; it has but one aim, the relief of catarrh and drooping in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, or any other symptoms of catarrh, use Hyomei at once. It will destroy the disease germs in the nose, throat and lungs, and give a quick and permanent relief.

If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, drooping in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, or any other symptoms of catarrh, use Hyomei at once. It will destroy the disease germs in the nose, throat and lungs, and give a quick and permanent relief.

Hyomei does not contain cocaine or any habit-forming drug. The complete outfit costs \$1.00, extra bottles if later needed 50 cents. Boyce drug store and druggists everywhere.

HYOMEI RELIEVES IN FIVE MINUTES

Help Comes Quickly When Hyomei Is Used for Catarrh.

Lack of Appetite

When you have no appetite and even the sight of food is nauseating, you will have to build up your blood to get lasting relief. No amount of dieting, stimulating drugs or any treatment that overlooks the blood will help you for any length of time.

You can, however, always build up the blood with Dr. Williams' Pink Pills. You can be certain they will make the blood richer and purer with every dose. This healthy blood will help to make your stomach strong and well. Dr. Williams' Pink Pills offer lasting benefit to every sufferer from indigestion.

MINNESOTA BOOSTER.

J. H. Sanders of Roseau Glad to Be Back From California.

Crookston, Minn., April 30.—(Special to The Herald).—A hale and hearty Civil war veteran, one of the oldest pioneers in this section of the country and the owner of considerable land in this part of Minnesota, is J. H. Sanders, who platted the original plot in what is now the townsite of Roseau. Mr. Sanders is a great booster for Minnesota. He has just returned from California where he spent the winter and could scarcely express the joy which he felt in being back in his home state. The severe frosts in California he said have ruined practically 50 per cent of the citrus crops and that as a result of the frosts the ground around the lemon, orange and grape fruit trees was practically littered with blighted fruit.

Sanders was a sergeant in Company A of the Fourth Minnesota Infantry

and fought through the four years of the war. He will open up a real estate office at Roseau and will make that place his headquarters for the summer.

TACKLE COUNTY SAFES.

Burglars Try to Blow Out Tail County Strong Boxes.

Fergus Falls, Minn., April 30.—Discovery was made Tuesday that some time during Monday night burglars attempted to blow the safes in three of the Otter Tail county offices in the courthouse here. The offices entered were those of the county treasurer, the judge of probate and the auditor. There is nothing missing, although the records in some of the old safes had been tampered with.

Villanueva Re-Elected. Buenos Ayres, April 30.—Donito Villanueva has been re-elected vice president of the Argentine senate.

Whether it's Shoes, Oxfords or Pumps

We have them for your summer comfort.

Dainty Pumps for ladies in White and Gray Nubucks, with covered heels of the same material, also a number of different styles in black, dull leather and patents—

JEFFERSON MEMORIAL IS DEDICATED ON LOUISIANA PURCHASE ANNIVERSARY

ST. LOUIS, Mo., April 30.—The 110th anniversary of the signing of the Louisiana purchase treaty was observed in St. Louis this afternoon by the dedication of the Jefferson Memorial building, a \$150,000 structure at the entrance to the old Louisiana purchase exposition grounds in Forest park.

Incidents of the dedication were to be the unveiling of a marble statue of Thomas Jefferson and of a bronze group representing James Monroe and Robert Livingston, the American ministers who negotiated the purchase treaty, and Marbois, the French minister for foreign affairs who signed the treaty for the Napoleonic government.

A congressional delegation of five senators and nine representatives is here to take part in the ceremonies, as also are Governor Dunham of Illinois and Governor Mador of Missouri.

Descendants Take Part. Miss Natalie Norton of Elkhart, Mo., a descendant of Thomas Jefferson in the sixth generation, was selected to unveil the statue. Mrs. Dixie Wells Manning of St. Louis, also a descendant of Jefferson, was to unveil the Louisiana treaty group.

The memorial was to be presented by David R. Francis, president of the exposition company, and to be accepted by Mayor Kiel. Prof. William M. Thornton of the University of Virginia then was to deliver the oration of the day in a review of the official acts of the signer of the Declaration of Independence. Tuttleman, State Senator Jones of Washington will make the closing address.

Today was a holiday, the banks and public buildings closing at noon and many business houses also closing. The schools were dismissed. The day was bright and warm.

The celebration will close tonight with a dinner in honor of the distinguished guests.

Temple of Stone.

The Thomas Jefferson memorial forms, with the St. Louis Art museum, the most striking legacy of the world's fair of 1904.

The memorial—a temple of stone—stands at the main entrance to the old world's fair grounds in the western part of Forest Park, the city's largest playground, and almost at the foot of the hill on which stands the fine arts gallery of the exposition, the one permanent building of the great fair of nine years ago.

The Jefferson memorial has a frontage, including the central arch and the two wings, of 330 feet. The arch is about seventy feet deep, the ground dome that surmounts it is sixty feet in diameter. Each wing is fifty-five feet deep. Within the arch is a colossal statue of Thomas Jefferson, carved from Italian marble, the work of Karl Bitter, who was director of architecture at the Louisiana Purchase exposition.

Leading to the Jefferson statue, high on the open dome, is a facade of six mammoth pillars. In one wing of the building is Jefferson hall, a room in which conventions or meetings of patriotic societies may be held. Three rooms around Jefferson hall are to be converted into a museum for the records and relics of the Louisiana Purchase exposition.

In the opposite wing will be housed the collections of the Missouri Historical society. In this collection are the priceless library of the original Louisiana purchase territory, an accumulation of the historical society which contains thousands of manuscripts, letters and diaries illuminating the history of the trans-Mississippi country; an Indiana collection of more than 30,000 pieces; and oil

JEFFERSON STATUE, ST. LOUIS.

The memorial is a combined monument to the memory of Thomas Jefferson and a commemoration of the acquisition of the Louisiana territory. It is the only monument of Jefferson of any consequence in the country. It stands on what was the site of the main entrance of the World's Fair. The monument cost \$150,000 exclusive of ground. The cornerstone was laid May 1, 1911. The statue is the work of Sculpture Karl Bitter.

paintings of the governors of Missouri and of many persons prominent in the history of the Louisiana territory. Among the relics is a sun dial from the Jefferson home at Monticello.

How It Was Paid For. The building cost approximately \$150,000. This sum came from three sources—the Federal government, the Louisiana Purchase Exposition company and the city of St. Louis. The \$150,000 represents the balance remaining from the exposition company's account after the balance of \$5,000,000. The original appropriation provided that after the exposition company's account was liquidated, as much of the surplus should revert to the government as was possible. A similar proviso was made by the city of St. Louis in the exposition bond issue. In lieu of the reversion of the surplus to the or-

iginal parties to the exposition, Congress, the directorate and the city agreed to use the fund for the building of a lasting memorial to Thomas Jefferson. The city gave the site, the exposition company a work in which \$2,000,000 has been expended.

The memorial building, last winter, formally was turned over to the city and it now is under city control. The surviving directors of the world's fair have been organized into a board of trustees to look after the relics of the exposition. They also have been made members of the Missouri Historical society, which will continue to look after its own collection. The care of the building will be under the direction of the city park commissioner.

Railroads

DAMAGE DONE

BY THE FLOODS

Disaster Cost the Pennsylvania Lines Alone

\$3,610,000.

Samuel Rea, president of the Pennsylvania Railroad company, authorizes the following statement regarding flood damage:

"It is now possible to state the extent and to estimate the cost of the damage to the Pennsylvania lines west of Pittsburgh caused by the recent floods in the Middle West."

"Twenty-four bridges were destroyed and fifty were damaged covering a total of about a mile and a half of single track. The cost of replacing and repairing these bridges will be about \$1,145,000."

"In order that the movement of trains should not have to await the permanent replacement of bridges, it was necessary to construct immediately an amount of temporary trestle work equivalent to 128 miles of single track at a cost of about \$362,000."

"The length of road requiring repairs amounted to 162.23 miles, affecting 213 miles of track. The estimated cost of the repairs will amount to some \$1,587,000."

"Including the above and adding the cost of damage to stations, equipment, telegraph lines and other property, the total loss on all Pennsylvania lines amounts to \$3,610,000, divided among the various companies as follows:

Pennsylvania Company..... \$1,940,000
Pittsburgh, Cincinnati, Chicago & St. Louis railway..... 1,400,000
Grand Rapids & Indiana railway..... 28,000

Totals..... \$3,610,000

"The above items of expenditure, under the rules of the interstate commerce commission, are charged to operating expenses but not compulsorily included in the year's incurred. It should be borne in mind, further, that these losses take no account of the reduction in revenue for March and April due to the very serious interruption of traffic, though the lines have

now been restored to normal service, and customary gross earnings are again being realized."

"The officers and the employees of the Pennsylvania lines west of Pittsburgh have done remarkably efficient work in restoring their lines to service. Immediately the seriousness of the storm damage was known, the company placed all its facilities at the command of the state authorities of the afflicted area."

"Simultaneously, most energetic efforts were instituted to repair the various lines and reopen them without delay to the service of the public. That this work has been done so promptly, so carefully, and with such freedom from casualty, reflects every credit upon the officers and employees faced with responsibility for meeting this extraordinary emergency."

"No event in the history of railroad-ing in this country has shown more commendable cooperation for the railroads to be permitted to earn sufficient revenue not only to make reasonable return on invested capital but also to have a surplus sufficient to meet emergency expenditures. Like these efforts to improve the properties in those respects which, even if not adding to gross revenue, make the lines better adapted to withstand the ravages of storm and flood and the better able to perform their duties to the public with efficiency and satisfaction."

SOO LINE ORDERS NEW EQUIPMENT

Nearly \$4,000,000 Will Be Expended for Locomotives and Cars.

At a cost of \$3,742,059 the Soo Line, in preparation for an expected increase of traffic and greater demand for rolling stock this year will add 2,295 cars to its equipment.

General Manager George R. Hunt-yesterday gave out the figures showing that the equipment order of the road for 1913 will mean. The total follows:

Twenty-five locomotives; 1,500 40-ton box cars; 200 40-ton flat cars; 200 40-ton flat cars; 300 50-ton steel ore cars; twenty eight-wheel cabooses; fifty coaches, sleeping cars, dining or buffet cars, observation cars or other cars for passenger service.

The addition of twenty-five locomotives to an existing motive power equipment that is proportionately large and of high efficiency is a significant feature, as is the ore car provision, the latter suggesting expectation of Cuyuna range mining activity. The addition of 200 ballast cars relates in part to new construction work in North Dakota that the road has started, that will eventually carry the line across Montana to a connection with the Canadian Pacific above the northwestern end of that state.

TELL RAILROADS' SIDE OF PROBLEM

Bush, Brown and Delano Talk at New York Meeting.

New York, April 30.—Revenue increase for railroads is necessary if the country's traffic is to be handled properly, Benjamin Bush, president of the Missouri Pacific railway, declared in an address before the Economic club last night. Railroad expenses have increased steadily in recent years,

HOW TO REFORM DRINKING MEN

Send Them to the Superior Neal Institute for Three Days.

Reforming drinking men is not accomplished by fines. When the craving for liquor becomes stronger than the will-power, have him take the Neal treatment. In three days his appetite, craving and physical necessity for alcoholic stimulation will be gone. He will not drink nor want to drink.

The Neal Treatment is a harmless, vegetable remedy always administered internally—no hypodermic injection—which will never fail to give satisfaction. When the craving for liquor is eliminated all alcohol and neutralized its functional effect upon the body. The cure is accomplished at a cost of three days and necessity for drink is gone.

For full information call at the Neal Institute, corner Belknap and West Seventh street, Superior, Wis.

Moved to 18 and 20 Lake avenue north.

Boston Music Co.

May Re State Engineer.

McClusky, N. D., April 30.—(Special to The Herald).—Editor McClusky, who operated weekly papers at Den-hof and Goodrich, may be the next state engineer, if Governor Hanna has offered him the position if he wishes it. The office is vacant because of the recent resignation of State Treasurer Atkinson, who wished to engage in private work.

Street Car Strikes Wagon Load of Pianos

Near Korby Piano Warehouse at 628 Garfield Avenue.

Motorman Unable to See Driver of Piano Truck in Time—No One Was Injured.

The carelessness of a driver in passing a street car standing in front of 628 Garfield avenue nearly cost the life of one man today, and causing a street full of wreckage—a musical wreck—as the truck was loaded with pianos being moved to the warehouse of the Korby Piano Company, which is getting ready for a closing out sale to start next Monday. Fortunately the driver had presence of mind to put on full speed, when realizing an accident was inevitable, and the car struck the rear end of his truck and he escaped with only a big jar, causing the key note of all pianos to respond instantly, thereby attracting a good sized crowd in the vicinity. No great damage was done.

The Korby Piano Company warehouse is the busiest place in Duluth this week. Another carload has arrived from International Falls, all being placed on the floor of the final closing out sale, following Mr. Korby's announcement of retiring from the wholesale business of Duluth. The sale opens at 9 a. m. Monday, May 5th, 1913, and from present indications as to the interest it has aroused among prospective piano buyers, only a few days will be required to sell everything in stock. Mr. Korby states "everything must go regardless of cost, quality or terms, and our record of 15 years in Duluth will demonstrate to all our reliability." Adv.

The best answer to the young man's clothes question.

Selections this Spring are better than ever, so is the style, the workmanship and the true value of these COLUMBO Suits.

WANTED—ELEVATOR MAN for Columbia building. Inquire of O. L. Sherman, engineer.

At Third Ave. West.

building the roadbed on the Superior division from Boylston to Coon Creek, the southern terminus of the division. All cuts on the line will be considerably widened and the earth taken out used to fill and widen the embankments in the low places. The line will also be entirely realigned.

The work which starts tomorrow, together with the laying of new steel on the line, will amount to the rebuilding of the Superior-Twin City main line of the Hill road. The new steel has already been laid from Boylston to Hinckley.

With the roadbed widened out, the Great Northern will be in a position to double-track the Twin City line at any time, with no interference with the traffic. The improvement is now understood to be under consideration.

The Mesaba division is now double-tracked all the way from Superior to Swan River, the last section of double track between Congo and Wadena having been laid this winter.

BETTER CEREAL RATES.

Are Sought By Jobbers From State Railroad Commission.

St. Paul, Minn., April 30.—Urging that the state railroad and warehouse commission eliminate cereals, such as oatmeal, from the grain rates and apply class rates to this character of products, a delegation of St. Paul jobbers and railroad men appeared before that board Tuesday. Because of the absence of two of the commissioners, the hearing was adjourned until May 7.

It is alleged that the present system of shipping cereals on the same rate as the grains from which they are made discriminates against Minnesota and the Northwest in favor of large Eastern dealers.

Those present at the meeting included St. G. Brown of the Rock Island road, F. S. Holland of the Great Western, W. P. Trickett of the Minneapolis & Commerce association, G. R. Reed, Gowan-Lanning-Brown company, Duluth; L. Richards, Quaker Oats company, Chicago, and J. W. Cooper of Griggs, Cooper & Co., St. Paul.

GREAT NORTHERN TO IMPROVE ROADBED.

Two steam shovels and complete auxiliary outfits will be placed in commission on the Superior division of the Great Northern railway tomorrow for the purpose of widening and re-

**CHEAP RIDES
IN TWIN CITIES**

All Firemen and Policemen
Carried on Cars for
\$4 Yearly.

Similar Agreement May Be
Made With the Local
Company.

St. Paul and Minneapolis city au-
thorities have entered into an agree-
ment with the Twin City traction com-
panies whereby the uniformed police-
men and firemen of the respective
municipalities are carried under a
contract price of \$1, or \$4 for the four
departments, for three years.
The chiefs of the fire department
and the police department of each city
yesterday paid \$4 to President Horace
Lowry of the Twin City lines in pay-
ment for the transportation of the
uniformed police and firemen. This
action is made possible under a recent measure passed
by the legislature. Under the anti-
monopoly law it has been unlawful to carry
any one at a less rate than the going
charge. The bill makes it legal for the
street car companies to transport
uniformed firemen and policemen
under a contract which is less than the regular fare. The pay-
ment of \$1 each by the Twin City de-
partments is to comply with the law.
A statistician has figured it out that
the cost of carrying each man will be
\$3.00005 per ride.
Commissioner Hicken, head of the
division of public safety, said today
that he has not yet received a copy of
the new law, but that he would take
the matter up with General Manager
Warren of the Duluth lines at the
earliest moment. Manager Warren
said this afternoon that the proposi-
tion has not been laid before him and
that he is not familiar with the new
law. He was unable to state what
action would be taken in Duluth.
In view of the action of the Twin
City companies, which are closely al-
lied with the Duluth corporation, it is
deemed likely that a similar arrange-
ment can be made here. The men are
naturally anxious that such an ar-
rangement can be made.

CITY BRIEFS

M. L. Stewart Company,
Successors to Tilling-Stewart Co.,
Printers, Designers, Lithographers.

Given Job on Farm.
Charles Lauren, 75 years old, was
arrested by Patrolman Brouillette on
the Bowery last night and was rescued
from the police this morning by Patrol-
man Satterquist. The latter has a
farm a few miles back of Lakeside, and
when told that he would be wanted
to work he offered him a job. When
the police were present at the court,
Lauren was given a suspended sentence
after he had pleaded guilty to begging.

Judgment Against Dowling.
Default judgment for \$3,408.20 was
entered in district court this morning
against F. E. Dowling and in favor of
the Flager Brewing company. The
brewing company sued Dowling for
promissory notes, each for \$100, given
in October, 1909, and due a month
later, starting Jan. 1, 1910. One of
the notes was paid, it was claimed.
The principal sued for amounted to \$3,500.
The interest, 12 per cent, and other in-
cidental costs brought the amount up
to \$3,408.20.

Removal Notice.
The Penn Mutual Life Insurance
company, Henry Y. Plimpton, president,
has taken offices in 602 and 603 Prov-
idence building.

Struck By Street Car.
George Meserschmidt, an 8-year-old
schoolboy living in room 206 of the
Lowell block, was struck a glancing
blow by a street car crossing
Second street, between Lake and First
avenues east about 4 o'clock yesterday
afternoon. The boy was carried to St.
Mary's hospital where it was discov-
ered that his injuries consisted of
a fractured skull and a broken arm.
The boy is now in a serious condition
and is unable to return to school in a few days.

W. H. Gurnee.
Has moved his law office from the
Torrey building to 606 Providence
building, Grand street.

Workman Drops Dead.
Magnus Olson, 65 years old, dropped
dead while working on top of a lumber
pile in the yards of the Clonnet Lum-
ber company on the Duluth and
Eastern railroad yesterday afternoon.
The coroner was notified and the body
was brought to Crawford's morgue in this
city today.

Woman Forfeits Bail.
Mary Anderson, 32 years old, was
arrested in a Bowery hotel early this
morning on a disorderly charge. The
police reported that she and a male
companion were having a beer party
all by themselves. She forfeited \$25.

**PREPARING LIST
OF WAR VETERANS.**
Capt. W. H. Pressnell, deputy clerk of
court, is submitting the list of names
of the Civil war veterans who are
eligible to take the trip to Gettysburg
this summer to the G. A. R. officials in
Pennsylvania.
According to Capt. Pressnell about
twenty veterans of the war will take
the trip from Duluth and the range
towns. They will leave with the Twin
City delegation on a special train June
28, arriving at Gettysburg the after-
noon of June 30. A Minnesota camp
will be provided for the state delega-
tion.
Capt. Pressnell this morning received
a sample tag, which will be carried by
all the veterans for identification pur-
poses. On the card the old soldier will
write his name, address and camp and
whom to notify in case of an accident.

GLASS STRIKE ENDED.
Pittsburg, Pa., April 30.—A satisfac-
tory agreement has been reached be-
tween the representatives of the Amer-
ican Flint Glass Workers and the
United States Glass company, ending
the strike involving upwards of 4,000
men. The trouble started some time
ago when the workers demanded that
the glass factory were discharged because
of their alleged union connections.

**ADDITIONAL SPORTS
PREPARING TO
UNDERGO PROBE.**
Chicago, April 30.—The National
baseball commission at its meeting here
today, may take cognizance of the pro-
posed congressional investigation of
the alleged "baseball trust." It was
reported today. A statement insisting
on the guiltlessness of organized ball,
and a declaration that the players
reserve clause in players' contract, it
was probably would be the form
in which notice of the investigation
asked by Congressman Gallagher
would be taken.

Central Association Opens.
Muscatine, Iowa, April 29.—The tenth
annual baseball season of the Central
association, was inaugurated under
most favorable conditions this after-
noon. Parades and processions marked
the initial games of the season in three
of the cities of the circuit, although
locally the annual parade was eliminat-
ed.
The new season opens with Burling-
ton at Muscatine, Keokuk at Ottumwa,
Cedar Rapids at Moline, and Water-
loo at Kewanee.

American Horse Third.
New Market, Eng., April 30.—The
2,000 guineas stakes was won today by
W. Rappall's Louisa. Crago, our
second and H. P. Whitney's Meeting
House third. Fifteen ran. The French
winner was ridden by Johnny Reiff and
the American horse by E. O'Neill, both
American jockeys.
The race was for 2-year-olds,
the colts carrying 124 pounds and the
fillies 121 pounds over a mile course.

Uniforms Recovered.
Chicago, April 30.—The uniforms,
bags and other articles necessary to the
paraphernalia, in the absence of which
the Cincinnati Reds lost a rather gro-
tesque game with the Cubs yesterday,
arrived here today.
Meanwhile the resentment of the
victorious players against President Mur-
phy of the Cubs was wearing off, al-
though Mordcaid Brown, former Cub
and present Red, declared that Mur-
phy's refusal to lend excess accounts
to the visitors was not "clubby."
—nor was it even "syndicate."

The real reason underlying Murphy's
refusal is said to have been the super-
stitions of his players on a great num-
ber of subjects, including the loaning
of "tools" of the game.
"Doc" Semmens, who signed with
Tinker after he had resigned from the
Cubs by means of a swindle to Manager
Evers' jaw, is held responsible for the
loss of the baggage. He was given a
handful of claim checks at St. Louis.

**HUNDREDS OF
GIRLS NEEDED**

Free Employment Bureau
Alone Has Positions
for 160.

Wages of \$12 to \$35
Monthly Offered for Do-
mestic Service.

A scarcity of working girls, such as
never before has been felt in the his-
tory of this city, is now manifesting
itself, according to statements given
out at the various employment houses
in Duluth. At the state free employ-
ment bureau, Mrs. Agnes Atwood
stated that she now held applications
from 160 homes in the city, 100 of
whom would pay girls from \$12 to \$16
per month and sixty of which offered
wages of from \$20 to \$35 per month.
"There are absolutely no girls to be
had," said Mrs. Atwood this noon. "We
are able to place 150 girls in good
homes to do general housework if we
knew where to get them. We also
have many jobs paying good wages
for first and second cooks, scrub girls,
chambermaids, laundry work and other
special work."

The shortage of girls is not felt in
Duluth alone, according to Hugh Jen-
nings, of Minneapolis, state superinten-
dent of the Minnesota free employment
bureau, who is visiting in the city. The
Twin Cities are demanding more girls
for this class of work, there being pos-
itions open now for 500 of them if the
girls apply.

"There is a shortage of both men and
women in the three cities," said Mr.
Jennings. "High wages and good liv-
ing surroundings do not appear to at-
tract any more. There appears to be
very few people out of the city who
Mr. Jennings complained of the neg-
lect of the legislature to raise the ap-
propriation for the free employment
bureau. "The legislators do not seem
to realize that the free employment
bureau is no longer an infant, but a
fast growing institution which is ex-
panding to every part of the state," he
said. "The same appropriation was
apportioned for this year as was given
the bureau eight years ago. The bureau
placed 60,000 men and women in pos-
itions."

"In the state of Illinois it cost 61
cents to place each applicant in a pos-
ition last year. In this state it only
cost 19 cents. The condition is a trifle
different in Minneapolis and St. Paul,
where there are probably 500 men who
cannot do hard labor. For these posi-
tions of lighter employment, such as
beating carpets, assisting about the
house, factory or business place are
found. Without the bureau these men
would be thrown upon the state to be-
come permanent charges. Now they
are able to earn their living."
"In spite of all this the bureau is
allowed to go along as best it can in
its crippled condition."

**SHIP TACOMA, at the Bremerton na-
val station in Washington. The load
is valued at \$225,000.****OBITUARY**

Prof. Erich Schmidt, a former rector
of Berlin university, died in Berlin
April 20 in his 80th year. He was one
of the strongest opponents of co-edu-
cation at universities.

Rosecoe J. Bronson, aged 50 years,
presently of the bank at Stillwater, Minn.,
and well known throughout the north-
west, died at a hospital in St. Paul,
April 29, after several weeks' illness.

**EXCUSE DOESN'T
GO WITH JUDGE**

Anton Erickson, bartender at the
Saratoga saloon on the Bowery, does not
appeal to Judge Windom as a person
who hands orangeade, etc., over the
bar.
When he was tried yesterday on a
charge of selling liquor to Edward
Krause, an 18-year-old boy, he al-
leged that he had furnished him only
a soft drink. "From his looks he
would topple over if anybody walked
up to the bar where he was working
and asked for orangeade," commented
the court.

Erickson was found guilty as charged
and paid a fine of \$100. Emil Lund-
gren, the other bartender arrested on
the same charge, was found not guilty
and discharged. It seemed that the
police reported that she and a male
companion were having a beer party
all by themselves. She forfeited \$25.

**LITTLE TAKEN
EXCEPT CLOTHING**

Mrs. O. L. Mather of 201 South Twen-
ty-first avenue east has returned home,
having been called back from a vaca-
tion by the news that robbers had
broken into her home and taken a
number of articles.

Mrs. Mather states that the three
men who were arrested by the police
could not have spent three days in the
house as reported, as there was a car-
taker left in charge to keep a furnace
fire going and neighbors watched it
also. The cartaker reports that he
left the house Saturday afternoon, and
that on Sunday morning he discovered
the robbery. The burglars broke
through a basement window, into the
garage, a revolver, flashlight and a
door, and at the top of the cellar stairs
broke a glass door. They probably
spent part of Saturday night in the
house, making their exit by the Kitchen
door.

The principal articles taken were
Mrs. Mather's clothes. They also took
some canned food, a gold-filled match
case, a revolver, a flashlight and a
few other articles. Burglar insurance
was carried by Mrs. Mather.

"Our East end has had a number of
such robberies," said Mrs. Mather to-
day. "The penalty for house break-
ing in this state is a severe one, and I
believe that if the class of men
who make a practice of prowling
around our houses knew that they
were liable to five or ten years in the
state's prison, they would hesitate to
trespass."

Big Gang in St. Paul.
St. Paul, Minn., April 30.—Three flat-
cars conveying fifteen battleship turret
guns passed through here today en
route to New Bethlehem, Pa., where
they will be enlarged and improved.
The guns were removed from the bat-

CITIES ARE DOING

Municipalities, Which Might or Be Copied in Duluth.

when they would muchly prefer to resting in the arms of Morpheus.

ASK TIME FOR DISSOLUTION

Washington, April 30.—Attorneys the Union Pacific have fled with supreme court their brief in reply Attorney General McReynolds' objections to a longer extension of the than July 1 for an agreement on dissolution plan.

The railway lawyers contended

Public interests, the attorneys claimed, would not be affected in slightest degree by any delay in ultimate disposition of the stock.

promoted by standpat Republicans. If the Progressives should go back to the Republican party, the very same national committee which robbed them of an overwhelming victory at the Chicago convention last year would have exactly the same power to control the convention in 1916, and the

Hackett's father was in the barn with a tramp. Hearing a noise outside, he investigated and found his daughter's body. The tramp was arrested, but released when no evidence was developed against him.

A story resembling the one attributed to Dunbar was printed here

Judge Thomas Bates of Chicago, is looking after the insurance companies' interests, has stated, in name of his clients, that the risk of his old law, obtaining a re-

The resolution declared that the

The meeting was preceded by a dinner, which was attended by nearly all members of the club. W. H. Winfield presided and short talks were made by Mayor W. I. Prince of Duluth and B. M. Rastall, secretary of the industrial bureau of the Commercial club.

appeal might be made to him. Perhaps, only perhaps, he might be induced to chloroform a few of them. For that they are numerous in localities is unquestioned, particularly by light sleepers and nervous persons who have been "entertained" by

Public interests, the attorneys
